PASSENGER LAWS.

We have for sale at the desk of this office all the Laws now in force, including the recent enactments passed by the late Congress, and Circulars from the Treasury Department to Collectors, &c. relative to the Carriage of Passengers in merchant vessels, regulations thereof, ventilation, &c.—published in neat pamphlet form. As this is a matter of great importance to masters of vessels, none should leave the Port without one or more copies in their possession.

☞ The U. S. mail steamer Washington, Floyd, will leave here Friday for Southampton and Bremen. Letter bags will be kept open at the usual places until half an hour before her departure.

FLOUR AND MEAL—There has been a pretty good demand for Western Flour since our last, both for home use and export, and prices for the most part have been sustained, though the common grades Michigan and Wisconsin, being most liable to sour, closed heavily at a decline of 6¼ cents; Ohio is in request, and now commands more than the usual difference with Michigan, being wanted for export to England. The sales of Saturday were 5500 bbls. 1500 for export; Monday, 6500 bbls. 2000 for export; and yesterday, 9000 bbls. 5000 for export, including Sour and Fine within our range, and all the good Ohio to be had at $5. French Lemons, 20 cases Genoa Citron, 25 bbls. German Hemp Seed, and 10 ceroons Bitter Shelled Almonds, on terms we did not learn.

Rye further advanced Monday to 57 @ 57½ cents, with sales of 4500 bushels, but closed heavily, and cannot be quoted over 56½ delivered. Oats are in fair request at 33 @ 34 cents for River and Canal. MATS—A sale of 25 bales No. 1 Alicante Door has been made at $6.25, cash.

MOLASSES—Is in very moderate request, and the market is quite dull; we notice, sales of equal to 300 hhds. Nuevitas, and a cargo of 50,000 gallons New-Orleans, on terms not transpired; and 60 hhds. Cuba Muscovado, 21¼ cents, 4 mos.

NAVAL STORES—We notice further sales of 1600 bbls. North County Turpentine at $2.50 ℘ 280 lb.; 2000 Wilmington common Rosin, 90 @ 100 cents; 500 North County do from vessel, 80; 7 @ 800 No. 1 White, $3,25 @ $4,50, mostly by weight, 280 lb.; and a few hundred bbls. The Metamora, from Mobile, has 237 bbls. Rosin, and 79 of Turpentine.

OILS—Whale continues to be held firmly, and the market has advanced; the sales consist of 1000 bbls. for export at 36½ cents; and 1500 do. for home use, 39¼, cash. English Linseed is very firm, and as the stock is light and in few hands, holders have been enabled to obtain an improvement for small parcels, which have commanded 58 @ 59 cents. 3000 gallons being taken at the higher rate yesterday; best American can now only be quoted 58 @ 59, cash, in casks and bbls. Olive is dull, and we have but to notice sales of 200 bskts. Marseilles, quarts, at $2,75, cash; and pints, (two dozen,) $4,25, less 3 ℘ cent. for cash. The invoice of Palm recently received at Baltimore, has changed hands on terms we did not learn; another at Salem comprises all the stock in the Country in first hands. 100 bbls. Winter Sperm brought $1,15; Refined Summer Whale, 50 cents, and Winter, in lots, 55, 4 mos.

PROVISIONS—Ohio Pork has continued inactive since our last, and the sales have barely reached 1200 bbls. at $9 for Prime and $10,62½ @ $10,75 for Mess, the latter rate for small lots; Prime at the close could have been bought at a somewhat lower price. For Beef, there has been a good demand, and the market is higher; the sales are 1250 bbls. mostly Chicago Mess at $13,12½ @ $13,50, but including good River at $12,75 to near $13; there is now no Prime and no common Country Mess here, and $13 is probably the lowest rate at which good Country can be obtained. Rochelle, $1,20 @ $1,25; 15 do. and 20 qr. casks Bordeaux, 95 @ 105 cents, according to packages; a few pipes Holland Gin, 95 @ 105; 10 puncheons St. Croix Rum, 75 @ 80; and 5 Jamaica, $1,60, 6 mos. Domestic Liquors continue to advance; Whiskey is again ½ a cent higher, and other kinds in proportion; the sales of Whiskey are 900 bbls. at 24 @ 24½ cents for Ohio and State Prison, closing at the latter rate for both descriptions.

SUGARS—Continue quite dull, in prices, however, we have no change to notice. The sales include 250 hhds. Porto Rico at 4¼ @ 5¼ cents; 350 Cuba, 4¼ @ 5¼; 200 New-Orleans, 4¼ @ 4¾; 50 bxs. Brown Havana, 5¼; and 60 do. choice Yellow, 6¼, 4 mos.

HAYTI.

TRADE OF CAPE HAYTIEN.

The Leander, at Boston, from Cape Haytien 28th ult. reports produce coming in slowly, the Coffee crop being almost at an end.

A new edition of the Monopoly Law had just been published, by which the Government had raised the price of Coffee to the merchants from $27 to $29 ℘ 100 lb. and Cotton from $28 to $30 ℘ 100 lb. without making any alteration in the tariff fixing the prices of sale of the monopolized articles of foreign merchandise. The trade of the Island is almost destroyed, owing to the vexatious restrictions imposed on it by the Government.

LIVERPOOL MARKET.

(PER STEAMER NIAGARA)

Liverpool, June 29, 1849.

Cotton—An extensive business has been done in our Cotton market this week, and we have to advise a further advance of ⅛d. @ ¼d. ℘ lb. The quotations are 4½d for fair Upland and fair Mobile; 5¼d. for fair Orleans; and 4¼d. @ 4½d. for middling qualities. This fresh impulse is attributed mainly to the accounts by the last American steamer, which are thought to indicate greater probability of the growing Crop being curtailed. The demand was particularly active for a day or two after the arrival of the steamer, but yesterday and to-day it has been comparatively moderate, with an increased quantity offering, and the extreme rates of the early part of the week scarcely sustained. The sales amount to 74,190 bales, of which 20,000 are put to the account of speculators, and 4000 for export; and the American descriptions consist of 17,360 Upland at 4d. @ 5d.; 30,200 Orleans at 3½d. @ 5½d.—with 40 at 6½d.; 13,340 Alabama and Mobile at 4d. @ 5½d.; and 330 Sea Island at 7½d. @ 10½d. ℘ lb. The import in same time has been 112,600 bales, making the supply into Liverpool since the 1st January, 1,231,000 bales, against 960,000 to same period last season; in the supply of American the increase is 228,000; the stock in this port is now estimated at 731,000 bales against 635,000 last year at same period; the stock of American is about 550,000, being an increase of 64,000 bales.

Corn, &c.—There is rather more demand for Flour at 24s. to 25s. ℘ bbl. for Western of fair to prime quality, down to 22s. 6d. for inferior uninspected; Philadelphia and Baltimore, 24s. @ 24s. 6d.; and prime Ohio, 25s. @ 25s. 6d. American Wheat, 5s. 9d. @ 7s. 3d. ℘ 70 lb. For Indian Corn, the demand is but moderate, scarcely sufficient to sustain prices, and we quote both White and Yellow, 35s. @ 35s. 6d. ℘ quarter.

Naval Stores—The transactions in Turpentine this week amount to 1200 bbls. at 6s. 3d. for inferior to 6s. 6d. ℘ cwt. for good. Common American Rosin, 2s. 7d. @ 2s. 8d. ℘ cwt. at which 1000 bbls. have been disposed of. BROWN, SHIPLEY & Co.

Liverpool, June 29.

Ashes—150 bbls. Montreals have sold in small lots at 30s. for Pot and Pearl.

Bacon—With liberal arrivals, dealers have been disposed to wait. Holders are, however, very firm, and a fair business has been passing at 21s. to 34s. 6d. for ordinary Western, with 41s. for Baltimore-cured; 113 tcs. middles sold at 32s. to 32s. 6d. Fine Hams are scarce and inquired for; low and ordinary sell slowly at 17s. to 30s. Shoulders have met a fair demand at 15s. 6d. to 22s. 6d. but finer qualities are neglected. Coarse Meat is in very limited demand at low prices.

Beef—Demand limited, without change in value.

Butter—19 kegs United States Grease sold at 38s. 6d.

Corn, &c.—The weather has been cold, with high winds, and the prospect of a late harvest would appear to be confirmed. Potatoes are better spoken of, and rumors of disease are at present entitled to little credit. The quality of recent arrivals of States Flour proves very unsatisfactory, with few exceptions, and sales to some extent have been made at as low as 21s.

Linseed Cake—Is in very limited demand.

Pork—Sales limited to ordinary Western Prime Mess, at irregular prices—the demand being confined to the lower qualities.

Tallow—At about last quotations; South American selling at 33s. to 36s.; and P. Y. C. 38s. 6d.

Tobacco—Sales this month 947 hhds. and stock 11,950 hhds. against 16,140, date last year. An improved demand at firmer prices, and low Leaf is now scarce and dear in proportion to the better classes.

HAVRE MARKET.

Havre, June 27, 1849.

Ashes—No transaction since our last, and prices remain nominal at f.47 for New-York. We quote Pearl f.49.

Bark, Quercitron—Languid at f.15 @ f.16 for both Baltimore and Philadelphia.

Coffee—Demand regular, but mostly on speculation. The advices from the Northern ports continuing favorable, have tended to improve its position.

Cotton—There has been a good deal of activity this week, and the receipts were important. The Caledonia's accounts have rendered our holders much firmer, and our stock decreasing, buyers were eager to purchase *at the going rates*; in consequence, pretty nearly all on sale has been *realized at a raise of f.4, and on Thursday,* the transactions reached 3500 bales. Since then, the arrival of about ten Cotton laden ships has furnished our market with additional supplies, a limited portion of which was classed for sale and brought up immediately, the sales reaching 1000 to 1200 bales per day, with prices in favor of buyers. Sales of the week 9644 bales, against 21,251 imports, and stock 40,731 bales. The sales are 4439 bales New-Orleans at f.57 @ f.82; 1907 Mobile, f.63 @ f.80; 2600 Upland, f.63 @ f.78; 19 Pernambuco, f.85; 256 Hayti and Tinivelly, f.57 @ f.63; 88 Bengal, f.53; and 335, to arrive, f.59.

Hides—Continue exceedingly dull, and sales very limited; the considerable receipts coming in daily keep prices down.

Indigo—Sales, 39 chests Bengal at f.6.50 @ f.7 10.

Lard—330 bbls. American have been disposed of at f.53, a slight improvement.

Oils—Whale continues firm at f.41.50 @ f.42—15 @ 20,000 kil. having found buyers at these rates.

Peruvian Bark—We notice a further import of 290 ceroons from New-York.

Rice—Languid; 200 tcs. sold at f.26. Stock exceedingly heavy.

Saltpetre—Continues very dull.

Tallow—Is in pretty good position, notwithstanding the considerable supplies of Buenos Ayres, and prices are steady. Sales 150 bbls. 50 casks and 500 cases at f.56 @ f.57. Russian is firm at the above rates, and American is quoted f.54 @ f.58.

Tapioca—10 bbls. from Rio, found buyers at f.80, duty paid.

Terra Japonica—450 bags of the 1290 by Argo have been disposed of at f.28 @ f.30.

Whalebone—The sales are confined to 8700 kil. North Western at f.210 @ f.212.50. Stock about 56,000 kil. Superior would fetch f.210 @ f.215, and ordinary, f.200 @ f.205.

Woods—No transactions to notice.

Havre, June 28.

Cotton—Yesterday, after the receipt of New-York dates to 13th inst. by the Niagara, a fair demand sprung up, and 3500 bales changed hands at an advance of f.1. To day, the sales amount only to 800 bales, but prices remain the same. The arrivals since yesterday have been 15,000 bales. Stock 46,000 bales.

Other Articles—Little done in Rice, Ashes and Whalebone. Coffee and Sugar are in fair request, but all other produce is neglected. The weather continues very fine, and crops are generally promising. We just hear of a sale of 25 bbls. Pot, deliverable by the Zurich, at f.46. Some Whalebone at f.210; and 260 bbls. N. O. Tallow at f.57.—*Com'l Adv.*

AMERICAN STOCKS.

London, June 29, 1849.

GALES, DISASTERS, &c.

Schr. *Alexander*, Neall, from Philadelphia for New-Haven, cargo coal, was run into night 14th inst. while at anchor off South-st. wharf, by steamer *Otis*, which suffered in bulwarks considerably. The schooner lost cutwater, bowsprit, &c.

Schr. *Adelaide*, Colman, of Saybrook, from Apalachicola, with a cargo of pitch pine, struck on Bartlett's Reef 9th inst. Capt. Avery, of schr. Thomas Peterkin, went to her assistance, and after taking off part of deck load, the A. was got off next morning, making no water.

Brig *Fabius*, Watson, of Warren, R. I. from Savanilla 24th May, for this port, with an assorted cargo and $10,000 worth of gold; night 27th, saw breakers at three ships' length from the brig, and before anything could be done to prevent it, struck on the Reef, the sea making a clear breach over her, and at sunrise she bilged and filled. The crew arrived at Belize, Hond. 4th ult. She is insured partly in this city and in Warren—three fourths of the gold was saved.

The American steamer *Santa Cruz*, Smith, which left Rio Janeiro for California, about May 22d, foundered at 2 A. M. a day or two after, when nine leagues distant from Marambia. It seems that she had met with very heavy weather, sprung a leak, and went down so quick that the crew had scarcely time to get out the boats. All hands were saved, and arrived at Mangaratiba on the afternoon of the same day. The Santa Cruz had been into Rio for some time, where she had been fitted up for a voyage to California. We learn that some insurance had been effected on her in this city.

Ship *Salem*, hence for San Francisco, at Rio Janeiro 29th May, would be detained a week to stop a leak.

Schr. *Stranger*, of Barnstable, from Albany for Boston, was sunk at Castleton, below Albany, by contact with a steamer.

Br. brig *William Henry*, from Westport, N. S. before reported at Portsmouth, had struck on the Western Sister 10th, in a thick fog, and leaked badly.

Nassau dates to about 30th ult. state that previous to 27th, an American ship was reported to be ashore on the Bahama Bank. The name was unknown, but it is probably the ship before reported *Robert Heering*, ashore on Inagua, previous to 22d.

Schr. Worromontogus, Giveen, from Pittston, at Boston—13th inst. off Seguin, saw schr. *Minerva*, Jones, of and from Bath, with lumber, capsized; saw her taken in tow by a fishing schooner towards Small Point harbor.

Brig *James Caskie*, at Boston from Buenos Ayres, in coming down the river of Plate, was in contact with Br. brig *Lady Mary*, of and from Liverpool for Buenos Ayres, each vessel having a pilot on board. The J. C. had bulwarks, stancheons and rail on starboard quarter stove; the L. M. had jib boom carried away, bowsprit sprung, and other damage.

Schr. Mary Chilton, at Boston, reports 6th inst. lat. 39 lon. 72, saw a schooner bottom up, about 80 tons, green bottom, with a hole cut in the quarter, apparently a Jersey River craft, and had been in that condition but a short time.

Steamer Herald, at Baltimore, on Friday, from Norfolk, reports off Sandy Point, a ship ashore, (looks like a Bremen vessel.)

Ship Equestrian, in the Downs, reports, June 9th, in lat. 47. N. lon. 29 W. at 2 P. M. passed the hull of a vessel water-logged, apparently from 300 to 400 tons, with bowsprit standing, and a small round-house on a raised quarter deck. The vessel appeared not to be abandoned long, from the paint work being clean; the bulwarks, rudder, and part of the stern were washed away; the vessel appeared to be an American built, but no name to be seen. When passing, a boat from a ship under Bremen colors had boarded the wreck and hoisted colors on it.

Hong Kong, April 22.

We have received accounts from Amoy, which state that the ship *Valparaiso*, of Philadelphia, had been ashore; she was loaded from that place to Shanghai; while standing out of the harbor, she struck on a reef of rocks hitherto unknown, and remained twelve hours, hanging on a rock, under the fore part of the vessel; she had in at the time a thousand tons of dead weight, and had she not been an unusually strong ship, she would have broken her back.

April 23.

The V. has arrived at this port and proceeded up the river to be docked for repairs. No facilities offering at Amoy previous to leaving the latter port, they beached her and found the keel much injured between the foremast and stem, and the frame of the vessel strained. She will have to strip, calk, and re-copper in dock.

Whale ship *Hamilton*, of Bridgeport, Conn. after being out from Hong Kong about a month, put back previous to 21st April, with five cases of small pox on board, two died. The officers and crew having protested against going to sea in her again, in consequence of being unseaworthy, the Consul had called a survey, the report was unfavorable, and it is supposed she would be condemned.

Whale ship *Howard* had been reported at Hong Kong, and after being to sea one week in heavy weather, was found to leak badly and had to return. The leak was discovered in the starboard bow, caused by worms which destroyed a plank for about the length of eleven feet.

Lisbon, June 18.

The *Frau Martha*, Remersen, from Bremen to Baltimore, put in here 13th inst. with loss of foremast, &c.

Paris, June 22.

The *Brandywine*, Merryman, from New-Orleans, (at Havre,) got in contact yesterday with the *Clementine*, Fouret, from Havana, when the latter lost her jibboom and the stock of her anchor.

Ramsgate, June 24.

The *Christiana*, Toitte, from Dram to New-York, which was on shore on the Goodwin Sands, has been hauled on the patent slip for inspection and repairs.

Antwerp, June 24.

The ship *Madora*, Hammer, for New-York, has gone down the river as far as Fort Liefkenshoek, and landed her passengers, who will be accommodated for a time in this Fort, while the ship and cargo are in process of fumigation.

Galway, June 24.

The *Royal William*, Rodgers, arrived here, from Londonderry for Philadelphia, leaky—bore up from lon. 16. W.

Deal, June 28.

The *Sarah Chase*, of Philadelphia, (apparently a brigantine,) dismasted, waterlogged and abandoned, was passed 6th inst. in lat. 49, lon. 30, by the Spartan, Brown, arrived in the Downs. (Brig *Sarah C. Huse*, of Philadelphia, before reported.)

Liverpool, June 26.

A derelict, with only bowsprit standing, apparently an American barque, first letter of her name T, and four last letters of the port she hailed from MOND, was passed 20th June, lat. 48, lon. 30, by the Monument, arrived here from New-Orleans. (Barque *T. W. Horse*, of Richmond, Me. before reported.)

FROM OUR CORRESPONDENT.

Key West, July 8, 1849.

The U. S. steamer *Water Witch*, Totten, from Charleston for Pensacola, arrived here 29th ult. has been ashore on the Sand Bores, near Cape Florida, and was relieved by sloop Plume—she received no injury, and proceeded 1st inst.: salvage not settled. A portion of the cargo of brig *Speculator* was sold at auction to defray expenses; also, a portion of the cargo which was paid the salvors. The brig Moselle, Hall, has been chartered by the master to take the residue of the cargo to Tampico, and will sail immediately as she has completed her lading. "FLORIDA."

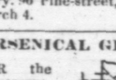
ARSENICAL GREEN PAINT.



FOR the preservation of Ship and other Timber against Dry Rot and the attack of Worms, Barnacles, &c.
Prepared and sold by U. H. LEVY, 132 Water-st. corner of Pine, New York.

This most valuable Paint is confidently recommended as a safeguard (next to the copper sheathing) to Ships' Bottoms and other Timber exposed to Sea Water. By giving the timber two coatings with this Paint, and renewing it once a year, it is all sufficient to protect it against any shells and worms attaching themselves to them. It has been fairly tested by practical men and pronounced effectual.

Certificate from John J. Boyd, Esq.
I have had the Paint composed as that manufactured by Mr Levy, tried on a vessel in which I was interested, and with the result he states. I thus confidently recommend it. Signed, J. J. BOYD.

HEIDSIECK & Co. CHAMPAGNE.—This superior Wine, now so long and favorably known in the United States, which first was sent there in 1826, by the late Messrs. Heidsieck & Co.; at the dissolution of the same in 1834, as by express stipulation, their senior partner had alone charge of its liquidation, who also retained exclusive possession of all the vineyards, houses, cellars, cases, &c. which the said original partnership enjoyed, continuing the business under the firm of Walbaum Heidsieck & Co. We beg leave to state that in like manner we hold now possession of the same, being thereby enabled to offer alone this Wine, of as pure and genuine quality as it possibly can be; in order better to distinguish our brand from imitations and marks similar to ours which other houses may use, the name of our firm in full as originally put up will be found on the labels and around the casks. Mr. Charles Engler, in New-York, will continue to be the Sole Agent and Importer of our brand in the United States. HEIDSIECK & Co.

ROOFING.—GALVANIZED TIN PLATES.—MOREWOOD & ROGER'S PATENT.—The Subscribers beg to call the attention of builders, architects, and owners of buildings, to the many advantages which these Plates possess over all other metallic substances hitherto used for roofing, guttering, &c. as they possess at once the strength and lightness of Iron, without its liability to rust, having now been tested for several years in this particular both in this Country and in Europe. They are also less liable to expansion and contraction from sudden changes of the atmosphere than common Tin Plates, Iron, Zinc, or any other metal now used for roofing, and consequently form a much better and tighter roof, requiring far less frequent repairs, whilst the first cost is but a trifle more.
They would invite those interested to examine the roofs of the stores, Nos. 16 and 18 Wall-street; No. 55 Exchange Place; Rufus Lord, rear of 50 Exchange Place; Sheldon & Phelps, South William-street.
A full supply, of all sizes, from Nos. 22 to 30, W. G. constantly on hand, and for sale by GEO. B. MOREWOOD & Co.

LEA & PERRIN'S WORCESTERSHIRE SAUCE.

THE above celebrated Sauce has from the time of its introduction been steadily progressing in public favor, its peculiar piquancy, combined with exquisite flavor for enriching Gravies, Soups, or as a zest for Fish, Curries, Game Steaks, warm and cold Meats, &c. gives it a character unequaled in Sauces.
As there are various counterfeits of this Sauce both in Europe and America, we would caution purchasers to observe that "Lea & Perrin's Worcestershire Sauce" is stamped upon the metallic capsule over the mouth of every bottle, and the name of our firm on the label of each bottle, without which none is genuine, in quart, pint and half pint bottles, to be obtained wholesale of JOHN DUNCAN & SON, 407 Broadway,
