1/ Obligations, $188 u \theta d$ by cortein Goverrment corporations and other agencios,
which are guaranteed by the Unitod States as to both principal and interost.

Suct obligations were first authorized in 1932. Prior to liability of the United States; beginning September 1939, they represent principal outstandine, both matured and urmatured. Guaranteod securitios bsld by the Treasury are sxcludsd.

The second Liberty Bond Act, as amended, ( 31 U.S.C. 757 b), provides that the face amount of obligations issued under authority of that act, and the face amount of obligations guaranteed as to principal and interest by the United States (except guaranteed obligations held by the secretary of the Treasury), shall not exceed in the
aggrogate $\$ 275$ billion outstanding at any one time. Obligations issued on a discount basis, and subject to redomption prior to maturity at the option of the owner, are included in the statutory debt limitation at current redomption values.

Iote: Treasury bonds included in the averages, beginning with Decomber 1935, are those nelther due nor callable for fipteon years. Prior to that t1mo, for years shown in this table, the bords sncludod woro nelthor due nor cellable for twelve years. For a discussion of the composition of these averages, ses the "Treasury Bullstin" for March 1944, page 58; for the oompooition of the high-grade corporato bond averege, see the "Treasury Bullotin" for July 1947, page 59, and January 1945, pago 56. Troasury bond jielde are computed on tho basis of the mean of closing bid and ask quotations in the over-the-oounter market as reparted to the Troabury by the Federal Resorve Bank of Now York, beginning Septembor 2 , 1941. Prior to that time, yiolde were computed on the basis of cloeing prices on the Now York stock Exchange, oxcopt that on daye when an 1osus did not bell the yield was computed on the moan of closing bid and ask quotations on the Exchange. Corporate bond ylelde ars computad on the basie of cloaing pricee on the Now York Stock Exchange and the Now York Curb Exchange; on days whan an 1ssue dose not soll, the price of the last proceding sale is usod.

1) For definition of taxable and partially tax-exempt bonds, see footnotes to the "Treasury Survey of Ownerobip", in this 1save of the "Ireasury Builetin". Data relating to cleime on forelgnere and liabilities to forelgnera, and capital movementa between the United statee and foreign oountries, bave been collected aince 1935, pureuant to Executive Ordar 6560 of January 15, 1934, and Treasury regulations thereunder. Information covering the principal types of data and the principal countrlea $1 e$ reported each month by banke and bankere and eecurities brokere and dealers in the United States. Thle information ie publiahed regularly in the "Treasury Bulletin". Supplementary information ia publiahed at leae Erequent intervale. All raporte are made initially to the Federal Reserve Banke, wich forward coneolidated ilgurea to the Treasury.

The torm "foreigners" as used in these reports oovers all institutions and individuala (inoluding United Statae citizena) domiolled outaide the United Statas, as well ae International organizations, wherever domiciled, created by treaty or convention between oovereign otatea. "Short-term" refera to original maturitiee of one year or leas, and "long-term" rafere to all other maturities. A detalled digouseion of the reporting coverage, basia of reporting, and derivation of capital movementa 11 gurea appearad in the April 1950 iseve of the "Treasury Bulletin", pages 50-52. Revieod report forms and regulations became effective uith
the data for January 1950. Attention 10 called to the fact that although the grand total ilguree on the revieed reporting basie are reasonably oomparable with thoee for preceding montba, data for individual countriea in eome instances are not comparable because of certain changea in ooverage and geographical olabification.

The cupplementary information, contained in Section IV, is presented in thrae tablea appearing at dilferent timea. Table 1 givee data by countries on chort-term cladma on and liabllitlee toforeigners as reported quarterly by exportere, importere, and induetrial and commercial concerne in the United St:\%ea. This Infarmation was publiched for the firat time in the October 1949 1eeus of the "Tresoury Bulletin" and begine vith data for geptember 30, 1946. Table 2 oupplias information by oountriae on long-term claime on and $118 b 111$ tiee to forelgners ae reported by banke and bankere in the United Statee. Thie table appeared for the first time in the December 1949 1asue. Data are for the end of the oalendar year beginning with 1942. Table 3 glves information on chort-term liabllitiee to countries not ragularly raported aeparately by banka and bankera. This tabla appeared for the ilret time in the April 1950 lecue. The data have been requested at irregular intervale, the earlisat date belng October 1943.
