WASHINGTON -- The U.S. Department of the Treasury announced today that it priced a secondary public offering of 2,615,557 warrants to purchase common stock of Sterling Bancshares, Inc. (the "Company") at \$1.15 per warrant. The aggregate net proceeds to Treasury from the offering are expected to be \$2,857,915. The closing is expected to occur on or about June 15, 2010, subject to customary closing conditions. The offering was priced through a modified Dutch auction. Deutsche Bank Securities Inc. is the sole underwriter for this offering. This offering represents Treasury's sale of its remaining investment in the Company.

The warrants were offered pursuant to an effective shelf registration statement that was filed by the Company with the Securities and Exchange Commission (the "SEC"). A preliminary prospectus supplement relating to the offering was filed with the SEC on June 8, 2010, and a final prospectus supplement will be filed by the Company with the SEC and will be available on the SEC's website at <http://www.sec.gov>.
