

Readout from a Treasury Spokesperson of Secretary Mnuchin's Call with International Monetary Fund Managing Director Christine Lagarde

June 27, 2017

WASHINGTON – U.S. Treasury Secretary Steven Mnuchin spoke by phone today with Christine Lagarde, Managing Director of the International Monetary Fund (IMF).

In his conversation with Madame Lagarde, Secretary Mnuchin welcomed the key role the IMF plays in promoting global economic growth and stability and in preventing and responding to economic crisis. He noted the importance the Administration places on boosting economic growth and jobs in the United States, and looked forward to robust IMF economic policy advice on its member countries and tackling global imbalances. Secretary Mnuchin also underscored his expectation that the IMF provide frank and candid analysis of the exchange rate policies of IMF member countries.
