

## Two Million More Economic Impact Payments Disbursed Under the American Rescue Plan; Total Reaches Approximately 161 million as Payments Continue

April 22, 2021

WASHINGTON — Today, the U.S. Department of the Treasury, the Internal Revenue Service, and the Bureau of the Fiscal Service announced they are disbursing nearly 2 million payments in the sixth batch of Economic Impact Payments from the American Rescue Plan.

Today's announcement brings the total disbursed so far to approximately 161 million payments, with a total value of more than \$379 billion, since these payments began rolling out to Americans in batches [as announced](#) on March 12.

The sixth batch of payments began processing on Friday, April 16, with an official payment date of April 21, with some people receiving direct payments in their accounts earlier as provisional or pending deposits. Here is additional information on this batch of payments:

- In total, this batch includes nearly 2 million payments with a value of nearly \$3.4 billion.
- Nearly 700,000 payments, with a value of more than \$1.3 billion, went to eligible individuals for whom the IRS previously did not have information to issue an Economic Impact Payment but who recently filed a tax return.
- This batch also includes additional ongoing supplemental payments for people who earlier this year received payments based on their 2019 tax returns but are eligible for a new or larger payment based on their recently processed 2020 tax returns. This batch included nearly 700,000 of these “plus-up” payments, with a value of nearly \$1.2 billion.
- Another 600,000 payments went to Social Security beneficiaries and Supplemental Security Income recipients, including those with foreign addresses.
- Overall, this sixth batch of payments contains about 900,000 direct deposit payments (with a total value of \$1.5 billion) and nearly 1.1 million paper check payments (with a total value of nearly \$1.8 billion).

Additional information is available on the first five batches of Economic Impact Payments from the American Rescue Plan, which began processing on [April 9](#), [April 2](#), [March 26](#), [March](#)

19, and [March 12](#).

The IRS will continue to make Economic Impact Payments on a weekly basis. Ongoing payments will be sent to eligible individuals for whom the IRS previously did not have information to issue a payment but who recently filed a tax return, as well to people who qualify for “plus-up” payments.

### **Special reminder for those who don't normally file a tax return**

Although payments are automatic for most people, the IRS continues to urge people who don't normally file a tax return and haven't received Economic Impact Payments to file a 2020 tax return to get all the benefits they're entitled to under the law, including tax credits such as the [2020 Recovery Rebate Credit](#), the Child Tax Credit, and the Earned Income Tax Credit. Filing a 2020 tax return will also assist the IRS in determining whether someone is eligible for an advance payment of the 2021 Child Tax Credit, which will begin to be disbursed this summer.

For example, some federal benefits recipients may need to file a 2020 tax return – even if they don't usually file – to provide information the IRS needs to send payments for a qualifying dependent. Eligible individuals in this group should file a 2020 tax return as quickly as possible to be considered for an additional payment for their qualifying dependents.

People who don't normally file a tax return and don't receive federal benefits may qualify for these Economic Impact Payments. This includes those experiencing [homelessness](#), the rural poor, and others. Individuals who didn't get a first or second round Economic Impact Payment or got less than the full amounts may be eligible for the [2020 Recovery Rebate Credit](#), but they'll need to file a 2020 tax return. See the special section on IRS.gov: [Claiming the 2020 Recovery Rebate Credit if you aren't required to file a tax return](#).

Free [tax return preparation](#) is available for qualifying people.

The IRS reminds taxpayers that the income levels in this new round of Economic Impact Payments have changed. This means that some people won't be eligible for the third payment even if they received a first or second Economic Impact Payment or claimed a 2020 Recovery Rebate Credit. Payments will begin to be reduced for individuals making \$75,000 or above in Adjusted Gross Income (\$150,000 for married filing jointly). The payments end at \$80,000 for individuals (\$160,000 for married filing jointly); people with Adjusted Gross Incomes above these levels are ineligible for a payment.

Individuals can check the [Get My Payment](#) tool on IRS.gov to see the payment status of these payments. Additional information on [Economic Impact Payments](#) is available on IRS.gov.
