WASHINGTON — Today, the Department of the Treasury’s Office of Foreign Assets Control (OFAC) sanctioned four senior officials of the Law Enforcement Forces of Iran (LEF) and Islamic Revolutionary Guard Corps (IRGC), the primary Iranian security forces responsible for the regime’s brutal suppression of the protests that broke out in September 2022 following the arrest and death of Mahsa Jina Amini while in the custody of Iran’s Morality Police. OFAC is also taking action against the new Secretary of Iran’s Supreme Council of Cyberspace (SCC), the authority responsible for Iran’s cyberspace policy and blockage of popular websites. Today’s action is being taken in coordination with the United Kingdom, which is also imposing similar sanctions on senior Iranian security officials.

“The Iranian people deserve freedom of expression without the threat of violent retaliation and censorship from those in power,” said Under Secretary of the Treasury for Terrorism and Financial Intelligence Brian E. Nelson. “Along with our key allies and partners, such as the United Kingdom, the United States will continue to take action against those responsible for the regime’s violent repression and censorship.”

OFAC has imposed 11 rounds of sanctions actions targeting the Iranian regime and its security elements and officials that are involved in brutal crackdown on peaceful demonstrations since nationwide protests began in September 2022. Today’s designations are pursuant to Executive Order (E.O.) 13553, which authorizes the imposition of sanctions on certain persons with respect to serious human rights abuses by the Government of Iran, and E.O. 13846, which authorizes sanctions on persons who engage in censorship or other activities with respect to Iran.

OFAC designated the IRGC and the LEF pursuant to E.O. 13553 on June 9, 2011, for being responsible for or complicit in serious human rights abuses in Iran since the June 2009 disputed presidential election. The IRGC is also designated pursuant to E.O. 13382 and E.O. 13224. OFAC designated Iran’s SCC on January 12, 2018, for engaging in censorship and inhibiting free
expression in Iran, pursuant to E.O. 13628, which was later revoked and superseded by E.O. 13846.

The Department of State is also taking action today to impose visa restrictions pursuant to Immigration and Nationality Act (INA), section 212(a)(3)(C), on 11 additional Iranian government officials who are believed to be responsible for, or complicit in, the abuse, detention, or killing of peaceful protestors or inhibiting their rights to freedom of expression or peaceful assembly.
