

DEPARTMENT OF DEFENSE—CIVIL

CEMETERIAL EXPENSES, ARMY

Federal Funds

General and special funds:

SALARIES AND EXPENSES

For necessary expenses, as authorized by law, for maintenance, operation, and improvement of Arlington National Cemetery and Soldiers' and Airmen's Home National Cemetery, [including the purchase of two passenger motor vehicles for replacement only,] and not to exceed \$1,000 for official reception and representation expenses; [\$12,017,000], \$14,134,000 to remain available until expended. (*Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 1995.*)

Program and Financing (in thousands of dollars)

Identification code 21-1805-0-1-705	1994 actual	1995 est.	1996 est.
Program by activities:			
00.01 Operation and maintenance	7,844	8,995	8,648
00.02 Administration	551	584	596
00.03 Special construction, Arlington National Cemetery	3,756	3,294	4,890
10.00 Total obligations	12,151	12,873	14,134
Financing:			
17.00 Recovery of prior year obligations	-85		
21.40 Unobligated balance available, start of year: Treasury balance	-184	-856	
24.40 Unobligated balance available, end of year: Treasury balance	856		
40.00 Budget authority (appropriation)	12,738	12,017	14,134
Relation of obligations to outlays:			
71.00 Total obligations	12,151	12,873	14,134
72.40 Obligated balance, start of year: Unpaid obligations: Treasury balance	16,146	15,546	15,842
74.40 Obligated balance, end of year: Unpaid obligations: Treasury balance	-15,546	-15,842	-16,026
78.00 Adjustments in unexpired accounts	-85		
90.00 Outlays	12,666	12,577	13,950

Operation and maintenance.—Funds requested will provide for increased contractual services, necessary operating supplies and equipment, and reduced personnel. Increased contracting will result in improved tree and shrub maintenance, and improved custodial services at the Visitor Center and other ceremonial shrines.

Administration.—Provision is made for determining eligibility for burial; management of Arlington and Soldiers' and Airmen's Home National Cemeteries; and administrative support.

Construction.—Funds requested will provide for construction of the next Columbarium increment which will begin in 1996 and be completed the next year.

Summary of Budget Authority and Outlays

(in thousands of dollars)

	1994 actual	1995 est.	1996 est.
Enacted/requested:			
Budget Authority	182,570	181,199	171,625
Outlays	168,579	201,551	173,225
Reinventing government proposal, not subject to PAYGO:			
Budget Authority			-16,000
Outlays			-5,000
Total:			
Budget Authority	182,570	181,199	155,625
Outlays	168,579	201,551	168,225

Funds are requested to continue surveys, preconstruction engineering and design, data collection, interagency coordination and research activities to determine the need, engineering feasibility, economic justification, and the environmental and social suitability of solutions to water and related land resource problems.

Funds are requested for new studies that are consistent with the Corps of Engineers' redefined role under the Administration's reinventing government initiative. Funds are also requested for planning assistance to States and floodplain management services.

90.00 Outlays			-5,000

Legislation will be proposed to implement the Administration's reinventing government initiative for the Army Corps of Engineers. The initiative will shift responsibility for local water projects and other programs to the States and local communities, and refocus the Army Corps of Engineers' role on water projects and programs of national significance. Consistent with the Corps of Engineers' redefined role, this account would save a total of about \$200 million in budget authority between 1996 and 2000.

CONSTRUCTION, GENERAL

For the prosecution of river and harbor, flood control, shore protection, and related projects authorized by laws; and detailed studies, and plans and specifications, of projects (including those for development with participation or under consideration for participation by States, local governments, or private groups) authorized or made eligible for selection by law (but such studies shall not constitute a commitment of the Government to construction), **[\$983,668,000]** \$798,125,000, to remain available until expended, of which such sums as are necessary pursuant to Public Law 99-662 shall be derived from the Inland Waterways Trust Fund, for one-half of the costs of construction and rehabilitation of inland waterways projects, including rehabilitation costs for the Lock and Dam 25, Mississippi River, Illinois and Missouri, *Lock and Dam 14, Mississippi River, Iowa, Lock and Dam 24, Mississippi River, Illinois and Missouri*, and GIWW-Brazos River Floodgates, Texas, projects[, and of which funds are provided for the following projects in the amounts specified:

Red River Emergency Bank Protection, Arkansas and Louisiana, \$6,000,000;

Red River below Denison Dam Levee and Bank Stabilization, Arkansas, Louisiana and Texas, \$2,100,000;

West Sacramento, California, \$500,000;

Sacramento River Flood Control Project (Glenn-Colusa Irrigation District), California, \$400,000;

Sacramento River Flood Control Project (Deficiency Correction), California, \$3,700,000;

San Timoteo Creek (Santa Ana River Mainstem), California, \$5,000,000;

Central and Southern Florida, Florida, \$8,624,000;

Kissimmee River, Florida, \$4,000,000;

Savannah Harbor Deepening, Georgia (Reimbursement), \$11,585,000, of which \$2,083,000 is for a cost-shared Savannah River recreation enhancement and public access project along 900 linear feet of shoreline in the City of Savannah;

Casino Beach, Illinois, \$1,000,000;

Des Moines Recreational River and Greenbelt, Iowa, \$4,000,000;

Harlan (Levisa and Tug Forks of the Big Sandy River and Upper Cumberland River), Kentucky, \$20,000,000;

Middlesborough (Levisa and Tug Forks of the Big Sandy River and Upper Cumberland River), Kentucky, \$1,200,000;

Williamsburg (Levisa and Tug Forks of the Big Sandy River and Upper Cumberland River), Kentucky, \$3,000,000;

Pike County (Levisa and Tug Forks of the Big Sandy River and Upper Cumberland River), Kentucky, \$5,000,000;

Lake Pontchartrain and Vicinity (Jefferson Parish), Louisiana, \$800,000;

Lake Pontchartrain and Vicinity (Hurricane Protection), Louisiana, \$12,500,000;

Ouachita River Levees, Louisiana, \$4,500,000;

Ste. Genevieve, Missouri, \$3,000,000;

Hackensack Meadowslands Area, New Jersey, \$2,500,000;

Ramapo River at Oakland, New Jersey, \$600,000;

Salem River, New Jersey, \$1,000,000;

Carolina Beach and Vicinity, North Carolina, \$2,800,000;

Fort Fisher and Vicinity, North Carolina, \$900,000;

Broad Top Region, Pennsylvania, \$1,000,000;

Lackawanna River, Olyphant, Pennsylvania, \$1,100,000;

Lackawanna River, Scranton, Pennsylvania, \$1,000,000;

South Central Pennsylvania Environmental Restoration Infrastructure and Resource Protection Development Pilot Program, Pennsylvania, \$7,000,000;

Allendale Dam, Rhode Island, \$67,500;

Wallisville Lake, Texas, \$1,000,000;

Richmond Filtration Plant, Virginia, \$2,000,000;

Southern West Virginia Environmental Restoration Infrastructure and Resource Protection Development Pilot Program, West Virginia, \$1,500,000;

Hatfield Bottom (Levisa and Tug Forks of the Big Sandy River and Upper Cumberland River), West Virginia, \$500,000; and Upper Mingo County (Levisa and Tug Forks of the Big Sandy River and Upper Cumberland River), West Virginia, \$250,000;

Provided, That of the offsetting collections credited to this account, \$71,000 are permanently canceled. (Energy and Water Development Appropriations Act, 1995.)

Budget Authority	1,227,859	912,631	737,125
Outlays	966,521	1,059,036	956,461

Funds are requested for construction, rehabilitation and related activity for water resources development projects having navigation, flood control, water supply, hydroelectric, and other attendant benefits to the Nation.

Funding is included for new construction work that is consistent with the Corps of Engineers' redefined role under the Administration's reinventing government initiative. The major rehabilitation projects for inland and coastal waterways will derive one-half of the funding from the Inland Waterway Trust Fund.

Funding is included to mitigate environmental losses caused by the construction of two completed projects. The budget also includes continued funding for juvenile fish mitigation in the Columbia River Basin including funding of passage facilities at six Corps of Engineers hydroelectric dams on the mainstem Columbia and Snake Rivers and funding to support Corps activities in response to the determination that certain Snake River Salmon species are threatened and endangered. Funding is also proposed for wetland and other aquatic habitat creation under authority of section 204 of the Water Resources Development Act of 1992 and for environmental restoration at completed projects under the authority of section 1135 of the Water Resources Development Act of 1986, as amended. Under Public Law 101-512, the Department of the Interior's National Park Service will transfer

funds to the Corps of Engineers for work it accomplishes under authority of the Everglades National Park Protection and Expansion Act.

Funding is provided for the Continuing Authorities Program (projects which do not require specific legislation) which includes flood control (Section 205) projects, emergency streambank and shoreline protection (Section 14) projects, beach erosion control (Section 103) projects, mitigation of shore damages (Section 111) projects, navigation (Section 107) projects, and snagging and clearing (Section 208) projects.

OPERATION AND MAINTENANCE, GENERAL CONSOLIDATED PROGRAM

(Budget authority in thousands of dollars)

Operation and maintenance, general:	1994 actual	1995 est.	1996 est.
Direct program:			
General fund	1,194,100	1,147,535	1,219,875
Special recreation user fees	18,000	37,000	30,000
Transfer from harbor maintenance trust fund	476,620	462,000	500,000
Reimbursable program	20,827	17,500	17,500
Rivers and harbors contributed funds (permanent appropriation)	5,935	7,600	7,800
Total appropriations	1,715,482	1,671,635	1,775,175

OPERATION AND MAINTENANCE, GENERAL

For expenses necessary for the preservation, operation, maintenance, and care of existing river and harbor, flood control, and related works, including such sums as may be necessary for the maintenance of harbor channels provided by a State, municipality or other public agency, outside of harbor lines, and serving essential needs of general commerce and navigation; surveys and charting of northern and northwestern lakes and connecting waters; clearing and straightening channels; and removal of obstructions to navigation, **[\$1,646,535,000]** \$1,749,875,000, to remain available until expended, of which such sums as become available in the Harbor Maintenance Trust Fund, pursuant to Public Law 99-662, may be derived from that fund, and of which **[\$37,000,000 shall be]** such sums as become available from the special account established by the Land and Water Conservation Act of 1965, as amended (16 U.S.C. 4601), may be derived from that fund for construction, operation, and maintenance of outdoor recreation facilities[, to be derived from the special account established by the Land and Water Conservation Act of 1965, as amended (16 U.S.C. 4601), and of which funds are provided for the following projects in the amounts specified:

Tucson Diversion Channel, Arizona, \$2,500,000;

Jeffersonville-Clarksville, Indiana, \$750,000;

McAlpine Lock and Dam (Ohio River Locks and Dams), Kentucky, \$1,000,000;

Raystown Lake, Pennsylvania, \$5,330,000; and

John H. Kerr Reservoir (Mosquito Control), Virginia and North Carolina, \$40,000;

Provided, That not to exceed \$7,000,000 shall be available for obligation for national emergency preparedness programs: *Provided further*, That of the offsetting collections credited to this account, \$1,000 are permanently canceled: *Provided further*, That the Secretary of the

Army is directed during fiscal year 1995 to maintain a minimum conservation pool level of 475.5 at Wister Lake in Oklahoma]. (*Energy and Water Development Appropriations Act, 1995.*)

General and special funds—Continued

OPERATION AND MAINTENANCE, GENERAL—Continued

Funds are requested for operation, maintenance, and related activities of the Corps of Engineers at the navigation, flood control and multiple purpose projects for which it is responsible. Work to be accomplished consists of dredging, repair, and operation of structures and other facilities, including recreation facilities, all as authorized in the various Rivers and Harbors and Flood Control Acts. Related activities include aquatic plant control, monitoring of completed coastal projects, removal of sunken vessels, and the collection of domestic waterborne commerce statistics. This request also includes funds for National Emergency Preparedness as directed in Executive Order 11490. Funds to be derived from the Harbor Maintenance Trust Fund (HMTF) will be applied to cover up to 100 percent of eligible harbor maintenance costs in accordance with Public Law 99-662, plus up to \$1 million for payment of all expenses of administration incurred by the Army Corps of Engineers related to HMTF consistent with section 683 of Public Law 103-182, the North American Free Trade Agreement.

Legislation will be proposed to implement the Administration's reinventing government initiative for the Army Corps of Engineers. The initiative will shift responsibility for local water projects and other programs to the States and local communities, and refocus the Army Corp of Engineers' role on water projects and programs of national significance. The proposal is to be phased in and assumes that O&M savings will not be achieved until 1998. Consistent with the Corps of Engineers' redefined role, this account would save a total of about \$200 million in budget authority between 1996 and 2000.

74.40 Obligated balance, end of year: Unpaid obligations: Treasury balance	-3,822	-3,834	-4,384
90.00 Outlays	92,676	100,988	111,450

This appropriation provides for salaries and related costs to administer laws pertaining to regulation of activities affecting navigable waters and wetlands, in accordance with the Rivers and Harbors Act of 1899, the Clean Water Act of 1977, and the Marine Protection, Research and Sanctuaries Act of 1972.

The proposed 1996 program includes responsibilities associated with a comprehensive package of improvements to the Federal wetlands program, including adoption of: (a) an administrative appeals process for Corps permit decisions and wetland determinations, (b) meeting the President's mandate that most permit decisions be made within 90 days, (c) continuation of special studies and other efforts focusing on wetlands, including the Wetlands Certification Program to train and certify individuals to delineate wetlands.

Legislation will be proposed to implement the Administration's reinventing government initiative for the Army Corps of Engineers. The regulatory part of this initiative builds on the President's 1993 Wetlands Policy with efforts being made to encourage States to assume responsibility for the Corps of Engineers' regulatory program authorized by the Clean Water Act. The proposal assumes that savings from this account will not be achieved until 1999. Consistent with the Corps of Engineers' redefined role, this account would save a total of about \$65 million in budget authority between 1999 and 2000.

This activity provides for preparedness activities for all natural and technological disasters, flood fighting and rescue operations, and repair of flood control and Federal hurricane or shore protection works. It also provides for emergency supplies of clean water where the source has been contaminated and, in drought distressed areas, adequate supplies of water for human and livestock consumption.

Executive direction and management.—The Office, Chief of Engineers, and 11 division offices supervise work in 36 district offices.

Engineering Strategic Studies Center.—This center provides analytical support for the civil works mission by conducting

interdisciplinary studies of engineering management functions.

Coastal Engineering Research Board.—The Board provides policy guidance, reviews and plans requirements for conducting coastal engineering research and development, and recommends research project priorities.

Humphreys Engineer Center Support Activity.—This support center provides administrative services for the Office, Chief of Engineers and other separate field operating activities to include personnel, logistics, and finance and accounting.

Water Resources Support Center.—This support center performs studies and analyses for meeting national objectives. It develops planning techniques for comprehensive management and development of the Nation's water resources.

Legislation will be proposed to implement the Administration's reinventing government initiative for the Army Corps of Engineers. As the Corps' program shifts responsibility for local water projects and other programs to the States and local communities, there will be savings associated with reductions in the Corps' general administration and related functions. The proposal is to be phased in and assumes that savings in the general expenses account will not begin until 1997. Consistent with the Corps of Engineers' redefined role, this account would save a total of about \$60 million in budget authority between 1996 and 2000.

Funds are requested for planning, construction, and operation and maintenance activities associated with the Mississippi River and Tributaries water resources development project located in the Lower Mississippi Valley from Cape Girardeau, Missouri, to the Gulf of Mexico.

No funding is requested for new construction starts or new reconnaissance studies.

Funds are requested to continue the Yazoo Basin Study reformulation report, which will identify alternative plans for achieving greater levels of environmental and urban-flood protection. In addition, funds are requested to continue the mitigation plan for completed portions of the Yazoo Backwater Project in Mississippi.

Hydraulic mining in California, debris fund.—Fees paid by mine operators in the Sacramento and San Joaquin river basins for depositing mine debris in restraining works are used for maintaining the works (33 U.S.C. 683).

Maintenance and operation of dams and other improvements of navigable waters.—License fees are levied by the Department of Energy for private construction, operation and maintenance of dams, conduits, and reservoirs. Half of the fees collected are used for maintenance and operation of Federal dams and other navigation structures, and for improvement of navigable waters (16 U.S.C. 810(a)). License fees are also levied by the Department of Energy for benefits accruing directly as the result of headwater improvements by Federal projects. One hundred percent of these fees collected are used for maintenance and operation of Federal dams and other navigation structures, and for improvement of navigable waters (16 U.S.C. 803(e)).

Payments to States.—Three-fourths of the money received from lease of Federal lands acquired for flood control, navigation, and allied purposes is paid to the State in which such property is situated for public schools, roads, or other expenses of county government (33 U.S.C. 701c-3).

The Inland Waterways Trust Fund was established in accordance with the Inland Waterways Revenue Act of 1978, Public Law 95-502, and amended by the Water Resources Development Act of 1986, Public Law 99-662. Revenue is derived from taxes imposed on fuel in vessels engaged in commercial waterway transportation and is used for one half of the construction and rehabilitation costs of specified inland waterway projects. See "Construction, General" for appropriations language.

The Harbor Maintenance Trust Fund is established in accordance with the Harbor Maintenance Revenue Act of 1986 (Public Law 99-662, Title XIV, as amended). Under law, revenue is derived from receipts from a 0.125 percent *ad valorem* user fee imposed on commercial cargo loaded and unloaded at specified U.S. ports open to public navigation.

The Harbor Maintenance Revenue Act also authorized expenditures from the Trust Fund to finance up to 100 percent of Corps of Engineers' harbor operation and maintenance (O&M) costs, including O&M costs associated with Great Lakes navigational projects, and fully finance the operation and maintenance of the Saint Lawrence Seaway Development Corporation.

The North American Free Trade Agreement Implementation Act, Sec. 683 (Public Law 103-182), authorized payment of administrative expenses incurred by the Department of the Treasury, the Army Corps of Engineers, and the Department of Commerce related to administration of the harbor maintenance fee, but not to exceed \$5,000,000 for any fiscal year. The Corps of Engineers has budgeted \$1,000,000 for anticipated expenses associated with administration of the harbor maintenance fee.

Legislation will be proposed by the National Oceanic and Atmospheric Administration (NOAA) to fund programs that benefit the commercial navigation industry.

For appropriation language, see the following accounts: Army Corps of Engineers, Civil "Operation and Maintenance, General"; St. Lawrence Seaway Development Corporation "Operations and Maintenance"; Department of Transportation "Rental Payments" and Department of the Treasury "Administration of Harbor Maintenance Trust Fund".

In 1990, the Coastal Wetlands Planning, Protection and Restoration Act (Public Law 101-646) authorized transfer of 18 percent of each annual appropriation from the Sport Fish Restoration Account for coastal wetlands activities; 70 percent of this amount is allocated to the Corps of Engineers for use by the Louisiana Coastal Wetlands Conservation and Restoration Task Force, chaired by the Secretary of the Army, to provide for the long-term conservation, protection, and restoration of coastal wetlands in the State of Louisiana. The Coastal Wetlands Restoration Trust Fund is established to receive these funds and finance the appropriate activities.

Title VII of the Oil Pollution Act of 1990 authorizes use of the Oil Spill Liability Trust Fund to perform oil pollution research. The focus of the Army Corps of Engineers effort is on the development of advanced displays, maps, and data management systems utilizing satellite and/or aircraft imaging data. These management tools will be "near real-time", accurate, and focused for the on-scene spill coordinator's use for optimal allocation of resources and timely response to the specific oil spill situation.

ADMINISTRATIVE PROVISIONS

Appropriations in this title shall be available for official reception and representation expenses (not to exceed \$5,000); and during [During] the current fiscal year the revolving fund, Corps of Engineers, shall be available for purchase (not to exceed 100 for replacement only) and hire of passenger motor vehicles. (Energy and Water Development Appropriations Act, 1995.)

GENERAL PROVISIONS

The following sections are proposed for deletion and do not appear below:

Sec. 101 ... Provision relating to hopper dredge contracts.

Sec. 102 ... Provision eliminating fees at certain boat launching ramps.

ALLOCATIONS RECEIVED FROM OTHER ACCOUNTS

Note.—Obligations incurred under allocations from other accounts are shown in the schedules of the parent appropriation as follows:

State and Private Forestry, Forest Service, Department of Agriculture.

Operation and Maintenance, Army, Department of the Army.

Operations, Research, and Facilities, National Oceanic and Atmospheric Administration, Department of Commerce.

Energy, Supply, Research and Development Activities, Operating Expenses, Department of Energy.

Construction, National Park Service, Department of the Interior.

Federal Buildings Fund, General Services Administration.

Acquisition and Construction of Radio Facilities, United States Information Agency.

Appalachian Regional Development Programs, Appalachian Regional Commission.

Hazardous Substance Response Trust Fund, Environmental Protection Agency.

The 1996 and 1997 payments to the military retirement fund includes funds for the amortization of the unfunded liability for all retirement benefits earned by military personnel for service prior to 1985. The amortization schedule for the unfunded liability was determined by the DOD Retirement Board of Actuaries. Included in the unfunded liability are the consolidated requirements of the military departments to cover: (a) retired officers and enlisted personnel of the Army, Navy, Marine Corps, and Air Force; (b) retainer pay of enlisted personnel of the Fleet Reserve of the Navy and Marine Corps; and (c) survivors benefits.

Public Law 98-94 provided for accrual funding of the military retirement system and for the establishment of a Department of Defense Military Retirement Fund in 1985. The fund is financed through: (a) Federal contributions for retired pay and retirement pay of military personnel on the retired lists of the Army, Navy and Marine Corps, and Air Force, includ-

ing the reserve components thereof, and retainer pay for personnel of the Inactive Fleet Reserve; (b) Government contributions consisting of a normal cost accrual percentage applied to basic pay amounts contained in the military personnel appropriations; and (c) interest on investments.

The status of the fund is as follows:

General and special funds—Continued**ARMED FORCES RETIREMENT HOME—Continued**

The 1991 Defense Authorization Act, Public Law 101-510, created an Armed Forces Retirement Home Trust Fund to finance the United States Soldiers' and Airmen's Home and the United States Naval Home. The homes, which are currently in operation, will be financed by appropriations drawn from the trust fund. The homes will be administered by directors appointed by the Secretary of Defense with oversight provided by the Retirement Home Board.

The Armed Forces Retirement Home provides medical and domiciliary care and other authorized benefits for the relief and support of certain retired military personnel of the Armed Forces.

The average number of members receiving domiciliary and hospital care are shown below:

	1994 actual	1995 est.	1996 est.
Domiciliary care	1,927	1,967	1,967
Hospital care	367	333	333
Total members	2,294	2,300	2,300

These appropriations provide for a program of development and conservation of fish and wildlife and the development of recreational facilities on military reservations. Proceeds from the sale of fishing and hunting permits are used for these programs on the 51 Army, 20 Navy and Marine Corps, and 32 Air Force bases charging such user fees. These programs are carried out through cooperative plans agreed upon by the local representatives of the Secretary of Defense, the Secretary of the Interior, and the appropriate agency of the State in which the reservation is located.
