This schedule reflects the effects of the Administration's proposal to impose a user fee on representatives of Social Security or Supplemental Security Income claimants. This monetary assessment would be imposed only if the claimant being represented is awarded past due benefits and a fee for representation is approved by the Agency. An assessment would not be imposed if the representative does not charge a fee for services. Language will be provided to the appropriations and authorizing committees. This schedule also reflects the program effects of the Administration's proposal to authorize an adjustment to the 1999 discretionary spending limits for amounts appropriated to conduct additional redeterminations of non-disability factors of eligibility under the Supplemental Security Income program.

This schedule reflects the effects of the Administration's proposal to impose a user fee on representatives of Social Security or Supplemental Security Income claimants. This monetary assessment would be imposed only if the claimant being represented is awarded past due benefits and a fee for representation is approved by the Agency. An assessment would not be imposed if the representative does not charge a fee for services. Language will be provided to the appropriations and authorizing committees.

This schedule also reflects the effects of the Administration's proposal to test allowing Supplemental Security Income and Social Security Disability Insurance beneficiaries to choose their own public or private vocational rehabilitation providers. Participating providers would be paid a percentage of disability benefits saved as a result of beneficiaries returning to work for a specified period of time.
