Glossary of Budget Terms

i

GLOSSARY OF BUDGET TERMS¹

- BALANCES OF BUDGET AUTHORITY—These are amounts of budget authority provided in previous years that have not been outlayed. Obligated balances are amounts that have been obligated but not yet outlayed. Unobligated balances are amounts that have not been obligated and that remain available for obligation under law.
- **BREACH**—A breach is the amount by which new budget authority or outlays within a category of discretionary appropriations for a fiscal year is above the cap on new budget authority or outlays for that category for that year.
- **BUDGET**—The Budget of the United States Government (this document) sets forth the President's comprehensive financial plan and indicates the President's priorities for the Federal Government.
- **BUDGET AUTHORITY (BA)**—Budget authority is the authority provided by Federal law to incur financial obligations that will result in outlays. Specific forms of budget authority include:
 - provisions of law that make funds available for obligation and expenditure (other than borrowing authority), including the authority to obligate and expend offsetting receipts and collections;
 - borrowing authority, which is authority granted to a Federal entity to borrow (e.g., through the issuance of promissory notes or monetary credits) and to obligate and expend the borrowed funds;
 - contract authority, which is the making of funds available for obligation but not for expenditure; and
 - offsetting receipts and collections as negative budget authority.
- BUDGETARY RESOURCES—Budgetary resources comprise new budget authority, unobligated balances of budget authority, direct spending authority, and obligation limitations.
- BUDGET TOTALS—The budget includes totals for budget authority, outlays, and receipts. Some presentations in the budget distinguish on-budget totals from off-budget totals. On-budget totals reflect the transactions of all Federal Government entities except those excluded from the budget totals by law. Off-budget totals reflect the transactions of Government entities that are excluded from the on-budget totals by law. Currently excluded are the social security trust funds (Federal Old-Age and Survivors Insurance and Federal Disability Insurance Trust Funds) and the Postal Service. The on- and off-budget totals are combined to derive a total for Federal activity.
- **CAP**—This is the term commonly used to refer to legal limits on the budget authority and outlays for each fiscal year for each of the discretionary appropriations categories. A sequester is required if an appropriation for a category causes a breach in the cap.

¹These basic terms and other budget terms, concepts, and procedures are described more fully in *The Budget System and Concepts* of the United States Government, a pamphlet available from the Government Printing Office. References to requirements in law generally refer to the Balanced Budget and Emergency Deficit Control Act of 1985 (also known as the Gramm-Rudman-Hollings Act), as amended. The Act was most recently amended by the Budget Enforcement Act of 1990 (Title XIII of Public Law 101-508). These requirements are discussed in various parts of the *Budget*.

- CATEGORIES OF DISCRETIONARY APPROPRIATIONS—For 1991, 1992, and 1993, discretionary appropriations are categorized as defense, international, or domestic. Separate spending limits (caps) are applied to each category. The appropriations in each of the categories are determined by lists of existing appropriations in a 1990 congressional report² or, in the case of new appropriations, in consultation among the Office of Management and Budget and the congressional Committees on Appropriations and the Budget. For 1994 and 1995, all discretionary appropriations constitute a single category.
- COST-The term cost, when used in connection with Federal credit programs, means the estimated longterm cost to the Government of a direct loan or loan guarantee, calculated on a net present value basis. The term excludes administrative costs and any incidental effects on governmental receipts or outlays.
- CREDIT PROGRAM ACCOUNT—A credit program account receives an appropriation for the cost of a direct loan or loan guarantee program, from which such cost is disbursed to a financing account for the program.
- **DEFICIT**—A deficit is the amount by which outlays exceed Governmental receipts.
- **DIRECT LOAN**—A direct loan is a disbursement of funds by the Government to a non-Federal borrower under a contract that requires the repayment of such funds with or without interest. The term includes the purchase of, or participation in, a loan made by another lender. The term does not include the acquisition of a federally guaranteed loan in satisfaction of default claims or the price support loans of the Commodity Credit Corporation. (Cf. LOAN GUARANTEE.)
- **DIRECT SPENDING**—Direct spending is a category of outlays from budget authority provided in law other than appropriations acts, entitlement authority, and the budget authority for the food stamp program. (*Cf.* DISCRETIONARY APPROPRIATIONS.)
- **DISCRETIONARY APPROPRIATIONS**—Discretionary appropriations is a category of budget authority that comprises budgetary resources (except those provided to fund direct-spending programs) provided in appropriations acts. (*Cf.* DIRECT SPENDING.)
- **EMERGENCY APPROPRIATION**—An emergency appropriation is an appropriation in a discretionary category that the President and the Congress have designated as an emergency requirement. Such appropriations result in an adjustment to the cap for the category.
- FEDERAL FUNDS—Federal funds are the moneys collected and spent by the Government other than those designated as trust funds. Federal funds include general, special, public enterprise, and intragovernmental funds. (Cf. TRUST FUNDS.)
- FINANCING ACCOUNT—A financing account receives the cost payments from a credit program account and includes other cash flows to and from the Government resulting from direct loan obligations or loan guarantee commitments made on or after October 1, 1991. At least one financing account is associated with each credit program account. For programs with direct and guaranteed loans, there are separate financing accounts for direct loans and guaranteed loans. The transactions of the financing accounts are not included in the budget totals. (Cf. LIQUIDATING ACCOUNT)
- FISCAL YEAR—The fiscal year is the Government's accounting period. It begins on October 1st and ends on September 30th, and is designated by the calendar year in which it ends.
- GENERAL FUND—The general fund consists of accounts for receipts not earmarked by law for a specific purpose, the proceeds of general borrowing, and the expenditure of these moneys.
- LIQUIDATING ACCOUNT—A liquidating account includes all cash flows to and from the Government resulting from direct loan obligations and loan guarantee commitments prior to October 1, 1991. (Cf. FINANCING ACCOUNT.)
- LOAN GUARANTEE—A loan guarantee is any guarantee, insurance, or other pledge with respect to the payment of all or a part of the principal or interest on any debt obligation of a non-Federal borrower to a non-Federal lender. The term does not include the insurance of deposits, shares, or other withdrawable accounts in financial institutions. (Cf. DIRECT LOAN.)

 $^{^{2}}$ The joint statement of the managers accompanying the conference report on the Omnibus Budget Reconciliation Act of 1990 (Public Law 101-508).

- MAXIMUM DEFICIT AMOUNTS—These are amounts specified in and subject to certain adjustments under law. If the deficit for the year in question is estimated to exceed the adjusted maximum deficit amount for that year by more than a specified margin, a sequester of the excess deficit is required.
- **INTRAGOVERNMENTAL FUNDS**—Intragovernmental funds are accounts for business-type or market-oriented activities conducted primarily within and between Government agencies and financed by offsetting collections that are credited directly to the fund.
- **OBLIGATIONS**—Obligations are binding agreements that will result in outlays, immediately or in the future. Budgetary resources must be available before obligations can be incurred legally.

OFF-BUDGET—See BUDGET TOTALS.

OFFSETTING COLLECTIONS—Offsetting collections are collections from the public that result from businesstype or market-oriented activities and collections from other Government accounts. These collections are deducted from gross disbursements in calculating outlays, rather than counted in Governmental receipt totals. Some are credited directly to appropriation or fund accounts; others, called offsetting receipts, are credited to receipt accounts. The authority to spend offsetting collections is a form of budget authority. (*Cf.* RECEIPTS, GOVERNMENTAL.)

ON-BUDGET—See BUDGET TOTALS.

- OUTLAYS—Outlays are the measure of Government spending. They are payments to liquidate obligations (other than the repayment of debt), net of refunds and offsetting collections. Outlays generally are recorded on a cash basis, but also include many cash-equivalent transactions, the subsidy cost of direct loans and loan guarantees, and interest accrued on public issues of the public debt.
- PAY-AS-YOU-GO—This term refers to requirements in law that result in a sequester if the estimated combined result of legislation affecting direct spending or receipts is an increase in the deficit for a fiscal year.
- **PUBLIC ENTERPRISE FUNDS**—Public enterprise funds are accounts for business or market-oriented activities conducted primarily with the public and financed by offsetting collections that are credited directly to the fund.
- **RECEIPTS, GOVERNMENTAL**—Governmental receipts are collections that result primarily from the Government's exercise of its sovereign power to tax or otherwise compel payment. They are compared to outlays in calculating a surplus or deficit. (*Cf.* OFFSETTING COLLECTIONS.)
- SEQUESTER—A sequester is the cancellation of budgetary resources provided by discretionary appropriations or direct spending legislation, following various procedures prescribed in law. A sequester may occur in response to a discretionary appropriation that causes a breach, in response to increases in the deficit resulting from the combined result of legislation affecting direct spending or receipts (referred to as a "pay-as-you-go" sequester), or in response to a deficit estimated to be in excess of the maximum deficit amounts.
- SPECIAL FUNDS—Special funds are Federal fund accounts for receipts earmarked for specific purposes and the associated expenditure of those receipts. (Cf. TRUST FUNDS.)
- SUBSIDY-This term means the same as cost when it is used in connection with Federal credit programs.
- SURPLUS—A surplus is the amount by which receipts exceed outlays.
- SUPPLEMENTAL APPROPRIATION—A supplemental appropriation is one enacted subsequent to a regular annual appropriations act when the need for funds is too urgent to be postponed until the next regular annual appropriations act.
- **TRUST FUNDS**—Trust funds are accounts, designated by law as trust funds, for receipts earmarked for specific purposes and the associated expenditure of those receipts. (*Cf.* SPECIAL FUNDS.)

Investing in the Future

Chapter 4. Reforming American Education and Investing in Human Capital

Head Start Funding More Than Doubles Since 1989, and Will Support One Year of Head Start for Eligible Children	1–48
Current Approach: Maze of Programs with Multiple Offices and Confusing Bureaucracy—Job Train- ing 2000: One Stop Shopping for Counseling and Services	1-63
Chapter 5. Focusing on Prevention and the Next Generation	
Change in Behavior, Early Detection and Intervention Could Prevent:	1 - 82
Percentage of Adult Americans Who Smoke Continues to Decline	1-83
Increasing Use of Seatbelts and Child Safety Seats Saves Lives	1–84
Chapter 6. Enhancing Research and Development and Expanding the Human Frontier	
Ratio of Federal Civilian R&D Outlays to Gross Domestic Product	1–95
Ratio of Federal Civilian R&D Outlays to Domestic Discretionary Spending	1–96
Federal Civilian Applied Research and Development Budget Authority	1–99
Research Investment in Selected Diseases	1-114
Industry Support for R&D	1 - 132
Chapter 7. Improving Transportation and Other Infrastructure	
The Percentage of Highway Mileage with Pavement Rated as "Poor" Continues to Decline	1–151
Highway Fatality Rate Hits Historic Low	1 - 152
Beneficiaries of Air Traffic Control Modernization	1–154
The Aviation Accident Rate is Declining	1 - 156
Weather Related Delays are FAA's Biggest Air Traffic Challenge	1 - 158
Modernization Will Improve Severe Weather Detection	1 - 159
Chapter 8. Providing Hope to Distressed Communities	
Weed and Seed	1-170
Parents Will Have a Wider Range of Choices in Caring for Their Children	1–175
Federal Support for Educational Choice Will Grow	1 - 177

LIST OF CHARTS-Continued

Proposals for Moving the Poor from Poverty to Homeownership	1–179
New HUD Assisted Housing Units-President's Program vs. Current Program Mix	1–181
HUD's Homeless Programs—President Requested vs. Congress Enacted	1–185
Chapter 9. Ending the Scourge of Drugs and Crime	
Drug Control Funding Rises with Increasing Emphasis on Treatment and Prevention	1–191
More Drug Violators are Arrested	1-192
High School Drug Use Continues Steady Decline	1–194
Overall Drug Use Falls; Hard-Core Cocaine Use Remains a Problem	1 - 195
New Prison Space Coming on Line	1 - 202
Crime Rates Edge Down as Federal Law Enforcement Appropriations Rise	1–203
Chapter 10. Preserving America's Heritage, Protecting the Environment, and Providing for a More Secure Energy Future	
America's Parks, Forests, Refuges and Other Public Lands Will be Expanded (Budget Authority for	
Acquisition of Park, Forest, Refuge, and Other Public Lands)	1–210
Congress Has Cut the Bush Administration's Request for Superfund by \$467 Million Over the Past	1-210
Three Years	1-220
Growth in DOE Cleanup Budget	1-221
Speeding the Cleanup of Federal Facilities	1 - 226
Funding for Conservation and Renewable Energy R&D Has About Doubled Since 1987	1 - 233
Addressing Inherited Claims and Hidden Liabilities	
Chapter 12. Modernizing the Financial Services Sector	
Bank's Role as an Intermediary Between Savers and Borrowers Has Diminished (Assets of Banks	
	1259
and Other Financial Intermediaries as a Proportion of All Intermediary Assets, 1950, 1970, 1991).	$1-259 \\ 1-260$

3-5. Adjusted Structural Deficit	1–39
3-6. Sensitivity of the Budget to Economic Assumptions	1–41

Investing in the Future

Chapter 4. Reforming American Education and Investing in Human Capital

4-1. The Budget Proposes a 45 Percent Increase Over 1989, and an 11 Percent Increase Over 1992,	
for the Education Department and Head Start	1.
4-2. Education Department Funding Increases 10 Percent Over 1992 and 41 Percent Over 1989	1.
4-3. Federal Program Resources in Support of the National Education Goals Increase 44 Percent	
Over 1989, and 8 Percent Over 1992	1.
4-4. The Federal Investment in Education R&D Increases 68 Percent Over 1989 and 20 Percent	
Over 1992	1.
4-5. The Budget Supports Full Participation of Disadvantaged Children in Head Start for One Year.	1.
4-6. Selected Programs That Support Early Childhood Development Increase 49 Percent Over 1989	
and 10 Percent Over 1992	1.
4-7. The Mathematics and Science Education Budget Increases 69 Percent Over 1989 and 7 Percent	
Over 1992	1
4–8. Adjusted Pell Grant Assessments to Increase Access for Middle-Income Families	1
4-9. The Budget Includes a 22 Percent Increase in Pell Grant Funding Over 1992 and a 48 Percent	
Increase Over 1989	1
4-10. New Tax Incentives for Educational Development	1
4–11. Resources for Job Training 2000	1

Chapter 5. Focusing on Prevention and the Next Generation

5-1. The Budget Provides Substantial Increases for Programs Focused on Prevention and the Next	
Generation	1–69
5–2. The Budget for Prevention Would Provide:	1 - 70
5-3. The Budget Provides \$100 Billion for Children's Programs, Up 66 Percent Since 1989	1 - 71
5-4. Increases for Childhood Immunizations	1 - 72
5–5. The Budget Expands Programs to Reduce Infant Mortality	1–73
5-6. WIC Increases by \$240 Million-a 47 Percent Increase Over 1989	1–73
5–7. Head Start Increases by \$600 Million	1–74
5-8. The Budget Increases Support for Primary Care Services by 21 Percent	1–75
5-9. The Budget Increases Support for Breast and Cervical Cancer Screening	1–75
5-10. Total AIDS Funding Increases 13 Percent Over 1992 and 118 Percent Over 1989	1-76
5-11. The Budget Increases Support for Smoking Cessation	1–77
