Persons employed during the fiscal year [1926] 1927 in field work outside of the District of Columbia under the Bureau of Mines may be detailed temporarily for service in the District of Columbia for purposes of preparing results of their field work; all persons so detailed shall be paid in addition to their regular compensation only their actual traveling expenses or per diem in lieu of subsistence in going to and returning therefrom: *Provided*, That nothing herein shall prevent the payment to employees of the Bureau of Mines of their necessary expenses, or per diem in lieu of subsistence while on temporary detail in the District of Columbia, for purposes only of consultation or investigations on behalf of the United States. All details made hereunder, and the purposes of each, during the preceding fiscal year shall be reported in the annual estimates of appropriations to Congress at the beginning of each regular session thereof (*act Mar. 3, 1925, vol. 43, p. 1175*).

The Secretary of the Treasury may detail medical officers of the Public Health Service for cooperative health, safety, or sanitation work with the Bureau of Mines, and the compensation and expenses of the officers so detailed may be paid from the applicable appropriations made herein for the Bureau of Mines (*act Mar. 3, 1925, vol. 43, p. 1175*).

<p><i>Reclamation Fund, Special Fund—Continued.</i></p> <p>No part of the sums provided for in this act for the Sun River, Owyhee, Vale, and Yakima (Kittitas division) projects shall be expended for construction purposes until the two following conditions shall have been met: (a) A contract or contracts in form approved by the Secretary of the Interior shall have been made with an irrigation district or irrigation districts organized under State law providing for payment by the district or districts of the cost of constructing, operating, and maintaining the works during the time they are in control of the United States, and the execution of said contract or contracts shall have been confirmed by decree of a court of competent jurisdiction; and (b) a contract or contracts shall have been executed between the United States and the State or States wherein said projects or divisions are located, or local interests, whereby such State or States, or local interests, shall assume the duty and responsibility of promoting the development and settlement of the projects or divisions after completion, the securing, selecting, and financing of settlers to enable the purchase of the required livestock, equipment, and supplies, and the improvement of the lands to render them habitable and productive, the State or States, or local interests, to provide the funds necessary for this purpose and to conduct operations in a manner satisfactory to the Secretary of the Interior: Provided, That all irrigable land held in private ownership by any one owner in excess of one hundred and sixty irrigable acres shall be appraised in a manner to be prescribed by the Secretary of the Interior and the sale prices thereof fixed by the Secretary on the basis of its actual bona fide value at the date of appraisal without reference to the proposed construction of the irrigation works; and no such excess lands so held shall receive water from any project or division if the owners thereof shall refuse to execute valid recordable contracts for the sale of such lands under terms and conditions satisfactory to the Secretary of the Interior and at prices not to exceed those fixed by the Secretary of the Interior. Said contracts shall also provide that upon proof of fraudulent representation as to the true consideration involved in such sales the Secretary of the Interior is authorized to cancel the water right attaching to the land involved in such fraudulent sales: Provided further, That the operation and maintenance charges on account of lands in said projects and divisions shall be paid annually in advance not later than March 1. It shall be the duty of the Secretary of the Interior to give public notice when water is actually available, and the operation and maintenance charges payable to the United States for the first year after such public notice shall be transferred to and paid as a part of the construction payment.</p> <p>Under the provisions of this act no greater sum shall be expended, nor shall the United States be obligated to expend, during the fiscal year [1926] 1927, on any reclamation project appropriated for herein, an amount in excess of the sum herein appropriated therefor, nor shall the whole expenditures or obligations incurred for all of such projects for the fiscal year [1926] 1927 exceed the whole amount in the "reclamation fund" for the fiscal year;</p> <p>Ten per centum of the foregoing amounts shall be available interchangeably for expenditures on the reclamation projects named; but not more than 10 per centum shall be added to the amount appropriated for any one of said projects, except that should existing works or the water supply for lands under cultivation be endangered by floods or other unusual conditions, an amount sufficient to make necessary emergency repairs shall become available for expenditure by further transfer of appropriation from any of said projects upon approval of the Secretary of the Interior;</p> <p>Whenever, during the fiscal year ending June 30, [1926] 1927, the Commissioner of the Bureau of Reclamation shall find that the expenses of travel, including the local transportation of employees to and from their homes to the places where they are engaged on construction or operation and maintenance work, can be reduced thereby, he may authorize the payment of not to exceed three cents per mile for a motor cycle or seven cents per mile for an automobile used for necessary official business.</p>

General Expenses, Geological Survey—

For every expenditure requisite for and incident to the authorized work of the Geological Survey, including personal services in the District of Columbia and in the field, including not to exceed **[\$10,000]** \$18,000 for the purchase and exchange and not to exceed **[\$30,000]** \$50,000 for the hire, maintenance, repair, and operation of motor-propelled and horse-drawn passenger-carrying vehicles for field use only by geologists, topographers, engineers, and land classifiers, and the Geological Survey is authorized to exchange unserviceable and worn-out passenger-carrying and freight-carrying vehicles as part payment for new freight-carrying vehicles, and whenever, during the fiscal year ending June 30, **[1926]** 1927, the Director of the Geological Survey shall find that the expense of travel can be reduced thereby he may authorize the payment of not to exceed three cents per mile for a motor cycle or seven cents per mile for an automobile used for official business, and including not to exceed \$5,000 for necessary traveling expenses of the Director and members of the Geological Survey acting under his direction, for attendance upon meetings of technical, professional, and scientific societies when required in connection with the authorized work of the Geological Survey, to be expended under the regulations from time to time prescribed by the Secretary of the Interior and under the following heads:

For topographic surveys in the various portions of the United States, including lands in national forests **[\$485,000]** \$437,000, of which amount not to exceed **[\$305,900]** \$260,000 may be expended for personal services in the District of Columbia: *Provided*, That no part of this appropriation shall be expended in cooperation with States or municipalities except upon the basis of the State or municipality bearing all of the expense incident thereto in excess of such an amount as is necessary for the Geological Survey to perform its share of standard topographic surveys (*acts Mar. 3, 1879, vol. 20, p. 394; Mar. 3, 1925, vol. 43, p. 1172*)
