Construction, etc., Public-School Buildings, Duchesne County, Utah, Indian Service-
[That there is hereby appropriated, out of any money in the Treasury not otherwise appropriated, the sum of $\$ 50,000$ to be used by the Secretary of the Interior in making payments to the Duchesne County school district in accordance with the provisions of section 2.1
[Sec. 2. The Duchesne County school district shall submit to the Secretary of the Interior for his approval (1) plans for extensions and improvements of existing public-school buildings within such county, and for the construction of such other school buildings as such district may consider necessary, and (2) estimates as to the cost of carrying out such plans. The Secretary of the Interior is authorized to approve such plans and cost estimates in whole or in part, or to require modifications or revisions thereof. Upon approval by the Secretary of any such plans and cost estimates, and upon agreement by such school district that the public schools maintained by it shall be open to Indian children who reside in such district, the Secretary shall pay to such district, but not in excess of the appropriation made in section 1, an amount equal to the approved cost estimate of carrying out such approved plan. Such amount shall be expended by such district for the purpose of carrying out such approved plan and for no other purpose.]
[SEc. 3. No payments shall be made to the Duchesne County school under the provisions of this Act, unless such district maintains books, records, accounts, and memoranda and permits the examination of and produces such books, records, accounts, and memoranda, in accordance with such reasonable regulations as the Secretary of the Interior may prescribe] (act Aug. 13, 1935, 49 Stat., p.612).

## App. 1936, \$20,000

NOTE.-Appropriation under this title for 1936 transferred to "Salaries and expenses, Reclamation Fund, Special Fund"' and estimated for under that title.

Limitation of expenditures: Under the provisions of this Act no greater sum shall be expended, nor shall the United States be obligated to expend during the fiscal year [1936] 1997, on any reclamation project appropriated for herein, an amount in excess of the sum berein appropriated therefor, nor shall the whole expenditures or obligations incurred for all of such projects for the fiscal year [1936] 1937 exceed the whole amount in the "reclamation fund" for the fiscal year;

Interchange of appropriations: Ten per centum of the foregoing amounts shall be available interchangeably for expenditures on the reclamation projects named; but not more than 10 per centum shall be added to the amount appropriated for any one of said projects, except that should existing works or the water supply for lands under cultivation be endangered by floods or other unusual conditions an amount sufficient to make necessary emergency repairs shall become available for expenditure by further transfer of appropriation from any of said projects upon approval of the Secretary of the Interior (act May 9, 1985, 49 Stat., pp. 198-200);

No part of any appropriation in this Act for the Bureau of Reclamation shall be used for investigations to determine the economic and financial feasibility of any new reclamation project (act May 9, 1935, 9 Stat., p. 200).

During the fiscal year [1936] 1937 the head of any department or independent establishment of the Government having funds available for scientific and technical investigations and requiring cooperative work by the Geological Survey on scientific and technical investigations within the scope of the functions of that bureau and which it is unable to perform within the limits of its appropriations may, with the approval of the Secretary of the Interior, transfer to the Geological Survey such sums as may be necessary to carry on such investigations. The Secretary of the Treasury shall transfer on the books of the Treasury Department any sums which may be authorized hereunder, and such amounts shall be placed to the credit of the Geological Survey for the performance of work for the department or establishment from which the transfer is made: Provided, That any sums transferred by any department or independent establishment of the Government to the Geological Survey for cooperative work in connection with this appropriation may be expended in the same manner as sums appropriated herein may be expended: Provided further, That any funds herein appropriated for the Geological Survey for cooperative work may be utilized prior to July 1, [1935] 1936, as required to enable the Geological Survey to continue its cooperative work pending reimbursement from cooperative agencies, the amount so utilized to be repaid to the appropriation from which advanced (act May 9, 1985, 49 Stat., p. 202);

During the fiscal year [1936] 1937, upon the request of the Secretary of the Interior, the Secretary of War or the Secretary of the Navy is authorized to furnish aerial photographs required for mapping projects, insofar as the furnishing of such photographs will be economical to the Federal Government and does not conflict with military or naval operations or the other parts of the regular training program of the Army, Navy, and Marine Corps flying services, and the Secretary of the Interior is authorized to reimburse the War or Navy Department for the cost of making the photographs, such cost to be confined to the actual cost of gasoline, oil, film, paper, chemicals, and the labor performed in developing the photographic negatives and the printing of copies of photographs, and the per diem expenses of the personnel authorized by law, together with such incidental expenses as care and minor repairs to plane and transportation of personnel to and from projects, and the War Department or the Navy Department, on request of the Department of the Interior, is authorized to furnish copies to any State, county, or municipal agency cooperating with the Federal Government in the mapping project for which the photographs were taken. In the event that the Director of the Geological Survey deems it advantageous to the Government, the Geological Survey is authorized to contract with civilian aerial photographic concerns for the furnishing of such photographs (act May 9, 1935, 49 Stat., p. 202);

Appropriations herein made shall be available for payment of the costs of packing, crating, and transportation (including drayage) of personal effects of employees upon permanent change of station, under regulations to be prescribed by the Secretary of the Interior (act May 9, 1935, 49 Stat., p. 202);

## Estimate 1937, \$182,500,000

Appropriated 1936, $\mathbf{\$ 1 2 6 , 9 0 5 , 0 0 0}$
[That in the expenditure of appropriations in this Act the Secretary of the Navy shall, unless in his discretion the interest of the Government will not permit, purchase or contract for, within the limits of the United States, only articles of the growth, production, or manufacture of the United States, notwithstanding that such articles of the growth, production, or manufacture of the United States may cost more, if such excess of cost be not unreasonable. $]$

The appropriations made in this Act for the purchase or manufacture of equipment or material or of a particular class of equipment or material shall be available for the purchase of letters patent, applications for letters patent, licenses under letters patent, and applications for letters patent that pertain to such equipment or material for which the appropriations are made.

No part of any appropriation made for the Navy shall be expended for any of the purposes herein provided for on account of the Navy Department in the District of Columbia, including personal services of civilians and of enlisted men of the Navy, except as herein expressly authorized: Provided, That there may be detailed to the Bureau of Navigation not to exceed at any one time [six] seven enlisted men of the Navy: Provided further, That enlisted men detailed to the naval dispensary and the radio communication service shall not be regarded as detailed to the Navy Department in the District of Columbia.

No part of the appropriations made in this Act shall be available for the salary or pay of any officer, manager, superintendent, foreman, or other person or persons having charge of the work of any employee of the United States Government while making or causing to be made with a stop watch or other time-measuring device a time study of any job of any such employee between the starting and completion thereof, or of the movements of any such employee while engaged upon such work; nor shall any part of the appropriations made in this Act be available to pay any premiums or bonus or cash reward to any employee in addition to his regular wages, except for
suggestions resulting in improvements or economy in the operation of any Government plant; and no part of the moneys herein appropriated for the Naval Establishment or herein made available therefor shall be used or expended under contracts hereafter made for the repair, purchase, or acquirement, by or from any private contractor, of any naval vessel, machinery, article or articles that at the time of the proposed repair, purchase, or acquirement can be repaired, manufactured, or produced in each or any of the Government navy yards or arsenals of the United States, when time and facilities permit, and when, in the judgment of the Secretary of the Navy, such repair, purchase, acquirement, or production would not involve an appreciable increase in cost to the Government: Provided, That nothing herein shall be construed as altering or repealing the provisos contained in the Acts to authorize the construction of certain naval vessels, approved February 13, 1929, and March 27, 1934, which provide that the first and succeeding alternate vessels in each category, except the fifteen-thousand-ton aircraft carrier, upon which work is undertaken, together with the main engines, armor, and armament shall be constructed or manufactured in the Government navy yards, naval gun factories, naval ordnance plants, or arsenals of the United States, except such material or parts as are not customarily manufactured in such Government plants.

No part of the funds herein appropriated shall be available to pay a contractor upon any contract for a naval vessel entered into under authority of this Act unless, at the time of filing his bid, he shall also file the estimates upon which such bid was based (act June 24, 1935, 49 Stat., pp. 418-419).

## Sinking fund-

Sec. 6. (a) That there is hereby created in the Treasury a cumulative sinking fund for the retirement of bonds and notes issued under the First Liberty Bond Act, the Second Liberty Bond Act, the Third Liberty Bond Act, the Fourth Liberty Bond Act, or under this Act, and outstanding on July 1, 1920. The sinking fund and all additions thereto are hereby appropriated for the payment of such bonds and notes at maturity or for the redemption or purchase thereof before maturity by the Sccretary of the Treasury at such prices and upon such terms and conditions as he shall prescribe, and shall be available until all such bonds and notes are retired. The average cost of the bonds and notes purchased shall not exceed par and accrlied interest. Bonds and notes purchased, redeemed, or paid out of the sinking fund shall be canceled and retired and shall not be reissued. For the fiscal year beginning July 1, 1920, and for each fiscal year thereafter, until all such bonds and notes are retired, there is hereby appropriated, out of any money in the Treasury not otherwise appropriated, for the purpose of such sinking fund, an amount equal to the sum of (1) $21 / 2$ per centum of the aggregate amount of such bonds and notes outstanding on July 1, 1920, less an amount equal to the par armount of any obligations of foreign governments held by the United States on July 1, 1920, and (2) the interest which would have been payable during the fiscal year for which the appropriation is made on the bonds and notes purchased, redeemed, or paid out of the sinking fund during such year or in previous years.

That subdivision (a) of section 6 of the Victory Liberty Loan Act is amended by inserting before the period at the end of the first sentence a comma and the following words: "and of bonds and notes thereafter issued, under any of such Acts or under any of such Acts as amended" (U.S. C., title 31, sec. 767; [sec. 14 (b) act Jan. 30, 1934, 48 Stat., p. 3431 sec. 20 (b) act, Jan. 30, 1934, 48 Stat., p. 344).

For each fiscal year beginning with the fiscal year 1934, there is hereby appropriated, in addition to and as part of, the cumulative sinking fund provided by section 6 of the Victory Liberty Loan Act, as amended, out of any money in the Treasury not otherwise appropriated, for the purpose of such fund, an amount equal to $21 / 2$ per centum of the aggregate amount of the expenditures made out of appropriations made or authorized under this Act as determined by the Secretary of the Treasury (U.S.C., Supp. VII, title 40 , sec. 410),

Addition to cumulative sinking fund (section 308 of Emergency Relief and Construction Act of 1932): To carry into effect the provisions of section 308 of the Emergency Relief and Construction Act of 1932, approved July 21, 1932 (47 Stat., p. 709), there is hereby appropriated for each fiscal year beginning with the fiscal year 1935, out of any money in the Treasury not otherwise appropriated, for the purposes of the cumulative sinking fund provided in section 6 of the Victory Liberty Loan Act, as amended, in addition to amounts otherwise appropriated, a sum equal to $21 / 2$ per centum of the aggregate of the expenditures on or after June 30 , 1933, from appropriations made or authorized in sections 301 and 302, title III, of the Emergency Relief and Construction Act of 1932 (U. There is hereby imposed upon the first domestic processing of coconut oil, sesame oil, palm oil, palm kernel oil, or sunflower oil, or of any combination or mixture containing a substantial quantity of any one or more of such oils with respect to any of which oils there has been no previous first domestic processing, a tax of 3 cents per pound, to be paid by the processor. There is hereby imposed (in addition to the tax imposed by the preceding sentence) a tax of 2 cents per pound, to be paid by the processor, upon the first domestic processing of coconut oil or of any combination or mixture containing a substantial quantity of coconut oil with respect to which oil there has been no previous first domestic processing, except that the tax imposed by this sentence shall not apply when it is established, in accordance with regulations prescribed by the Commissioner with the approval of the Secretary, that such coconut oil (whether or not contained in such a combination or mixture), (A) is wholly the production of the Philippine Islands or any other possession of the United States, or (B) was produced wholly from materials the growth or production of the Philippine Islands or any other possession of the United States, or (C) was brought into the United States on or before the 30th day after the date of enactment of this Act, or produced from materials brought into the United States on or before the thirtieth day after the date of enactment of this Act, or (D) was purchased under a bona fide contract entered into prior to April 26, 1934, or produced from materials purchased under a bona fide contract entered into prior to April 26, 1934. All taxes collected under this section with respect to coconut oil wholly of Philippine production or produced from materials wholly of Philippine growth or production, shall be held as a separate fund and paid to the treasury of the Philippine Islands, but if at any time the Philippine government provides by any law for any subsidy to be paid to the producers of copra, coconut oil, or allied products, no further payments to the Philippine treasury shall be made under this subsection. For the purposes of this section the term "first domestic processing" means the first use in the United States, in the manufacture or production of an article intended for sale, of the article with respect to which the tax is imposed, but does not include the use of palm oil in the manufacture of tin plate (act May 10, 1984, 48 Stai., p. 763, sec. 602112 (a)).
