## MEDICAL DEPARTMENT

medical and hospital department, army
Medical and Hospital Department, Army-
For the manufacture and purchase of medical and hospital supplies, including disinfectants, for military posts, camps, hospitals, hospital ships and transports, for laundry work for enlisted men and Army nurses while patients in a hospital, and supplies required for mosquito destruction in and about military posts in the Canal Zone; for the purchase of veterinary supplies and hire of veterinary surgeons; for expenses of medical supply depots; for medical care and treatment not otherwise provided for, including care and subsistence in private hospitals of officers, enlisted men, and civilian employees of the Army, of applicants for enlistment, and of prisoners of war and other persons in military custody or confinement, when entitled thereto by law, regulation, or contract: Provided, That this shall not apply to officers and enlisted men who are treated in private hospitals or by civilian physicians while on furlough; for the proper care and treatment of epidemic and contagious diseases in the Army or at military posts or stations, including measures to prevent the spread thereof, and the payment of reasonable damages not otherwise provided for for bedding and clothing injured or destroyed in such prevention; for the care of insane Filipino soldiers in conformity with the Act of Congress approved May 11, 1908 (U. S. C., title 24, sec. 198); for the pay of male and female nurses, not including the Army Nurse Corps, and of cooks and other civilians employed for the proper care of sick officers and soldiers, under such regulations fixing their number, qualifications, assignments, pay, and allowances as shall have been or shall be prescribed by the Secretary of War; for the pay of civilian physicians employed to examine physically applicants for enlistment and enlisted men and to render other professional services from time to time under proper authority; for the pay of other employees of the Medical Department; for the payment of express companies and local transfers employed directly by the Medical Department for the transportation of medical and hospital supplies, including bidders' samples and water for analysis; for supplies for use in teaching the art of cooking to the enlisted force of the Medical Department; for the supply of Army and Navy Hospital at Hot

Springs, Arkansas; for advertising, laundry, and all other necessary miscellaneous expenses of the Medical Department, [\$1,218,843] $\$ 1,465,198$ (U. S. C., title 10, sec. 81; title 24, sec. 198; act Apr. 9, 1935, 49 Stat., pp. 194-135).

No appropriation contained in this Act shall be available for any expense for or on account of a larger number of mounted units and wagon and service companies of the National Guard than were in existence on June 30, 1932: Provided, That officers, warrant officers, and enlisted men of the National Guard and Organized Reserves, who, under regulations preseribed by the Secretary of War, volunteer to participate without pay as competitors in the National Rifle Matches to be held during the fiscal year [1936] 1937, may attend such matches without pay, notwithstanding any provision of law to the contrary, but shall be entitled to travel and subsistence allowances at the same rates as are provided for civilians who attend and participate in said matches (act Apr. 9, 1935. 49 Stat., p. 140 ).

Total under National Guard Bureau, annual appropriation, general account:
Estimate 1937, \$36,343,152
Appropriated 1936, \$33,987,323

## ORGANIZED RESERVES

Organized Reserves-
For pay and allowances of members of the Officers' Reserve Corps on active duty in accordance with law; mileage, reimbursement of actual traveling expenses, or per diem allowances in lieu thereof, as authorized by law: Provided, That the mileage allowance to members of the Officers' Reserve Corps when called into active service for training for fifteen days or less shall not exceed 4 cents per mile; pay, transportation, subsistence, clothing, and medical and hospital treatment of members of the Enlisted Reserve Corps; conducting correspondence or extension courses for instruction of members of the Reserve Corps, including necessary supplies, procurement of maps and textbooks, and transportation and traveling expenses of employees; purchase of training manuals, including Government publications and blank forms, subscriptions to magazines and periodicals of a professional or technical nature; establishment, maintenance, and operation of divisional and regimental headquarters and of camps for training of the Organized Reserves; for miscellaneous expenses incident to the administration of the Organized Reserves, including the maintenance and operation of
motor-propelled passenger-carrying vehicles and purchase of fifteen such vehicles; for the actual and necessary expenses, or per diem in lieu thereof, at rates authorized by law, incurred by officers and enlisted men of the Regular Army traveling on duty in connection with the Organized Reserves, and for travel of dependents, and packing and transportation of baggage of such personnel; for expenses incident to the use, including upkeep and depreciation costs, of supplies, equipment, and materiel furnished in accordance with law from stocks under the control of the War Department, except that not to exceed [\$845,725] $\$ 853,275$ of this appropriation shall be available for expenditure by the Chief of the Air Corps for the production and purchase of new airplanes and their equipment, spare parts, and accessories; for transportation of baggage, including packing and crating, of reserve officers ordered to active duty for not less than six months; for the medical and hospital treatment of members of the Officers' Reserve Corps and of the Enlisted Reserve Corps, who suffer personal injury or contract disease in line of duty, as provided by the Act of April 26, 1928 (U. S. C., Supp. VII, title 10 , secs. 451,455 ), and for such other purposes in connection therewith as are authorized by the said Act, including pay and allowances, subsistence, transportation, and burial expenses; in all, [ $\$ 6,372,178 \mathbf{1} \$ 6,656,883$; and no part of such total sum shall be available for any expense incident to giving flight training to any officer of the Officers' Reserve Corps unless he shall be found physically and professionally qualified to perform aviation service as an aviation pilot, by such agency as the Secretary of War may designate: Provided, That not to exceed $\$ 100,000$ of this appropriation may be used for establishment and maintenance of divisional and regimental headquarters.

None of the funds appropriated elsewhere in this Act, except for printing and binding, field exercises, and for pay and allowances of officers and enlisted men of the Regular Army, and for mileage reimbursement of actual traveling expenses, or per diem allowances in lieu thereof, as authorized by law, to Air Corps reserve officers on extended active duty, shall be used for expenses in connection with the Organized Reserves, but available supplies and existing facilities at military posts shall be utilized to the fullest extent possible.

No appropriation made in this Act shall be available for pay, allowances, or traveling or other expenses of any officer of the Organized Reserves who may be drawing a pension, disability allowance, disability compensation, or retired pay from the Government of the United States: Provided, That nothing in this provision shall be so construed as to prevent the application of funds herein contained to the pay, allowances, or traveling expenses of any officer or enlisted man of the Reserve Corps who may surrender said pension, disability allowance, disability compensation, or retired pay for the period of his active duty in the Reserve Corps.

No appropriation made in this Act shall be expended for the pay of a reserve officer on active duty for a longer period than fifteen days, except such as may be detailed for duty with the War Department General Staff under section 3 a and section 5 (b) of the Army Reorganization Act approved June 4, 1920 (U. S. C., title 10, secs. 26, 37), [or who may be detailed] for courses of instruction at the general or special service schools of the Army, Lor who may be detailed] for duty as instructors at civilian military training camps, appropriated for in this Act, [or who may be detailed] or for duty with tactical units of the Air Corps, as provided in section 37a of the Army Reorganization Act approved June 4, 1920 (U. S. C., title 10, sec. 369): Provided, That the pay and allowances of such additional officers and nurses of the Medical Reserve Corps as are required to supplement the like officers and nurses of the Regular Army in the care of beneficiaries of the United States Veterans' Administration treated in Army hospitals may be paid from the funds allotted to the War Department by that administration under existing law ( $U$. S. C., title 10, secs. 26, 37, 362, 366, 367, 369, 427; U. S. C., Supp. VII, title 10, secs. 451, 455; act Apr. 9, 1935, 49 Stat., pp. 140-141).

## CITIZENS' MILITARY TRAINING

## RESERVE OFFICERS' TRAINING CORPS

Reserve Officers' Training Corps-
For the procurement, maintenance, and issue, under such regulations as may be prescribed by the Secretary of War, to institutions at which one or more units of the Reserve Officers' Training Corps are maintained, of such public animals, means of transportation, supplies, tentage, equipment, and uniforms as he may deem necessary, including cleaning and laundering of uniforms and clothing at camps; and to forage, at the expense of the United States, public animals so issued, and to pay commutation in lieu of uniforms at a rate to be fixed annually by the Secretary of War; for transporting said animals and other authorized supplies and equipment from place of issue to the several institutions and training camps and return of same to place of issue when necessary; for purchase of training manuals, including Government publications and blank forms; for the establishment and maintenance of camps for the further practical instruction of the members of the Reserve Officers' Training Corps, and for transporting members of such corps to and from such camps, and to subsist them while traveling to and from such camps and while remaining therein so far as appropriations will permit, or, in lieu of transporting them to and from such camps and subsisting them while en route, to pay them travel allowance at the rate of 5 cents per mile for the distance by the shortest usually traveled route from the places from which they are authorized to proceed to the camp and for the return travel thereto, and to pay the return travel pay in advance of the actual performance of the travel; for expenses incident to the use, including upkeep and depreciation costs, of
supplies, equipment, and matériel furnished in accordance with law from stocks under the control of the War Department; for pay for students attending advanced camps at the rate prescribed for soldiers of the seventh grade of the Regular Army; for the payment of commutation of subsistence to members of the senior division of the Reserve Officers' Training Corps, at a rate not exceeding the cost of the garrison ration prescribed for the Army, as authorized in the Act approved June 3, 1916, as amended by the Act approved June 4, 1920 (U. S. C., title 10, sec. 387) ; for medical and hospital treatment until return to their homes and further medical treatment after arrival at their homes, subsistence during hospitalization and until furnished transportation to their homes, and transportation when fit for travel to their homes of members of the Reserve Officers' Training Corps who suffer personal injury or contract disease in line of duty while en route to or from and while at camps of instruction under the provisions of section 47a of the National Defense Act approved June 3, 1916 (U. S. C., title 10 , sec. 441), as amended; and for the cost of preparation and transportation to their homes and burial expenses of the remains of members of the Reserve Officers' Training Corps who die while attending camps of instruction as provided in the Act approved April 26, 1928 (U. S. C., Supp. VII, title 10, sec. 455); for mileage, traveling expenses, or transportation, for transportation of dependents, and for packing and transportation of baggage, as authorized by law, for officers, warrant officers, and enlisted men of the Regular Army traveling on duty pertaining to or on detail to or relief from duty with the Reserve Officers' Training Corps; for the purchase, maintenance, repair, and operation of motor vehicles, including station wagons, [ $\$ 4,452,304] \$ 4,067,996$; of which $\$ 400,000$ shall be available immediately: Provided, That the Secrerary of War is authorized to issue, without charge, in lieu of purchase, for the use of the Reserve Officers' Training Corps, so many horses now belonging to the Regular Army as he may consider desirable: Provided, That uniforms and other equipment or material issued to the Reserve Officers' Training Corps in accordance with law shall be furnished from surplus or reserve stocks of the War Department without payment from this appropriation, except for actual expense incurred in the manufacture or issue: Provided further, That in no case shall the amount paid from this appropriation for uniforms, equipment, or material furnished to the Reserve Officers' Training Corps from stocks under the control of the War Department be in excess of the price current at the time the issue is made: Provided further, That none of the funds appropriated in this Act shall be used for the organization or maintenance of an additional number of mounted, motor transport, or tank units in the Reserve Officers' Training Corps in excess of the number in existence on January 1, 1928: Provided further, That none of the funds appropriated in this Act shall be available for any expense on account of any student in Air Corps, Medical Corps, Dental Corps, or Veterinary units not a member of such units on May 5, 1932, but such stoppage of further enrollments shall not interfere with the maintenance of existing units: Provided further, That none of the funds appropriated elsewhere in this Act, except for printing and binding and pay and allowances of officers and enlisted men of the Regular Army, shall be used for expenses in connection with the Reserve Officers' Training Corps (U.S. C., title 10, secs. 381-385, 387-390, 441, 443, 444, 454; U. S. C., Supp. VII, title 10, secs. 451,455 ; act Apr. $9,1935,49$ Stat., pp. 149-143).

CITIZENS' MILITARY TRAINING CAMPS

## Citizens' Military Training Camps-

For furnishing, at the expense of the United States, to warrant officers, enlisted men, and civilians attending training camps maintained under the provisions of section 47d of the National Defense Act of June 3, 1916, as amended (U. S. C., title 10, sec. 442), uniforms, including altering, fitting, washing, and cleaning when necessary, subsistence, or subsistence allowances and transportation, or transportation allowances, as prescribed in said section 47 d , as amended; for such expenditures as are authorized by said section 47 d as may be necessary for the establishment and maintenance of said camps, including recruiting and advertising therefor, and the cost of maintenance, repair, and operation of passengercarrying vehicles; for expenses incident to the use, including upkeep and depreciation costs, of supplies, equipment, and matériel furnished in accordance with law from stocks under the control of the War Department; for gymnasium and athletic supplies (not exceeding $\$ 20,000$ ); for mileage, reimbursement of traveling expenses, or allowance in lieu thereof as authorized by law, for officers of the Regular Army and Organized Reserves, and for the travel expenses of enlisted men of the Regular Army, traveling on duty in connection with citizens' military training camps; for purchase of training manuals, including Government publications and blank forms; for medical and hospital treatment, subsistence, and transportation, in case of injury or disease contracted in line of duty, of members of the citizens' military training camps and for transportation and burial of remains of any such members who die while undergoing training or hospital treatment, as provided in the Act of April 26,1928 (U. S. C., Supp. VII, title 10, secs. 454, 455); in all, $\$ 2,000,000$ : Provided, That the funds herein appropriated shall not be used for the training of any person in the first year or lowest course, who shall have reached his twenty-fourth birthday before the date of enrollment: Providedfurther, That none of the funds appropriated elsewhere in this Act except for printing and binding and for pay and allowances of officers and enlisted men of the Regular Army shall be used for expenses in connection with citizens' military training camps: Provided further, That uniforms and other equipment or matériel furnished in accordance with law for use at citizens' military training camps shall be furnished from surplus or reserve stocks of the War Department without payment from this appropriation, except for actual expense incurred in the manufacture or issue: Provided further, That in no case shall the amount paid from this appropriation for uniforms, equipment, or matériel furnished in accordance with law for use at citizens' military training camps from stocks under the control of the War Department be in excess of the price current at the time the issue is made (U. S. C., title 10, secs. 442, 454; U. S. C., Supp. VII, title 10, secs. 454, 455; act Apr. 9, 1935, 49 Stat., pp. 143-144).
Estimate 1937, \$2,000,000

## FINANCE DEPARTMENT

Trust account:
Pay of the Army, Deposit Fund-
"Sec. 1305. Any enlisted man of the Army may deposit his savings in sums not less than $\$ 5$, with any Army paymaster, who shall furnish him a deposit book, in which shall be entered the name of the paymaster and of the soldier, and the amount, date, and place of such deposit. The amounts so deposited shall be accounted for in the same manner as other public funds, and shall be deposited in the Treasury of the United States and kept as a separate fund, known as pay of the Army deposit fund, repayment of which to the enlisted man on discharge from the service shall be made out of the fund created by said deposits, and shall not be subject to forfeiture by sentence of court martial, but shall be forfeited by desertion, and shall not be permitted to be paid until final payment on discharge, or to the heirs or representatives of a deceased soldier, and that such deposits be exempt from liability for such soldiers' debts: Provided, That the Government shall be liable for the amounts deposited to the persons so depositing the same" (U. S. C., title 10, sec. 906).

## CORPS OF ENGINEERS

## RIVERS AND harbors

To be immediately available and to be expended under the direction of the Secretary of War and the supervision of the Chief of Engineers:

## Maintenance and Improvement of Existing River and Harbor Works-

For the preservation and maintenance of existing river and harbor works, and for the prosecution of such projects heretofore authorized as may be most desirable in the interests of commerce and navigation; for survey of northern and northwestern lakes and other boundary and connecting waters as heretofore authorized, including the preparation, correction, printing, and issuing of charts and bulletins and the investigation of lake levels; for prevention of obstructive and injurious deposits within the harbor and adjacent waters of New York City; for expenses of the California Débris Commission in carrying on the work authorized by the Act approved March 1, 1893 (U. S. C., title 33, sec. 661); for removing sunken vessels or craft obstructing or endangering navigation as authorized by law; for operating and maintaining, keeping in repair, and continuing in use without interruption any lock, canal (except the Panama Canal), canalized river or other public works for the use and benefit of navigation belonging to the United States; for payment annually of tuition fees of not to exceed thirty-five student officers of the Corps of Engineers at civil technical institutions under the provisions of section 127a of the National Defense Act, as amended (U. S. C., title 10, sec. 595); for examinations, surveys, and contingencies of rivers and harbors; and for printing, including illustrations, as may be authorized by the Committee on Printing of the House of Representatives, either during a recess or session of Congress, of surveys under House Document Numbered 308, Sixty-ninth Congress, first session, and section 10 of the Flood Control Act, approved May 15, 1928 (U. S. C., Supp. VII, title 33, sec. 702j), and such surveys as may be printed during a recess of Congress shall be printed, with illustrations, as documents of the next succeeding session of Congress, and for the purchase of motor-propelled passenger-carrying vehicles, and motor boats, for official use, not to exceed [\$155,150] \$146,050: Provided, That no funds shall be expended for any preliminary examination, survey, project, or estimate not authorized by law, $\mathbf{~} \$ 34,057,270]$ $\$ 38,677,899$ : Provided further, That no appropriation under the Corps of Engineers for the fiscal year [1936] 1937 shall be available for any expenses incident to operating any power-driven boat or vessel on other than Government business: Provided further, That not to exceed $\$ 3,000$ of the amount herein appropriated shall be available for the support and maintenance of the Permanent International Commission of the Congresses of Navigation and for the payment of the actual expenses of the properly accredited delegates of the United States to the meeting of the congresses and of the commission (U. S. C., titte 39, secs. 541, 622, 661; act Apr. 9, 1985, 49 Stat., pp. 145-146).
Estimate 1937, $\$ 38,677,899$
Appropriated 1936, a $\$ \mathbf{4 4 , 0 5 7 , 2 7 0}$
a Includes $\$ 10,000,000$ appropriated in Second Deficiency Act, fiscal year 1935.

## THE PANAMA CANAL

Maintenance and Operation, Panama Canal-
The limitations on the expenditure of appropriations hereinbefore made in this Act shall not apply to the appropriations for the Panama Canal.

For every expenditure requisite for and incident to the maintenance and operation, sanitation, and civil government of the Panama Canal and Canal Zone, including the following: Compensation of all officials and employees; foreign and domestic newspapers and periodicals; law books not exceeding $\$ 1,000$; textbooks and books of reference; printing and binding, including printing of annual report; rent and personal services in the District of Columbia; purchase or exchange of typewriting, adding, and other machines; purchase or exchange, maintenance, repair, and operation of motor-propelled and horse-drawn passenger-carrying vehicles; claims for damages to vessels passing through the locks of the Panama Canal, as authorized by the Panama Canal Act; claims for losses of or damages to property arising from the conduct of authorized business operations; claims for damages to property arising from the maintenance and operation, sanitation, and civil government of the Panama Canal; acquisition of land and land under water, as authorized in the Panama Canal Act; expenses incurred in assembling, assorting, storing, repairing, and selling material, machinery, and equipment heretofore or hereafter purchased or acquired for the construction of the Panama Canal which are unserviceable or no longer needed, to be reimbursed from the proceeds of such sales; expenses incident to conducting hearings and examining estimates for appropriations on the Isthmus; expenses incident to any emergency arising because of calamity by flood, fire, pestilence, or like character not foreseen or otherwise provided for herein; traveling expenses, when prescribed by the Governor of the Panama Canal to persons engaged in field work or traveling on official business; transportation, including insurance, of public funds and securities between the United States and the Canal Zone; and for such other expenses not in the United States as the Governor of the Panama Canal may deem necessary best to promote the maintenance and operation, sanitation, and civil government of the Panama Canal, all to be expended under the direction of the Governor of the Panama Canal and accounted for as follows (U. S. C., title 48, sec. 1305; act Apr. 9, 1935, 49 Stat., p. 147).

For maintenance and operation of the Panama Canal: Salary of the Governor, $\$ 10,000$; purchase, inspection, delivery, handling, and storing of materials, supplies, and equipment for issue to all departments of the Panama Canal, the Panama Railroad, other branches of the United States Government, and for authorized sales; payment in lump sums of not exceeding the amounts authorized by the Injury Compensation Act approved September 7, 1916 (U. S. C., title 5 , sec. 793 ), to alien cripples who are now a charge upon the Panama Canal by reason of injuries sustained while employed in the construction of the Panama Canal; [for continuing the construction of the Madden Dam across the Chagres River at Alhajuela for the storage of water for use in the maintenance and operation of the Panama Canal, together with a hydroelectric plant, roadways, and such other work as in the judgment of the Governor of the Panama Canal may be necessary, to cost in the aggregate not to exceed $\$ 15,500,000 ;]$ in all $[\$ 6,900,000] \$ 9,289,201$, together with all moneys arising from the conduct of business operations authorized
by the Panama Canal Act (U.S. C., title 5, sec. 793; title 48, sec. 1305; act Apr. 9, 1935, 49 Stat., pp. 147-148).
Estimate 1937, \$9,289,201 Appropriated 1936, a ${ }^{\mathbf{\$ 6}, 900,000}$
${ }^{a}$ In addition, $\$ 2,100,000$ made available from Panama Canal reserves.

Maintenance and Operation, Panama Canal-Continued.

In addition to the foregoing sums there is appropriated for the fiscal year [1936] 1987 for expenditures and reinvestment under the several heads of appropriation aforesaid, without being covered into the Treasury of the United States, all moneys received by the Panama Canal from services rendered or materials and supplies furnished to the United States, the Panama Railroad Company, the Canal Zone government, or to their employees, respectively, or to the Panama Government, from hotel and hospital supplies and services; from rentals, wharfage, and like service; from labor, materials, and supplies and other services furnished to vessels other than those passing through the canal, and to others unable to obtain the same elsewhere; from the sale of scrap and other byproducts of manufacturing and shop operations; from the sale of obsolete and unserviceable materials, supplies, and equipment purchased or acquired for the operation, maintenance, protection, sanitation, and government of the Canal and Canal Zone; and any net profits accruing from such business to the Panama Canal shall annually be covered into the Treasury of the United States (act Apr. 9, 1935, 49 Stat., p. 148).

In addition there is appropriated for the operation, maintenance, and extension of waterworks, sewers, and pavements in the cities of Panama and Colon, during the fiscal year [1936] 1937 the necessary portions of such sums as shall be paid as water rentals or directly by the Government of Panama for such expenses (act Apr. 9, 1935, 49 Stat., p. 148).

Sec. 2. No part of any money appropriated by this Act shall be used for maintaining, driving, or operating any Governmentowned motor-propelled passenger-carrying vehicle assigned for the exclusive use of persons other than the Secretary of War and medical officers on out-patient medical service (act Apr. 9, 1935, 49 Stat., p. 148).

Sec. 3. No part of any appropriation made by this Act shall be used in any way to pay any expense in connection with the conduct, operation, or management of any post exchange, branch exchange, or subexchange within any State, Territory, or the District of Columbia, save and except for real assistance and convenience to military personnel and civilians employed or serving at military posts and to retired enlisted naval personnel in supplying them with articles of ordinary use, wear, and consumption not furnished by the Government (act Apr. 9, 1935, 49 Stat., p. 148).

Sec. 4. Not to exceed 10 per centum of any appropriation for the War Department for the fiscal year ending June 30, 1937, may be transferred, with the approval of the Director of the Bureau of the Budget, to any other appropriation or appropriations for such fiscal year for said Department, but no appropriation shall be increased more than 10 per centum thereby: Provided, That no such transfer shall be made between any appropriation under title $I$ and any appropriation under title $I I$ hereof or between any appropriation under title $I$ or II hereof and any appropriation for the Panama Canal: Provided further, That all such transfers of appropriations made or contemplated shall be set forth in the Budget for the fiscal year 1938.

Total, War Department, including Panama Canal:
Estimate 1937, $\$ 445,637,005$ Appropriated 1936, $\$ 424,747,594.43$ Revised 1936, $\$ 425,310,048.43$

## JUSTIFICATION

## POSTAL REVENUES

The postal revenues showed a progressive decline from the high point for all time of $\$ 705,484,000$ for the fiscal year 1930 down to $\$ 586,733,000$ for the fiscal year 1934. Beginning with January 1934 (within the fiscal year 1934) the revenues commenced to increase over corresponding months for the previous year and showed an increase for the period January 1 to June 30, 1934, over the corresponding period for 1933 of approximately 6 percent. Continuing this upturn the revenues for the fiscal year 1935 (July 1, 1934, to June 30, 1935) showed an increase over the fiscal year 1934 (July 1, 1933, to June 30, 1934) of 7.5 percent. This trend has continued into the fiscal year 1936 (from July to include November 1935) at the rate of 7.5 percent over the corresponding period for the calendar year 1934.

Based on the experience had from January 1934 up to the present time, and in view of the present prospect that postal business will continue to improve, it is estimated that the revenues for the fiscal year 1936 will exceed the revenues for 1935 by at least 6.2 percent, and that the increase for 1937 over the fiscal year 1936 will not be less than 5.2 percent.

This upward trend has been underestimated since December 1933, when the Budget for the fiscal year 1935 was prepared. Then it was estimated that the revenues for 1935 would amount to $\$ 585,000,000$. This figure for 1935 was revised to $\$ 615,000,000$ in December 1934 when the Budget for the fiscal year 1936 was prepared. The close of the fiscal year 1935 showed total actual revenues of $\$ 630,795,000$, an increase of $\$ 45,795,000$ over the Budget estimate of December 1933, $\$ 15,795,000$ over the Budget estimate of December 1934, and incidentally, $\$ 44,062,000$ over the actual rovenues for 1934.

In December 1934 when the Budget for the fiscal year 1936 was prepared, the estimated revenues for 1936 were placed at $\$ 645,000,000$, predicated on an increase of $\$ 30,000,000$ over the revenues then estimated for 1935. The revenues for 1936 are now estimated at $\$ 670,000,000$, an increase of $\$ 55,000,000$ over the Budget estimate of December 1934 for the fiscal year 1935, and $\$ 39,200,000$ over the actual revenues for 1935.

The revenues for the fiscal year 1937 are estimated at $\$ 705,000,000$, an increase of $\$ 35,000,000$ over the present estimate for 1936 . The estimated revenues for 1936 and 1937 are now predicated on rates of increase over prior years, which appear conservative when compared with past experience and the present rate of increase for the fiscal year 1936 (July to November 1935) of 7.5 percent over the corresponding preceding period.

The principal increases in postal revenues are derived from first- and fourth-class mail, as shown by Supporting Statements Nos. 1 and 2. The Revenue Act of 1932, approved June 6, 1932, increased the postage rate for first-class mail from 2 cents to 3 cents an ounce. This rate has been continued from year to year, the last continuance having been made by Public Resolution No. 36, Seventy-fourth Congress, approved June 28, 1935, which extended the 3 -cent rate to include June 30, 1937. This 3 -cent letter rate was the principal factor in arresting the decline in postal income during the fiscal years 1933 and 1934. No special system has been established to determine the amount of additional revenue accruing from this increased postage rate, as the cost of such a system does not appear to be justified in comparison with the
benefits that might accrue therefrom. However, it is estimated that the additional income from this 3-cent rate was not less than $\$ 75,000,000$ for the fiscal years 1933 and 1934 and may produce as much as $\$ 100,000,000$ for 1937. Even with the improvement in postal business, it is essential that the 3 -cent rate be continued. To revert to the 2 -cent rate would probably increase the postal deficit to a total of $\$ 180,000,000$ a year, or within $\$ 25,000,000$ of the high point of 1932 , as a charge against the general fund of the Treasury.

Attention is invited to the table, appearing at the end of this statement, which sets forth the trend in postal revenues and expenditures for the fiscal years 1930 to 1937.

## POSTAL EXPENDITURES

The estimated expenditures for postal operations for the fiscal year 1937 amount to a total of $\$ 783,909,149$, and the estimated postal revenues are placed at $\$ 705,000$,000, indicating a postal deficit for 1937 of $\$ 78,909,149$. This deficit, to be paid from general revenues of the Treasury, is carried forward to the general budget.

It is now estimated that the expenditure requirements for postal operations for the fiscal year 1936 will approximate $\$ 760,652,054$, and that the revenues will amount to $\$ 670,000,000$, resulting in a postal deficit for 1936 of $\$ 90,652,054$, to be financed from the general revenues of the Treasury.

From the table following this statement it will be noted that the postal revenues for 1931 and 1932 declined by 7 percent and 10.4 percent, respectively, while the expenditures were reduced by less than 1 percent for each of those years. The decrease in revenues was checked for the fiscal years 1933 and 1934, due principally to additional revenue received from the increase in the postage rate from 2 cents to 3 cents for first-class mail, but the expenditures for those 2 years were reduced 12.4 percent and 9.2 percent, respectively, due principally to the enactment of economy measures by Congress and to a reduction in the volume of mails.

The upturn in general business conditions and the additional income from the 3-cent letter rate changed the postal revenues to an upward trend during the first three months of the calendar year 1934, and this trend has continued up to the present time. Due to this upturn in the general business situation and a corresponding increase in the requirement for additional postal service, and due to the gradual reduction, and finally the elimination, of the economy measures limiting salaries, the postal expenditures showed an increase for 1935 and estimated increases for the fiscal years 1936 and 1937. The revenues for 1935 increased 7.5 percent and the expenditures 10.8 percent. It is estimated that the revenues for 1936 and 1937 will increase 6.2 percent and 5.2 percent, and that the expenditures will increase 8.6 percent and 3.1 percent, respectively.

The estimated expenditures for the fiscal years 1936 and 1937 are predicated on the payment of salaries and wages at the full 100 percent rate, while for 1935 , salaries were paid, on the average, at the rate of 96.25 percent of the full rate, representing a saving of $\$ 17,900,000$ below the 100 percent rate. During the last session of Congress there was enacted the so-called 40 -hour week law for postal employees which became effective October 1, 1935, the air-mail act under which the Interstate Commerce Commission fixed increased rates of compensation for air-
mail contractors, and other acts of minor importance, which involve additional expenditures without benefit to the postal revenues. The additional expenditures required by such legislation are estimated at $\$ 23,785,000$ for 1936 and $\$ 28,900,000$ for 1937.

If, for purposes of comparison, the legislative savings of $\$ 17,900,000$ be added to the expenditures for 1935 , and the estimated additional expenditures, due to the aforesaid legislation, of $\$ 23,785,000$ and $\$ 28,900,000$ be deducted from the estimated expenditures for the fiscal years 1936 and 1937, respectively, the increase in expenditures for those 2 years due solely to increase in postal business would be 2.6 percent and 2.5 percent compared with estimated increases in revenues of 6.2 percent and 5.2 percent, respectively.

Assuming that these estimates are fairly accurate, it is deemed pertinent to point to the fact that due to the anticipated increase in postal business, the increase in expenditures (using 100 percent pay rate for 1935 and exclusive of additional expenditures for 1936 and 1937 imposed by recent legislation) would be less than half of the anticipated increase in revenues.

The estimated expenditures for 1936 and 1937 exceed the estimated revenues for such years by $\$ 90,652,000$ and $\$ 78,909,000$, or 13.5 percent and 11.2 percent, respectively, of which the amounts of $\$ 23,785,000$ and $\$ 28,900$,000 , or 3.5 percent and 4 percent of such differences, respectively, are due to the above-mentioned legislation enacted during the last session of Congress.

## SALARIES AND WAGES

The estimates for compensation of postal personnel for 1937 total $\$ 575,925,000$ which, compared with estimated requirements for 1936 of $\$ 552,200,000$, indicates an increase for 1937 over 1936 of $\$ 23,725,000$. The total for 1937 includes $\$ 27,370,000$ to meet the additional obligations required for personnel under the 40-hour-week law approved August 14, 1935, and other acts involving minor increases in compensation. The total for 1936 includes $\$ 22,485,000$ to meet increases due to such legislation. The 40 -hour-week law became effective October 1, 1935 involving additional expenditures for only 9 months of the fiscal year 1936. This difference accounts for $\$ 4,885,000$ of the increase for 1937 over 1936. The remainder, $\$ 18,840,000$ (an increase of 3.6 percent for salaries as compared with an increase of 5.2 percent in revenues) is due to an anticipated increase in the volume of mails and for extension of postal service and facilities to meet public requirements.

## TRANSPORTATION OF MATLS

The requirements for transportation, exclusive of personnel, for 1937 are estimated at $\$ 167,838,000$, com-
pared with the estimated expenditures for $1936, \$ 168,-$ 476,000 , indicating a decrease of $\$ 638,000$. This net decrease involves a reduction in requirements for ocean mail under the Merchant Marine Act of $\$ 2,350,000$, and increases totaling $\$ 1,612,000$, made up of $\$ 1,000,000$ for railroad transportation, $\$ 250,000$ for domestic air mail, $\$ 350,000$ for foreign air mail, and $\$ 112,000$ for miscellaneous adjustments.

## STEAMSHIP AND AIRCRAFT SUBSIDIES

Under "transportation of mails" there is included $\$ 12,180,000$ for transportation of domestic air mail, $\$ 8,230,000$ for foreign air mail, and $\$ 26,500,000$ for transportation of ocean mail under the Merchant Marine Act. These amounts include estimated expenditures in the nature of subsidies in aid of establishing and maintaining the American Merchant Marine and the establishment and maintenance of foreign and domestic air-mail systems by American citizens. Comparative figures for these estimated subsidies for the fiscal years 1935, 1936, and 1937 are as follows:

| Subsidies | 1937 | 1936 | 1935 |
| :---: | :---: | :---: | :---: |
| Merchant marine | \$25, 000, 000 | \$27, 250, 000 | \$28, 292, 841 |
| Domestic air mail | 6, 000, 000 | 5,750,000 | 3, 249, 312 |
| Foreign air mail | 6, 228, 000 | $5,957,000$ | 5, 225, 426 |
| Total | 37, 228, 000 | 38, 957, 000 | 36, 767, 579 |

The items for air mail show increases which are due to extension of routes and services, while the Merchant Marine item shows a decrease which is predicated on anticipated adjustments of existing contracts.

## MISCELLANEOUS EXPENSES

The estimated expenditures under this head totals $\$ 40,146,000$ for 1937 , as against $\$ 39,980,000$ for 1936 , an increase of $\$ 167,000$. This increase is made up of $\$ 620,000$ for equipment, supplies, and materials for the postal service; $\$ 100,000$ for heat, light, and supplies for operation of public buildings occupied by post offices; $\$ 400,000$ for travel expenses of railway postal clerks and post-office inspectors; and $\$ 170,000$ for miscellaneous items; total increases $\$ 1,290,000$; less decrease of $\$ 1,123,000$ for rent, heat, and light for general service, other than public buildings; net increase $\$ 167,000$. As a matter of interest it may be stated in general that while the large number of new public buildings placed in commission operates to decrease the requirement for rented buildings, the cost of operation of the new buildings far exceeds the savings in rent and operation of privately owned buildings vacated.

Comparison of receipts and expenditures for postal operations showing the increases or decreases for the fiscal years 1930 to 1937

## POST OFFICE DEPARTMENT

## ESTIMATES OF APPROPRIATIONS

The following sums are appropriated in conformity with the Act of July 2, 1836 (U. S. C., title 5, sec. 380, title 39, sec. 786), for the Post Office Department for the fiscal year ending June 30, [1936] 1937, namely:

## POST OFFICE DEPARTMENT, 'WASHINGTON, DISTRICT OF COLUMBIA

## OFFICE OF THE POSTMASTER GENERAL

Salaries, Office of Postmaster General-
Salaries: For the Postmaster General and other personal services in the office of the Postmaster General in the District of Columbia, $\$ 228,344$ : Provided, That in expending appropriations or portions of appropriations contained in this Act for the payment of personal services in the District of Columbia in accordance with the Classification Act of 1923, as amended, with the exception of the [Assistant Secretaries of the Treasury and the] Assistant Postmasters General the average of the salaries of the total number of persons under any grade in any bureau, office, or other appropriation unit shall not at any time exceed the average of the compensation rates specified for the grade by such Act, as amended, and in grades in which only one position is allocated the salary of such position shall not exceed the average of the compensation rates for the grade, except that in unusually meritorious cases of one position in a grade advances may be made to rates higher than the average of the compensation rates of the grade, but not more often than once in any fiscal year, and then only to the next higher rate: Provided, That this restriction shall not apply (1) to grades $1,2,3$, and 4 of the clerical-mechanical service, or (2) to require the reduction in salary of any person whose compensation was fixed, as of July 1,1924 , in accordance with the rules of section 6 of such Act, (3) to require the reduction in salary of any person who is transferred from one position to another position in the same or different grade in the same or a different bureau, office, or other appropriation unit, (4) to prevent the payment of a salary under any grade at a rate higher than the maximum rate of the grade when such higher rate is permitted by the Classification Act of 1923, as amended, and is specifically authorized by other law, or (5) to reduce the compensation of any person in a grade in which only one position is allocated ( $U . S$. C., title 5 , sec. 361 ; U.S.C., Supp.VII, title 5, sec. 673; act May 14, 1935, 49 Stat., p. 235).
Estimate 1937, \$228,344
Appropriated 1936, $\$ 228,344$

Total, Office of the Fourth Assistant Postmaster General, annual appropriations:

Scientific investigations: In the disbursement of appropriations contained in this title for the field service of the Post Office Department the Postmaster General may transfer to the Bureau of Standards not to exceed [ $\$ 20,000] \$ 25,000$ for scientific investigations in connection with the purchase of materials, equipment, and supplies necessary in the maintenance and operation of the Postal Service (act May 14, 1995, 49 Stat., p. 249).

Total, field service, Post Office Department: Estimate 1937, \$779,879,755 Appropriated 1936, \$725,142,905

Deficiency in postal revenues: If the revenues of the Post Office Department shall be insufficient to meet the appropriations made under title II of this Act, a sum equal to such deficiency in the revenues of such Department is hereby appropriated, to be paid out of any money in the Treasury not otherwise appropriated, to supply such deficiency in the revenues of the Post Office Department for the fiscal year ending June 30, [1936] 1937, and the sum needed may be advanced to the Post Office Department upon requisition of the Postmaster General (act May 14, 1935, 49 Stat., p. 243).

SEc. 2. Appropriations for the fiscal year [1936] 1957 available for expenses of travel of civilian officers and employees of the executive departments and establishments shall be available also for expenses of travel performed by them on transfer from one official station to another when authorized by the head of the department or establishment concerned in the order directing such transfer [or on reappointment heretofore or during the remainder of the fiscal year 1935 and during the fiscal year 1936 at another official station under the provisions of section 19 of Executive Order Numbered 6166 of June 10, 1933, and for the expenses incurred in packing, crating, drayage, and transportation of household effects and other property, not exceeding in any one case five thousand pounds, of employees so reappointed]: Provided, That such expenses shall not
be allowed for any transfer effected for the convenience of any officer or employee.

Sec. 3. No appropriation available for the executive departments and independent establishments of the Government for the fiscal year ending June 30, [1936] 1987, whether contained in this Act or any other Act, shall be expended-
(a) To purchase any motor-propelled passenger-carrying vehicle (exclusive of busses, ambulances, and station wagons), at a cost, completely equippped for operation, and including the value of any vehicle exchanged, in excess of $\$ 750$, unless otherwise specifically provided for in the appropriation.
(b) For the maintenance, operation, and repair of any Govern-ment-owned motor-propelled passenger-carrying vehicle not used exclusively for official purposes; and "official purposes" shall not include the transportation of officers and employees between their domiciles and places of employment, except in cases of medical officers on out-patient medical services and except in cases of officers and employees engaged in field work the character of whose duties makes such transportation necessary and then only as to such latter cases when the same is approved by the head of the department or establishment concerned. The limitations of this subsection (b) shall not apply to any motor vehicles for official use of the President, or of the heads of the executive departments.
(c) For the maintenance, upkeep, and repair (exclusive of garage rent, pay of operators, tires, fuel, and lubricants) on any one motor-propelled passenger-carrying vehicle, except busses and ambulances, in excess of one-third of the market price of a new vehicle of the same make and class and in no case in excess of $\$ 400$.

SEc. 4. No part of the money appropriated under this Act shall be paid to any person for the filling of any position for which he or she has been nominated after the Senate upon vote has failed to confirm the nomination of such person (act May 14, 1935, 49 Stat., pp. 243-244).

SEC. 5. Not to exceed 10 per centum of any appropriation for the Post Office Department for the fiscal year ending June 30, 1937, may be transferred, with the approval of the Director of the Bureau of the Budget, to any other appropriation or appropriations for such fiscal year for said department, but no appropriation shall be increased more than 10 per centum thereby: Provided, That all such transfers and contemplated transfers shall be set forth in the Budget for the fiscal year 1938.

Total under Post Office Department:
Estimate 1937, \$783,909,149 Appropriated 1936, \$728,849,569

## EXPLANATORY STATEMENT

The Reconstruction Finance Corporation, organized under the act approved January 22, 1932, was created for the purpose of providing emergency loaning facilities for banking and other financial institutions, and for agricultural, commercial, and industrial purposes. The general scope of the Corporation's functions, as authorized by this act, has been extended by subsequent legislation. The act approved January 31, 1935 (Public No. 1,74 th Cong.) extended the obligating authority of the Corporation to February 1, 1937, subject to being terminated at an earlier date as may be fixed by the President by proclamation.

The capital stock of the Corporation, $\$ 500,000,000$, was subscribed and paid by the Secretary of the Treasury from an appropriation made by Congress in accordance with the terms of the original law. Additional funds are provided by an authorization to issue notes, debentures, bonds, and other obligations within limits prescribed by law. The Secretary of the Treasury purchases the obligations of the Corporation whenever additional funds are needed, so that for all practical purposes it is financed almost entirely by the Federal Government.

The Corporation operates by two general methods in carrying out its corporate purposes and functions. It renders financial aid directly to eligible applicants by making loans or by purchases of preferred stock. Such transactions are referred to as "direct operations." The Corporation also furnishes funds to other governmental agencies or corporations, such transfers of funds being referred to as "allocations." These financial operations are indicated in the Corporation's Annexed Budget summary shown above.

The direct operations of the Corporation include loans made to banks, railroads, and commercial business; loans made for financing the marketing of agricultural products; purchases of stock in banks, insurance companies, and mortgage corporations; and for all administrative expenses incurred in connection with such transactions. Direct receipts include repayment of principal and interest (see Supporting Statements Nos. 1 and 2).

Allocations make funds available for advances to other Government agencies and corporations, or for subscriptions to capital stock. These funds have been employed to purchase the capital stock of the Regional Agricultural Credit Corporations, Home Owners' Loan Corporation, Federal Home Loan Banks, Export-Import Banks, Federal Farm Mortgage Corporation, and the R. F. C. Mortgage Corporation. Funds have been also supplied to the Federal Emergency Relief Administration, Farm Credit Administration, Federal Housing Administration, Commodity Credit Corporation, and for the purchase of securities from the Federal Emergency Administration of Public Works and for transfer to the appropriation under the Emergency Relief Appropriation Act of 1935.

Most of the agencies or corporations, which have obtained allocations from the Reconstruction Finance Corporation have also had funds from other sources. Some are authorized to sell obligations directly to the public. Others obtain additional capital from private subscriptions to capital stock, or from moneys appropriated by Congress. The receipts, expenditures, and means of financing these corporations, together with the direct receipts and expenditures of the Reconstruction Finance Corporation, are shown in detail in the foregoing statements.

## JUSTIFICATION

The Tennessee Valley Authority was created by act of Congress approved May 18, 1933. The original act was expanded and clarified by an amending act approved August 31, 1935. So far as the Budget is concerned the principal change was the definite provision for the building of such dams as might be necessary to provide a 9 foot channel from Knoxville to the mouth of the river, and to best serve to promote navigation on the Tennessee River and its tributaries and control destructive flood waters in the Tennessee and Mississippi River drainage basins.

The Second Deficiency Appropriation Act, approved August 12, 1935, provided for continuing construction of Norris Dam, Wheeler Dam, Pickwick Landing Dam, and the beginning of construction of a dam at or near Guntersville, Ala., and a dam at or near Chickamauga Creek, both on the Tennessee River, and a dam in the Hiwassee River at or near Fowlers Bend, together with continuation of preliminary investigations at Aurora and other designated sites.

In the amended act the directors of the Authority are directed to report to Congress not later than April 1, 1936, their recommendations for the unified development of the Tennessee River.

Although these recommendations are not yet completed, it is important to note that the dams now under construction or already specifically authorized are a recognized part of the unified development, and each has been undertaken only after thorough investigation of its necessity as a part of this unified development.
Once a construction program such as this is started, it is important that work be continued at a definitely scheduled rate. So far as a particular dam is concerned, work must so progress as to take advantage of low water stages of the river when specific work must be carried on. Each phase of the work must be coordinated with previous and succeeding stages. This is the subject of careful engineering planning, and funds must be provided to meet the requirements of the engineering schedule.

So far as the series of dams already authorized is concerned, it is important that work on each succeeding dam be undertaken in accordance with a schedule which will best take advantage of the possibility of transfer of plant and equipment from one dam to another. In this way fullest use is made of all such plant and equipment, and its operation rendered most economical. The same thing applies to the possibility of the transfer of trained administrative personnel from one project to another, thus affording continued employment for the individual, and trained and experienced executives for the Authority. These factors have all been considered in scheduling the work on present and proposed dams, and it is essential that the funds contemplated for these purposes in the General Public Works Program in this Budget be available to meet the schedule arranged.

The expenditures for the navigation and flood control program from the beginning of the Authority through the period covered by the General Public Works Program in this Budget will be approximately $\$ 119,500,000$. To complete the construction projects started or definitely proposed will require another $\$ 95,000,000$. These projects have all been directed by Congress, and are necessary to provide the 9 -foot channel from Knoxville to the mouth of the river as authorized by Congress, together
with two tributary storage dams for flood control and river regulation purposes.
Wilson Dam and Reservoir: The General Public Works Program provides for such general expenditures as are necessary for reservoir maintenance and protection apart from that financed through electricity operations.
Norris Dam will be practically completed during 1936, with a small amount in the General Public Works Program for general clean-up work, bringing the total cost of the dam and related work to approximately $\$ 36,400,000$ before credits for salvage of plant and equipment. This estimate provides for a power installation of 100,000 kilowatts.
Wheeler Dam will be practically completed during 1936, with a small amount in the General Public Works Program for general clean-up work, bringing the total cost of this dam and related work to approximately $\$ 32,000,000$ before credits for salvage of plant and equipment. This estimate provides for a power installation of 64,000 kilowatts.
Pickwick Landing Dam was started in 1935, is now progressing on schedule and the General Public Works Program provides for continuation of a full construction schedule during that year. It should be completed during 1938 at a total cost, based on present construction plans, of approximately $\$ 27,000,000$. This estimate does not include cost of power installations which are to be made as required.
Hiwassee, Guntersville, and Chickamauga Dams will be started under present plans during 1936 and should be progressing on a full construction schedule during 1937. Completion of these dams will require from 3 to 4 years, the present estimates of cost being Hiwassee, $\$ 16,000,000$; Guntersville, $\$ 29,400,000$; and Chickamauga, $\$ 29,000,000$. Estimates for these dams cannot be broken down into detail at the present time because of the tentative nature of the construction schedule. These are preliminary estimates based on the general experience in connection with expenditure requirements on dams already constructed. The cost of future power installations is not included in the above estimates.
White Creek Dam: Preliminary studies should be completed during 1936, and the General Public Works Program provides for the beginning of actual construction during 1937. Preliminary estimates of the cost of this dam will not be available until the investigations of local physical conditions are more nearly complete. Total costs may reach $\$ 36,000,000$ plus cost of power installation as required.
Other main river and/or tributary dams: The General Public Works Program provides for the continuing of preliminary studies at Aurora and other specific sites in 1937, including office studies and the necessary field explorations covering physical, engineering, geologic, and other factors involved.
General program: This program has to do with the study of problems of integrated development of the Tennessee Valley watershed as a whole, together with those phases of the program, such as watershed protection and malaria control which are related to conditions created by the dam construction and will result in changed local problems, the treatment of which must be the responsibility of the Authority. The increase in the General Public Works Program for 1937 over 1936 contemplated expenditures for these purposes is caused
by expansion of watershed protection and malariacontrol activities.
General maps and map records: Prior to the creation of the Authority there were no adequate maps of the valley area. Such maps are a necessity in connection with comprehensive valley studies, so they are being developed in cooperation with the United States Geological Survey. The work is continuing at a uniform rate.

The electricity program follows as a necessary incident to the dam-construction program. The statute provides in specific terms for the disposition of surplus power which may be generated at these dams. The major requirements in 1937 are for the construction of transmission facilities which are necessary in order to dispose of this surplus energy. Provision is also made for the operation of existing facilities, or facilities which will be available on the completion of Norris and Wheeler Dams. Revenues from these operations are applied against their cost and revenues of $\$ 1,500,000$ in excess of direct costs are anticipated in 1937, such excess revenues being applied to the other phases of the electricity program. The net amount carried in the General Public Works Program for this purpose is $\$ 5,125,000$, which represents minimum requirements, if the surplus power is to be disposed of in the manner contemplated by the statute. Only by so disposing of this surplus can revenue be made available to eventually return to the United States a fair portion of its investment in these properties.

The items included in the General Public Works Program for the national defense portion of the Authority
activities total $\$ 1,360,000$. This represents the necessary expenditures to maintain and rehabilitate the Muscle Shoals and Nitrate Plant No. 2 properties. In themselves they are minimum requirements for this purpose. The expenditures for national defense purposes cannot be isolated as such. Other phases of the program have important bearing on the national defense. The researches in the fertilizer and chemical field have definite national defense applications and the demonstration fertilizer plant would be available for production of defense materials. Power itself will prove to be an indispensable resource in case of war. Thus, although the Budget estimates provide only for modest, necessary peace-time expenditures of a specific national-defense nature, many elements of the whole Authority program have their national defense implications.
The program for experimental equipment for processing of phosphate and for agricultural development for 1937 requires $\$ 4,684,000$. The principal items of investment would be: (a) Electric and blast furnaces and semiworks equipment; (b) production of more economical plant food processes and products, particularly concentrates; (c) demonstration of new products through experiment stations, divisions of extension, and practical farmers of the Nation; (d) the development and extension of processes to make available new sources of phosphate deposits in the South and West. A normal expansion of present operations is contemplated under these proposed appropriations.

The remainder of the requirements, $\$ 560,000$, covers the studies, demonstrations, and experiments contemPlated by sections 22 and 23 of the act.

## TENNESSEE VALLEY AUTHORITY

## Tennessee Valley Authority Fund-

[For the purpose of carrying out the provisions of the Act entitled "The Tennessee Valley Authority Act of 1933", approved May 18, 1933 (48 Stat. 58), including the continued construction of Norris Dam, Wheeler Dam, Pickwick Landing Dam, and the beginning of construction on a dam at or near Guntersville, Alabama, and a dam at or near Chickamauga Creek, both on the Tennessee River, and a dam on the Hiwassee River, a tributary of the Tennessee River, at or near Fowlers Bend, and the continuation of preliminary investigations as to the location and desirability of a dam at or near Aurora Landing and a dam at or near Whites Creek and the acquisition of necessary land, the clearing of such land, relocation of highways, and the construction or purchase of transmission lines and other facilities, and all other necessary works authorized by said Act, and for printing and binding, law books, books of reference, newspapers, periodicals, purchase, maintenance, and operation of passenger-carrying vehicles, rents in the District of Columbia and elsewhere, and all necessary salaries and expenses connected with the organization, operation, and investigations of the Tennessee Valley Authority, $\$ 36,000,000$ : Provided, That this appropriation and all appropriations, allotments, and other funds made available heretofore to the Tennessee Valley Authority, including any unexpended balances remaining from the appropriation of $\$ 50,000,000$ made to the Tennessee Valley Authority by the Fourth Deficiency Act, fiscal year 1933, the allocation of $\$ 25,000,000$ made to the Tennessee Valley Authority under the Emergency Appropriation Act, fiscal year 1935, and the receipts of the Tennessee Valley Authority from all sources, except as limited by section 26 of the Tennessee Valley Authority Act approved May 18, 1933 ( 48 Stat. 58), shall be covered into and accounted for as one fund to be known as the "Tennessee Valley Authority Fund" and shall remain available until June 30, 1936: Provided further, That not to exceed $\$ 1,000,000$ shall be expended on the dam on the Hiwassee River 1 (act Aug. 12, 1935, 49 Stat., pp. 596-597).
Estimate $1937^{1}$
Appropriated 1936, \$36,000,000
${ }^{1}$ General Publio Works Program Includes an estimate of $\$ 43,000,000$ for Tennessee Valley Authority.

## EXPLANATORY SYNOPSIS

The financial requirements of the District of Columbia for the fiscal year 1937 are summarized in the preceding statements. It will be noted from the Annexed Budget summary that the estimated revenues and receipts of the District for 1937 are expected to total some $\$ 35,300,000$, which, together with the Federal contribution of $\$ 5,700,000$ and the estimated unexpended balance of $\$ 12,500,000$ carried over from the fiscal year 1936, will total $\$ 53,500,000$. The expenditures for 1937 are estimated at some $\$ 43,600,000$. It is expected that there will be an unexpended balance of about $\$ 9,900,000$ at the close of the fiscal year 1937.

## Revenues of the District

Supporting Statement No. 1 shows the revenues and receipts of the District estimated for 1937, as allocated to the general, special, and trust accounts carried on the Treasury books. In the aggregate, these estimates for 1937 are approximately the same as those for 1936, and also correspond closely to the actual revenues and receipts for 1935, if the Federal emergency grants listed as trust account receipts for the years 1936 and 1935 are excluded.

It will be observed that by far the largest source of revenue for the District is the tax on real estate, estimated to yield $\$ 18,550,000$ for 1937 . This yield accrues from a levy of $\$ 17,190,000$, and the remainder from back taxes. The levy is at the rate of $\$ 1.50$ per hundred on an assessed valuation of $\$ 1,146,000,000$. This valuation is $\$ 83,000,-$ 000 less than the 1933 previous maximum figure, but $\$ 14,000,000$ more than the low valuation of 1935 . The tax rate, which stood at $\$ 1.70$ in 1933 , but which was reduced to $\$ 1.50$ in 1934 , is continued at the latter rate.

Current collections from the tax on real estate continue to lag behind the current levy. At the close of the fiscal year 1934, for example, about 16 percent of the levy for that year was delinquent, while at the close of the fiscal year 1935 about 12 percent of the levy for that year was delinquent. For 1936 and 1937, delinquencies are estimated at 10 percent. When other cities, comparable to the District of Columbia and enjoying the same favorable economic conditions, can collect from 94 percent to 96 percent of the current levy, the low percentage of collections in the District of Columbia seems difficult to justify.

The tax on tangible personal property is estimated to yield $\$ 1,000,000$ in 1937, including delinquency payments. It is estimated that current collections under this tax will be only 88 percent of the total levy of $\$ 1,125,000$ for 1937 , which is calculated on a $\$ 75,000,000$ assessment at $\$ 1.50$ per hundred. A large percentage of this tax continues delinquent because of inherent difficulties of collection.

The yield from the tax on intangible personal property is estimated at $\$ 2,300,000$ for 1937, including delinquency payments. The 1937 estimated levy for this tax is placed at $\$ 2,300,000$ ( $\$ 460,000,000$ assessment at 50 cents per hundred), but it is not expected that this amount will be realized by $\$ 45,000$. Of the 1935 levy of $\$ 2,043,525$ the amount of $\$ 59,101$ was delinquent at the end of the year.

Other large items in the revenue estimates of the District for 1937 are the tax on public utilities, banks, and so forth, amounting to $\$ 2,000,000$; licenses, mainly occupational, $\$ 1,350,000$; personal property tax on motor
vehicles, $\$ 550,000$; insurance taxes, $\$ 450,000$; beverage taxes, $\$ 950,000$; fees, $\$ 725,000$; 2-cent gasoline tax, $\$ 2,155,825$; and water rates, $\$ 1,476,000$. In 1935 the water rates were decreased by 25 percent and the metered allowance was increased to 10,000 cubic feet, and the 1937 estimates are based on a continuance of these changes.

## Appropriations for the District

The appropriations recommended for the District in the fiscal year 1937 amount to $\$ 43,100,000$. This amount exceeds the appropriations of the District for 1936, by $\$ 878,385$. The increases and decreases which account for this net increase are explained in detail below.

## GENERAL EXPENSES

Appropriations are made under this heading for the salaries, and in some instances the expenses, of the principal administrative offices, and certain other municipal agencies, such as the Superintendent of Weights and Measures, the Public Utilities Commission, the Department of Vehicles and Traffic, the Recorder of Deeds, and the Register of Wills. The net increase under general expenses of $\$ 192,268$ is due principally to the following items: District of Columbia Unemployment Compensation Act, approved August 28, 1935, District contribution, $\$ 125,000$; purchase of additional land and appurtenances thereon for District of Columbia Repair Shop, $\$ 18,000$; new Smoke Regulations Act, $\$ 15,000$; and personal service increases in the Building Inspection Division, $\$ 9,500$; Plumbing Inspection Division, $\$ 6,300$; Collector's Office, $\$ 2,250$; Office of Corporation Counsel, $\$ 4,600$; and Puolic Utilities Commission, $\$ 6,000$.

## CONTINGENT AND MISCELLANEOUS EXPENSES

Under this head are included automobile, printing, postage, and office expenses, together with the item for the Public Employment Service. The net increase of $\$ 12,237$ is accounted for principally in the amount allowed for the Central Garage with which to maintain improved automobile service for enlarged District activities. The small Public Employment Service item is supplemented by a large Federal grant which it is estimated will be in 1937 about $\$ 90,000$.

## FREE PUBLIC LIBRARY

There is under this head a net increase of $\$ 59,345$ constituting $\$ 89,345$ in increases, less nonrecurring Georgetown Branch Library book item of $\$ 30,000$. The principal item of increase is $\$ 75,000$ toward construction of the Petworth Branch Library, and the remainder is to provide for additional personal and other services.

## SEWERS

The Sewer Department constructs, maintains, and operates the sewerage and sewage-disposal system. The total increase of $\$ 148,573$ is composed of $\$ 190,400$ for the sewage-treatment plant, plus $\$ 8,170$ for cleaning and repairing sewers, less a $\$ 50,000$ decrease for suburban sewers. The decrease in the amount for suburban sewers is offset by recent grants of emergency funds in excess of $\$ 700,000$ which will advance the sewer program
of the District during 1936 and 1937 far ahead of its previously expected program.

## REFUSE

The estimates for the Refuse Department, which exercises the functions of cleaning streets and of collecting and disposing of trash and garbage, include a net increase of $\$ 53,090$ for the collection and disposal of trash from apartment houses, hotels, and similar buildings which are now prohibited from dumping this material in Arlington County.

PUBLIC PLAYGROUNDS
The net increase of $\$ 3,500$ is principally for personal services and maintenance.

## ELECTRICAL DEPARTMENT

The net increase of $\$ 14,500$ will permit the employment of additional electrical inspectors to keep up with increased installations of electrical appliances not only in new construction but also in existing structures, to permit replacement of cable-wire stock, and to service lights on new street extensions.

## PUBLIC SCHOOLS

The net increase of $\$ 385,195$ for operation and maintenance of public schools is composed principally of the following items: Administrative and supervisory $\$ 20,820$, clerks, $\$ 5,520$; department of school attendance, $\$ 200$; teachers and librarians, $\$ 150,540$; vacation schools and playgrounds, $\$ 3,000$; night schools, $\$ 2,820$; care of buildings and grounds, $\$ 23,370$; transportation of tubercular and crippled children, $\$ 2,000$; and additional maintenance and equipment items, $\$ 183,400$.

The net increase of $\$ 219,500$ for buildings and grounds is made up of a construction and land purchase program totaling $\$ 1,049,500$ less the nonrecurring 1936 program of $\$ 830,000$. The 1937 program consists of the following: Lafayette School, 8-room addition and an assemblygymnasium, $\$ 165,000$; Hardy School, finish 4 rooms, upper floor, $\$ 30,000$; Truesdell School addition, 8 rooms and an assembly-gymnasium, $\$ 148,500$; Grimke School addition, 8 rooms and an assembly-gymnasium, $\$ 175,000$; Young School addition, 8 rooms and a gymnasium, \$140,000; Girls' Vocational School, begin construction, $\$ 100,000$; Paul Junior High School addition, 10 rooms and gymnasium, $\$ 165,000$; Anacostia Junior-Senior High School, completing construction, $\$ 100,000$; and $\$ 26,000$ for purchase of additional land for the John F. Cooke School.

## POLICE

The net increase of $\$ 8,615$ is made up of $\$ 29,760$, increases for personal services and other miscellaneous expenses, less $\$ 20,520$ nonrecurring items.

## FOLICEMEN AND FIREMEN'S RELIEF ACCOUNT

The increase of $\$ 15,000$ takes care of the normal increased cost of this fund.

## FIRE

The net decrease of $\$ 25,241$ is composed of increases in the amount of $\$ 63,500$ less nonrecurring items of $\$ 88,741$. The principal items of increase are $\$ 48,000$ for pay and
allowances of the force and $\$ 13,000$ for additional new equipment.

## HEALTH

The net increase of $\$ 33,770$ is made up of total increases in the amount of $\$ 125,600$ less decreases of $\$ 91,830$. These changes are accounted for almost entirely because of reorganization of the health department for the primary purpose of establishing a public nursing service to which all nurses on other health department appropriation rolls are to be transferred. Other increases were $\$ 1,500$ for maintenance of laboratories, $\$ 1,000$ contingent expenses, and $\$ 2,700$ for maintenance and operation of motor vehicles. This department, in 1937, will also receive Federal aid in the estimated amount of $\$ 70,898$ under the Social Security Act.

## courts

Provision is made under this head for the operation of the Juvenile Court, Municipal Court, Police Court, Supreme Court, and Court of Appeals of the District of Columbia, and for the maintenance of District prisoners confined in Federal penitentiaries. There is an increase of $\$ 46,190$ which is made up chiefly of the following items: Juvenile court, $\$ 5,590$; police court, $\$ 3,500$; supreme court, $\$ 18,100$ (replacement of elevators); court of appeals, personal services $\$ 12,500$; and replacement of elevator cars, $\$ 3,500$; miscellaneous expenses of courts, $\$ 2,500$; and printing and binding, $\$ 500$.

## PUBLIC WELFARE

The Board of Public Welfare has general supervision of all public penal, charitable, and correctional institutions, and of the care and maintenance of dependent and delinquent children. The net increase of $\$ 7,350$ under the Board (proper) which includes the Division of Child Welfare, is made up of a total increase of $\$ 10,500$ less $\$ 3,150$ nonrecurring items. The principal item of increase is $\$ 10,000$ for the board and care of guardianship children on account of increased cost of living. The Federal grant under the Social Security Act for home care of dependent children is estimated at $\$ 81,500$.

For the jail there is an increase of $\$ 4,500$ for personal service less $\$ 2,000$ due to a nonrecurring item. There is a net increase of $\$ 84,140$ for the workhouse and reformatory which is made up of $\$ 119,140$ increases, less $\$ 35,000$ nonrecurring items. The principal items of increase are: Personal services $\$ 26,740$, and maintenance $\$ 47,400$, both due to greatly increased prison population. The other increase of $\$ 45,000$ is for the beginning of construction of permanent buildings for women. There is an increase of $\$ 40,000$ for the National Training School for Boys due to the large increase in the number of commitments by the juvenile court to that institution instead of to the Industrial Home School for Colored Children. For the National Training School for Girls there is a slight increase for personal services of $\$ 250$.

For medical charities there are increases under Children's Hospital, $\$ 38,500$; Emergency Hospital, $\$ 10,000$; and Casualty Hospital $\$ 15,000$, chiefly due to the insufficiency of beds in Gallinger Hospital to take care of the District's indigent cases, emergency and otherwise.
The estimates for the Tubercular Hospital and Sanatorium have been consolidated and show a total increase of $\$ 42,000$ for personal services, $\$ 27,000$ for maintenance and expenses, and $\$ 80,000$ for equipment, improvements,
etc., all of which is for the opening of the new sanatorium and operation thereof for the last half of the fiscal year 1937. The Children's Tubercular Sanatorium shows increases in personal services, $\$ 38,940$, and maintenance, $\$ 18,000$, less a nonrecurring item of $\$ 40,000$ for equipment purchased this year. These increases are necessary to place the enlarged institution on a full-capacity basis. There is an increase of $\$ 47,830$ for Gallinger Municipal Hospital primarily for additional nurses and additional food for the enlarged patient population.

For the District Training School, there is an increase of $\$ 10,480$, made up as follows: Personal services, $\$ 4,730$; maintenance, $\$ 1,000$; repairs and improvements, $\$ 4,000$; and station wagon, $\$ 750$. The Industrial Home School for Colored Children has an increase of $\$ 2,750$ for repairs and improvements and the procurement of a station wagon. The Industrial Home School has an increase of $\$ 580$ for personal services. The increase in the item for the Home for the Aged and Infirm is for the purchase of a truck, $\$ 750$.

The amount for emergency relief which for the fiscal years 1935 and 1936 has been $\$ 2,000,000$, has been reduced $\$ 343,800$, which reduction is offset by two new items, brought about by new District laws in consonance with the Social Security Act, namely, $\$ 289,800$ for assistance against old-age want and $\$ 54,000$ for pensions for the needy blind. The Federal grants to the District for these two new items of expense are, respectively, $\$ 264,600$ and $\$ 56,700$. There is an increase in the contribution to St. Elizabeths Hospital of $\$ 132,228$ to care for the District's indigent insane. There is another increase of $\$ 3,000$ for deportation of nonresident insane. These last two items are offset by decreases in the sum of $\$ 5,315$ in the items for the National Library for the Blind and burial of ex-service men.

## MILitida

There is an increase of $\$ 1,300$ under this head on account of adding two more companies to the existing strength.

## RECLAMATION OF ANACOSTIA FLATS

There is an increase of $\$ 10,000$ under this head in order to permit the work program to be continued at a slightly accelerated pace.

## PUBLIC PARKS

The increase of $\$ 10,410$ is primarily to provide for additional personal services and additional lighting service for the Mall roads.

## NATIONAL ZOOLOGICAL PARK

The increase of $\$ 10,000$ is to provide for increases in personal service, supply and materials, and some $\$ 5,000$ for the acquisition of additional specimens for the Zoo.

## GASOLINE-TAX ACCOUNT

The decrease of $\$ 460,000$ is made up of reductions in curb and gutter work $\$ 25,000$, center strip roadway $\$ 10,000$, repaving and resurfacing $\$ 50,000$, and a nonrecurring item, Calvert Street Bridge $\$ 475,000$, less increases for paving abandoned road space $\$ 75,000$, and Pennsylvania Avenue Bridge preliminary plans $\$ 25,000$. The primary reason for the above decrease is because, under the 1935 Emergency Relief Act, the District is receiving Federal grants for streets and roads in the sum of nearly $\$ 1,500,000$.

## WATER ACCOUNT

There is an increase of $\$ 20,000$ in the item for the Washington Aqueduct to repair the Conduit Road beyond the District line. There is also a nonrecurring item of pump replacement at the McMillan plant of $\$ 150,000$. Under the item of distribution, there is a decrease in nonrecurring construction items in the sum of $\$ 331,050$ which is offset by the following increases: Personal services $\$ 3,200$, maintenance $\$ 15,000$, extensions $\$ 25,000$, water meters $\$ 10,000$, fire hydrants $\$ 2,500$, replacement of old mains $\$ 15,000$, and refund of water rents $\$ 1,500$.

## Permanent appropriations:

The net decrease of $\$ 25,000$ comes about by reason of a $\$ 100,000$ reduction under miscellaneous trust fund deposits which is offset by increases as follows: Washington redemption fund $\$ 50,000$, permanent fund $\$ 10,000$, inmates fund, workhouse and reformatory $\$ 15,000$.

Summary of estimates of appropriations for the fiscal year 1937, compared with appropriations for the fiscal year 1936

| Bureau or subdivision | Appropriations, 1936 | Budget estimates, 1937 | Increase ( + ) or decrease ( - ) |

## DISTRICT OF COLUMBIA

## ESTIMATES OF APPROPRIATIONS

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That in order to defray the expenses of the District of Columbia for the fiscal year ending June 30, [1936] 1937, any revenue (not including the proportionate share of the United States in any revenue arising as the result of the expenditure of appropriations made for the fiscal year 1924 and prior fiscal years) now required by law to be credited to the District of Columbia and the United States in the same proportion that each contributed to the activity or source from whence such revenue was derived shall be credited wholly to the District of Columbia, and, in addition, $\$ 5,700,000$ is appropriated, out of any money in the Treasury not otherwise appropriated, to be advanced July 1, [1935] 1936, and all of the remainder out of the combined revenues of the District of Columbia, namely:

## GENERAL EXPENSES

## EXECUTIVE OFFICE

Executive Office, District of Columbia-
For personal serviees, $[\$ 47,420] \$ 47,400$, plus so much as may be necessary to compensate the Engineer Commissioner at such rate in grade 8 of the professional and scientific service of the Classification Act of 1923, as amended, as may be determined by the Board of Commissioners: Provided, That in expending appropriations or portions of appropriations contained in this Act for the payment of personal services in accordance with the Classification Act of 1923, as amended, with the exception of the two civilian Commissioners the average of the salaries of the total number of persons under any grade in any bureau, office, or other appropriation unit shall not at any time exceed the average of the compensation rates specified for the grade by such Act, as amended, and in grades in which only one position is allocated the salary of such position sball not exceed the average of the compensation rates for the grade, except that in unusually meritorious cases of one position in a grade advances may be made to rates higher than the average of the compensation rates of the grade but not more often than once in any fiscal year and then only to the next higher rate: Provided, That this restriction shall not apply (1) to grades $1,2,3$, and 4 of the clerical-mechanical service; (2) to require the reduction in salary of any person whose compensation was fixed, as of July 1, 1924, in accordance with the rules of section 6 of such Act; (3) to require the reduction in salary of any person who is transferred from one position to another position in the same or different grade in the same or a different bureau, office, or other appropriation unit; (4) to prevent the payment of a salary under any grade at a rate higher than the maximum rate of the grade when such higher rate is permitted by the Classification Act of 1923, as amended, and is specifically authorized by other law; or (5) to reduce the compensation of any person in a grade in which only one position is allocated (act June 14, 1935, 49 Stat., pp. 341-342).
Estimate 1937, \$47,400
Appropriated 1936, \$47,420

For construction of curbs and gutters, or concrete shoulders in connection with all forms of macadam roadways and adjustment of roadways thereto, together with resurfacing and replacing of base of such roadways where necessary, [ $\$ 225,000] \$ 200,000$;

For the surfacing and resurfacing or replacement of asphalt, granite block or concrete pavements with the same or other approved material, [ $\$ 375,000] \$ 400,000$;

For construction, maintenance, operation, and repair of bridges, including not to exceed $\$ 25,000$ for engineering investigations and preparation of plans for a new bridge to replace the existing bridge in line with Pennsylvania Avenue over the Anacostia River, and including maintenance of nonpassenger-carrying motor vehicles, including maintena;

For current work of repairs to streets, avenues, roads, and alleys, including the reconditioning of existing grayel streets and roads, and including the purchase, exchange, maintenance, and operation of non-passenger-carrying motor yehicles used in this work, $\$ 765,000:$ Provided, That the Commissioners of the District of Columbia, should they deem such action to be to the advantage of the District of Columbia, are hereby authorized to purchase a municipal asphalt plant at a cost not to exceed $\$ 30,000$;

This appropriation shall be available for the construction and repair of pavements of street railways in accordance with the provisions of the Merger Act, approved January 14, 1933 (47 Stat., p. 752). The proportion of the amount thus expended which under the terms of the said Act is required to be paid by the street-railway company shall be collected, upon the neglect or the refusal of such street-railway company to pay, from the said street-railway company in the manner provided by section 5 of "An Act providing a permanent form of government for the District of Columbia",
approved June 11, 1878, and shall be deposited to the credit of the appropriation for the fiscal year in which it is collected (act June 14, 1935, 49 Stat., pp. 347-949);
Michigan Avenue Viaduct, Gasoline Tax Fund, District of Columbia-
[For beginning the construction of a viaduct or bridge and approaches thereto in line of Michigan Avenue Northeast, pursuant to authority contained in the Act approved February 12, 1931 (Public Numbered 618, Seventy-first Congress), as now located on the permanent system of highways of the District of Columbia, between Brookland Avenue and Perry Street Northeast, over the tracks and right-of-way of the Baltimore and Ohio Railroad Company, in accordance with plans and profiles of said work to be approved by the Commissioners of the District of Columbia, including the purchase and condemnation under chapter 15 of the Code of Law for the District of Columbia, and amendments thereto, of necessary land in accordance with the highway plan, construction of and changes in sewer and water mains, personal services, and engineering and incidental expenses, $\$ 100,000$ : Provided, That onehalf of the total cost, excepting land, of constructing said viaduct or bridge and approaches shall be borne and paid by the said railroad company, its successors and assigns, to the collector of taxes of the District of Columbia, to the credit of the District of Columbia, and the same shall be a valid and subsisting lien against the franchises and property of the said railroad company and shall constitute a legal indebtedness of said company in favor of the District of Columbia, and the said lien may be enforced in the name of the District of Columbia by a bill in equity brought by the said Commissioners in the Supreme Court of the District of Columbia, or by any other lawful proceeding against the said railroad company: Provided further, That from and after the completion of the said viaduct and approaches the highway grade crossing over the tracks and right-of-way of the said Baltimore and Ohio Railroad Company in line of present Michigan Avenue shall be forever closed against further traffic of any kind (act June 14, 1935, 49 Stat., p. 349);
Widening Benning Road Viaduct, Gasoline Tax Fund, District of Columbia-
[For the widening, altering, and strengthening of the existing viaduct and approaches in the line of Benning Road Northeast, between Kenilworth and Minnesota Avenues over the tracks and right-of-way of the Pennsylvania Railroad Company and the Baltimore and Ohio Railroad Company, in accordance with plans and profiles to be approved by the Commissioners of the District of Columbia, including construction of and changes in sewer and water mains, personal services, and engineering and incidental expenses, $\$ 175,0001$ (act June 14, 1935, 49 Stat., p. 349);
Franklin Street Viaduct, Gasoline Tax Fund, District of Columbia-
[For the construction of a viaduct or bridge and approaches thereto in line of Franklin Street Northeast, over the tracks of the Baltimore and Ohio Railroad, in accordance with plans and profiles to be approved by the Commissioners of the District of Columbia, including construction of and changes in sewer and water mains, personal services, and engineering and incidental expenses, $\$ 200,000$ : Provided, That one-half of the total cost thereof shall be borne and paid by the said railroad company, its successors and assigns, to the collector of taxes of the District of Columbia to the credit of the District of Columbia, and the same shall be a valid and subsisting lien against the franchises and property of the said railroad company, and shall constitute a legal indebtedness of said company in favor of the District of Columbia, and the said lien may be enforced in the name of the District of Columbia by a bill in equity brought by the said Commissioners in the Supreme Court of the District of Columbia, or by any other lawful proceeding against the said railroad company] (act June 14, 1935, 49 Stat., pp. 349-950);
Extension of Streets, etc., Gasoline Tax Fund, District of Co-lumbia-

To carry out the provisions of existing law which authorize the Commissioners of the District of Columbia to open, extend, straighten, or widen any street, avenue, road, or highway, except Fourteenth Street extension beyond the southern boundary of Walter Reed Hospital Reservation, in accordance with the plan of the permanent system of highways for the District of Columbia, including the procurement of chains of title, $\$ 200,000$ : Provided, That this appropriation shall be available to carry out the provisions of existing law for the opening, extension, widening, or straightening of alleys and minor streets and for the establishment of building lines in the District of Columbia (act June 14, 1935, 49 Stat., p. 350);

In all, not to exceed [ $\$ 2,375,000] \$ 1,915,000$, to be immediately a vailable; to be disbursed and accounted for as "Gasoline tax, road, and street improvements and repairs", and for that purpose shall constitate one fund: Provided, That assessments in accordance with existing law shall be made for paving and repav-
ing roadways where such roadways are paved or repaved with funds derived from the collection of the tax on motor-vehicle fuels and accretions by repayment of assessments (acts April 23, 1934, 43 Stat., p. 106; June 14, 1935, 49 Stat., p. 350).

The Commissioners of the District of Columbia are authorized and empowered, in their discretion, to fix or alter the respective widths of sidewalks and roadways (inclưding tree spaces and parking) of all highways that may be improved under appropriations contained in this Act.

No part of any appropriation contained in this Act shall be available for repairing, resurfacing, or newly paving any street, avenue, or roadway by private contract unless the specifications for such work shall be so prepared as to permit of fair and open competition in paving material as well as in price.

In addition to the provision of existing law requiring contractors to keep new pavements in repair for a period of one year from the date of the completion of the work, the Commissioners of the District of Columbia shall further require that where repairs are necessary during the four years following the said one-year period, due to inferior work or defective materials, such repairs shall be made at the expense of the contractor, and the bond furnished by the contractor shall be liable for such expense.

No part of the appropriations contained in this Act shall be used for the operation of a testing laboratory of the highways department for making tests of materials in connection with any activity of the District government (act June 14, 1935, 49 Stat., p. 350 ).

For completing construction of the Anacostia Junior-Senior High School: Obliga-tions-1037, $\$ 100,000$.

Total, buildings, public schools:
Estimate 1937, \$1,023,500
Appropriated 1936, \$775,000
School Building and Playground Sites, District of Columbia-
[For the purchase of additional land at the Phelps Vocational School for elementary-school purposes, $\$ 55,000]$ (act June 14, 1935, 49 Stat., p. 356).

App. 1936, $\$ 55,000$
Purchase of additional land at the Phelps Vocational School for elementary-school purposes: Obligations-1936, $\$ 55,000$.
For the purchase of additional land at the old John F. Cook Schonl for elementary-school purposes, $\$ 26,000$.

Est. 1937, \$26,000.
Additional land at old John F. Cook School: Obligations-1937, $\$ 26,000$.
In all [ $\$ 830,000] \$ 1,049,500$, to be immediately available and to be disbursed and accounted for as "Buildings and grounds,
publie schools', and for that purpose shall constitute one fund and remain available until expended: Provided, That no part of this appropriation shall be used for or on account of any school building not herein specified (act Jüne 14, 1935, 49 Stat., p. 356).

No part of the foregoing appropriations for public schools shall be used for instructing children under five years of age except children entering during the first half of the school year who will be five years of age by November 1, [1935] 1936, and children entering during the second half of the school year who will be five years of age by March 15, [1936] 1937: Provided, That this limitation shall not be considered as preventing the employment of a matron and the care of children under school age at the Webster School whose parent or parents are in attendance in connection with Americanization work.

None of the money appropriated by this Act shall be paid or obligated toward the construction of or addition to any building the whole and entire construction of which, exclusive of heating, lighting, plumbing, painting, and treatment of grounds, shall not have been awarded in one or a single contract, separate and apart from any other contract, project, or undertaking, to the lowest responsible bidder complying with all the legal requirements as to a deposit of money or the execution of a bond, or both, for the faithful performance of the contract: Provided, That nothing herein shall be construed as repealing existing law giving the Commissioners the right to reject all bids.

The plans and specifications for all buildings provided for in this Act under appropriations administered by the Commissioners of the District of Columbia shall be prepared under the supervision of the municipal architect, and those for school buildings after consultation with the Board of Education, and shall be approved by the Commissioners and shall be constructed in conformity thereto.

The school buildings authorized and appropriated for herein shall be constructed with all doors intended to be used as exits or entrances opening outward, and each of said buildings having in excess of eight rooms shall have at least four exits. Appropriations carried in this Act shall not be used for the maintenance of school in any building unless all outside doors thereto used as exits or entrances shall open outward and be kept unlocked every school day from one-half hour before until one-half hour after school hours.

Total, buildings and grounds, public schools:
Estimate 1937, \$1,049,500
Appropriated 1936, \$830,000

Total, public schools, District of Columbia:
Estimate 1937, \$12,066,745 Appropriated 1936, \$11,462,050

## METROPOLITAN POLICE

## SALARIES

Seventieth National Encampment, Grand Army of the Republic, District of Columbia-
[That the Commissioners of the District of Columbia are hereby authorized and directed to make such special regulations for the occasion of the encampment of the Grand Army of the Republic, which will take place in the District of Columbia from September 21 to September 27, 1936, as they shall deem advisable for the preservation of public order and the protection of life and property, to be in force one week prior to said encampment, during said encampment, and one week subsequent thereto. Such special regulations shall be published in one or more of the daily newspapers of the District of Columbia, and no penalty prescribed for the violation of such regulations shall be enforced until five days after such publication. Any person violating any of the aforesaid regulations or the aforesaid schedule of fares shall, upon conviction thereof in the police court of the said District, be liable for such offense to a fine not to exceed $\$ 100$, and in default of payment of such fine to imprisonment in the workhouse (or jail) of said District for not longer than sixty days. This resolution shall take effect immediately upon its approval, and the sum of $\$ 15,000$ or as much thereof as may be necessary, payable from any money in the Treasury not otherwise appropriated and from the revenues of the District of Columbia, in equal parts, is hereby appropriated to enable the Commissioners of the District of Columbia to carry out the provisions of section 1 of this joint resolution, $\$ 1,000$ of which shall be available for the construction, maintenance, and operation of public comfort stations and information booths, under the direction of said Commissioners 1 (Pub. Refunding water rents: Obligations-1937, $\$ 5,000 ; 1936, \$ 3,500 ; 1935, \$ 5,691$.

Total, Water Service, District of Columbia:
Estimate 1937, $\mathbf{\$ 1 , 6 7 5 , 9 7 0}$ Appropriated 1936, \$2,064,820

Claims, judgments, and private relief acts-
53 Refunds, awards, and indemnities: Obligations-1935, \$1,007.25.

Total, District of Columbia, excluding trust accounts:
Estimate 1937, $\$ 41,665,000$
Appropriated 1936, \$40,761,615

## Trust accounts:

Teachers' Retirement Fund Deductions, District of Columbia-
Indefinite appropriation of the amounts deducted from the basic salaries of teachers of the public schools of the District of Columbia, to be deposited in the Treasury of the United States to the credit of individual accounts of the teachers from whose salaries the deductions are made. The fund thus created to be held and invested until paid out as provided in the acts of Congress in relation thereto (acts Jan. 15, 1920, 41 Stat., p. 387, secs. 1, 2; June 5, 1920, 41 Stat., p. 852; June 11, 1926, 44 Stat., p. 727).
Estimate 1937, \$460,000
Appropriated 1936, $\$ 460,000$
Teachers' retirement fund deductions: Obligations-1937, $\$ 480,000 ; 1936, \$ 460,000$; 1935, $\$ 376,435$.

Miscellaneous Trust-Fund Deposits, District of Columbia-
This fund is derived from deposits made by property owners, corporations, and others on account of work to be performed by the District in connection with cuts in streets, special sewers, and various engineering projects, the whole cost of which is payable by the depositor; there are also carried in this account several bequests for the benefit of certain charitable and religious institutions, and as a fund to provide awards for prizes for excellence in school work (act Apr. 27, 1904, 33 Stat., p. 368).
Estimate 1937, \$650,000 Appropriated 1936, \$750,000
Miscellaneous trust-fund deposits: Obligations-1937, $\$ 650,000 ; 1936, \$ 750,000 ; 1935$, $\$ 630,725$.

## Washington Redemption Fund, District of Columbia-

This fund is derived from the collections on account of payments made by persons redeeming their property which has been previously sold for taxes; payments from this fund are made to the various holders of certificates representing-purchases of such unpaid taxes (act June 11, 1878, 20 Stat., pp. 102-108, secs. 1-15).
Estimate 1937, \$250,000 Appropriated 1936, \$200,000
Washington redemption fund: Obligations-1937, \$250,000; 1936, \$200,000; 1935, $\$ 247,518$.

## Permit Fund, District of Columbia-

This fund is derived from deposits made by property owners for various improvements, sewers, etc., of which the half cost is paid by said owners (act Aug.7, 1894, 28 Stat., p. 247).
Estimate 1937, \$30,000
Appropriated 1936, $\$ 20,000$
Permit fund: Obligations-1937, $\$ 30,000 ; 1936, \$ 20,000 ; 1935, \$ 32,772$.
Inmates' Funds, Workhouse and Reformatory, District of ColumbiaPersonal funds of inmates of the Workhouse and Reformatory and amounts accruing through operation of welfare canteens, together with earnings of inmates in industrial enterprises chargeable to the Working Capital Fund, Workhouse and Reformatory (act Feb. 25, 1929, 45 Stat., p. 1290).
Estimate 1937, $\mathbf{\$ 4 5 , 0 0 0}$
Appropriated 1936, \$30,000
Inmates' funds, workhouse and reformatory: Obligations-1937, $\$ 42,000 ; 1936$, $\$ 30,000 ; 1935, \$ 43,647$.

Total, trust account appropriations, District of Columbia: Estimate 1937, $\mathbf{\$ 1 , 4 3 5 , 0 0 0}$ Appropriated 1936, $\$ \mathbf{1 , 4 6 0 , 0 0 0}$

Total under District of Columbia:
Estimate 1937, $\mathbf{\$ 4 3 , 1 0 0 , 0 0 0}$
Appropriated 1936, \$42,221,615

SEc. 2. That the services of draftsmen, assistant engineers, levelers, transitmen, rodmen, chainmen, computers, copyists, overseers, and inspectors temporarily required in connection with sewer, water, street, street-cleaning, or road work, or construction and repair of buildings, and bridges, or any general or special engineering or construction work authorized by appropriations may be emoloyed exclusively to carry into effect said appropriations when specifically and in writing ordered by the Commissioners, and all such necessary expenditures for the proper execuition of said work shall be paid from and equitably charged against the sums appropriated for said work; and the Commissioners in their Budget estimates shall report the number of such employees performing such services, and their work, and the sums paid to each, and out of what appropriation: Provided, That the expenditures hereunder shall not exceed $\$ 42,000$ during the fiscal year [1936] 1937: Provided further, That, excluding inspectors in the sewer department and one inspector in the electrical department, no person shall be employed in pursuance of the authority contanned in this paragraph for a longer period than nine months in the aggregate during the fiscal year.

The Commissioners, or their duly designated representatives, are further authorized to employ temporarily such laborers, skilled laborers, drivers, hostlers, and mechanics as may be required exclusively in connection with sewer, water, street, and road work, and street cleaning, or the construction and repair of buildings, and bridges, furniture and equipments, and any general or special engineering or construction or repair work, and to incur all necessary engineering and other expenses, exclusive of personal services, incidental to carrying on such work and necessary for the proper execution thereof, said laborers, skilled laborers, drivers, hostlers, and mechanics to be employed to perform such work as may not be required by law to be done under contract, and to pay for such services and expenses from the appropriations under which such services are rendered and expenses incurred.

Sec. 3. That all horses, harness, horse-drawn vehicles necessary for use in connection with construction and supervision of sewer, street, street lighting, road work, and street-cleaning work, including maintenance of said horses and harness, and maintenance and repair of said vehicles, and purchase of all necessary articles and supplies in connection therewith, or on construction and repair of buildings and bridges, or any general or special engineering or
construction work authorized by appropriations, may be purchased, hired, and maintained, and motor trucks may be hired exclusively to carry into effect said appropriations, when specifically and in writing ordered by the Commissioners; and all such expenditures necessary for the proper execution of said work, exclusive of personal services, shall be paid from and equitably charged against the sums appropriated for said work; and the Commissioners in the Budget estimates shall report the number of horses, vehicles, and harness purchased, and horses and vehicles hired, and the sums paid for same, and out of what appropriation; and all horses owned or maintained by the District shall, so far as may be practicable, be provided for in stables owned or operated by said District: Provided, That such horses, horse-drawn vehicles, and carts as may be temporarily needed for hauling and excavating material in connection with works authorized by appropriations may be temporarily employed for such purposes under the conditions named in section 2 of this Act in relation to the employment of laborers, skilled laborers, and mechanics.

Sec. 4. That the Commissioners are authorized to employ in the execution of work, the cost of which is payable from the appropriation account created in the District of Columbia Appropriation Act, approved April 27, 1904, and known as "the miscellaneous trust-fund deposits", District of Columbia, necessary personal services, horses, carts, and wagons, and to hire therefor motor trucks when specifically and in writing authorized by the Commissioners, and to incur all necessary expenses incidental to carrying on such work and necessary for the proper execution thereof, including the purchase, exchange, maintenance, and operation of motor vehicles for inspection and transportation purposes, such services and expenses to be paid from said appropriation account: Provided, That the Commissioners may delegate to their duly authorized representatives the employment under this section of laborers, mechanics, and artisans.

Any person employed under any of the provisions of this Act who has been employed for ten consecutive months or more shall not be denied the leave of absence with pay for which the law provides.

Sec. 5. That the Commissioners and other responsible officials, in expending appropriations contained in this Act, so far as possible, shall purchase material, supplies, including food supplies and equipment, when needed and funds are available, in accordance with the regulations and schedules of the Procurement Division of the Treasury Department or from various services of the Government of the United States possessing material, supplies, passenger-carrying and other motor vehicles, and equipment no longer required. Surplus articles purchased from the Government, if the same have not been used, shall be paid for at a reasonable price, not to exceed actual cost, and if the same have been used, at a reasonable price based upon length of usage. The various services of the Government of the United States are authorized to sell such surplus articles to the municipal government under the conditions specified, and the proceeds of such sales shall be covered into the Treasury as miscellaneous receipts: Provided, That this section shall not be construed to amend, alter, or repeal the Executive order of December 3, 1918, concerning the transfer of office materials, supplies, and equipment in the District of Columbia falling into disuse because of the cessation of war activities.

Sec. 6. [No part of the funds appropriated in this Act for any activity shall be available for transfer to any other activity or between subheads of the same activity unless specifically authorized by the Director of the Bureau of the Budget. 1 Not to exceed 10 per centum of any appropriation for the District of Columbia for the fiscal year 1937 may be transferred, with the approval of the Director of the Bureau of the Budget, to any other appropriation or appropriations for such fiscal year for said District of Columbia, but no appropriation shall be increased more than 10 per centum thereby: Provided, That no transfers shall be made hereunder from annual appropriations to appropriations for the construction of buildings or other public works or from such last-named appropriations to annual appropriations: Provided further, That all such transfers and contemplated transfers shall be set forth in the Budget for the fiscal year 1998.

Sec. 7. No part of the funds appropriated in this Act shall be available for the payment of rental of quarters for any activity at a rate in excess of 90 per centum of the per annum rate paid by the District of Columbia for such quarters on June 30, 1933: Provided, That the provisions of this paragraph shall not apply to leases made prior to the passage of this Act, except when renewals thereof are made hereafter: Provided further, That the appropriations or portions of appropriations unexpended by reason of the operation of this paragraph shall not be used for any purpose, but shall be impounded and deposited in the Treasury to the credit of the District of Columbia.

## Table No. 3-Continued

Summary of estimated expenditures for Federal public works, fiscal years 1937 and 1936, compared with actual expenditures for the fiscal year 1935-Continued

| Appropriation | Nature of construction | Estimated, 1937 | Estimated, 1936 | Actual, 1935 |
| :---: | :---: | :---: | :---: | :---: |
| DEPARTMENT OF AGRICULTURE-Con. |  |  |  |  |
| Salaries and expenses, Bureau of Agricultural Engineering. | Minor field structures. | \$5,000 | \$5,000 |  |
| Bureau of Agricultural Engineering, emergency expenditures: |  |  |  |  |
| National Industrial Recovery. | Experimental laboratories, storage sheds, dwellings, artesian well, roadways, fences, measuring devices; water-spreading experimental plots, and other physical improvements. |  | 19,000 | 8120,987. 88 |
| Emergency Relief Appropriation Act, 1985 | Landscaping, paving, fencing, and cotton-warehouse loading platform. |  | 7, 151 |  |
| Food and Drug Administration, emergency expenditures (N.I. R.). | Constructing built-in equipment for laboratory units; constructing laboratory building; landscaping. |  | 6,800 | 30,558. 45 |
| Soil Conservation Service: |  |  |  |  |
| Salaries and expenses, Soil Conservation Service.- | Experimental and research laboratories, storehouses, storage cellars, lath-houses, greenhouses, irrigation systems, terraces, check dams, reservoirs, retaining walls, fencing, soil-saving dams, measuring devices, land for sites. | 20,700,000 | 630,000 | 160, 351. 44 |
|  | Erosion-control nurseries, storehouses, storage cellars, lath-houses, greenhouses, irrigation systems; land for sites. |  | 110,000 | 423,564.00 |
|  | Erosion control and prevention; terraces, check dams, reservoirs, retaining walls, fencing, silt-detention structures. | 320,000 | 696,000 | 8,199,506.47 |
| Soil-erosion prevention, Emergency Appropriation Act, 1995 ( $\boldsymbol{P}$. W. A.). |  | 269,000 | 2,180,000 | 1,550,870.74 |
| National program of soil conservation (Emergency Relief Appropriation Act, 1935). | Erosion-control nurseries, research and laboratory buildings, storehouses, storage cellars, lath-houses, greenhouses, irrigation systems, terraces, check dams, reservoirs, retaining walls, fencing, siltdetention structures; land for sites. | 6,000,000 | 19,500,000 |  |
| Puerto Rico Trust Fund, processing taxes, sugar, Soil Conservation Service (sec. 15 (f), Agricultural | Surveys as basis for erosion-control operations in Puerto Rico; construction of small laboratory buildings, etc. |  | 82,000 |  |
| Total, general. |  | 87, 969, 549 | 3, 384, 179 | 1,156, 657. 40 |
| Total, emergency |  | 239, 958, 200 | 587, 676,864 | 520, 204, 201. 59 |
| Total, Department of Agricultu |  | 321, 927, 749 | 340, 961, 043 | 321, $360,858.79$ |
| DEPARTMENT OF COMMERCE |  |  |  |  |
| Air-navigation facilities. | Construction of airways and stations and installation of required equipment. | 75,000 | 120,000 | 59, 445. 00 |
| Air-navigation facilities, emergency expenditures-----.-.- | Construction of airways and stations and installation of required equipment. |  | 476,800 | 1,724,824.00 |
| Standards, emergency expenditures (P.W.A.) | New elevators and repairs to old elevators |  | 70,000 |  |
| Propagation of food fishes. | Structural improvements to land | 10,000 | 10,000 | 9,480.00 |
| Fishery industries. | .-..do | 2,000 |  |  |
| Protecting seal and salmon fisheries of Alaska | Structural improvements, including roads on Pribilof Islands. | 8,000 | 8,000 | 7,985. 00 |
| National Industrial Recovery, 1985-87. | Reconditioning of hatcheries, residences, and other buildings at fisheries stations, including ponds, pipe lines, water supply, etc., including construction of a bridge and the installation of mechanical fish screens. |  | 3,500 | 74,800.00 |
| $D_{0}$ | Establishment of fish cultural stations. |  | 29,800 | 84,234.00 |
| Emergency Relief, Commerce, Fisheries, 1985-5 | ....do.. | 43,700 | 129,000 |  |
| General expenses, Lighthouse Service...----.---.......- | Lighthouse depots, stations, other aids to navigation, purchase and installation of equipment. | 83, 800 | 100,000 | 52, 055.72 |
| Aids to navigation, Lighthouse Service..............-.-. | Lighthouse depots, light stations, other aids to navigation, roads, and purchase and installation of equipment. |  |  | 515. 29 |
| Aids to navigation, Lighthouse Service, emergency construction, act July 21, 1982. | Lighthouse depots, light stations, other aids to navigation, roads, and purchase and installation of equipment. |  |  | 11,636.91 |
| National Industrial Recovery Commerce, Lighthouses. | Lighthouse depots, light stations, other aids to navigation, roads, and purchase and installation of equipment. |  | 522, 000 | 2, 407, 098. 92 |
| Magnetic and seismological work | New foundations under office building at Cheltenham Magnetic Observatory, Cheltenham, Md. |  |  | 359.00 |
|  | Construction of pump and battery house at Cheltenham Magnetic Observatory, Cheltenham, Md. |  | 250 |  |
|  | Construction of auxiliary variation building at Cheltenham Magnetic Observatory, Cheltenham, Md. | 550 |  |  |
| National Industrial Recovery, 1989-97.. | Construction of hands' quarters, San Juan Magnetic Observatory, San Juan, P. R. |  |  | 907.00 |
|  | Construction of new well at Cheltenham Magnetic Observatory, Cheltenham, Md. |  |  | 659.00 |
| Do_ Do_ | Minor structural improvements at Chellenham Magnetic Observatory, Cheltenham, Md., San Juan Magnetic Obserbatory, San Juan, P. R., and Tucson Magnetic Observatory, Tucson, Ariz. Reconditioning of observatory, Gaithersburg, Md.. |  |  | 980.00 298.00 |
| Tides, currents, etc. |  | 350 |  |  |
| Total general. |  | 179,700 | 760, 250 | 2, 536, 938.93 |
| Total emergency |  | 48,700 | 709, 100 | 1,887,662.91 |
| Total Department of Commerce.. |  | 223,400 | 1,469, 350 | 4, 434, 601. 84 |

Table No. 3-Continued
Summary of estimated expenditures for Federal public works, fiscal years 1937 and 1936, compared with actual expenditures for the fiscal year 1935-Continued

| Appropriation | Nature of construction | Estimated, 1937 | Estimated, 1936 | Actual, 1935 |
| :---: | :---: | :---: | :---: | :---: |
| DEPARTMEN' OF THE INTERIOR |  |  |  |  |
| Indian agency buildings, emergency expenditures ( $N$. I. R.) | Water and power systems, employees' cottages, etc.-....--------....-- | \$1,000,000 | \$1,500,000 | \$726, 919.00 |
| Irrigation, Indian reservations (reimbursable) emergency expenditures (N. J. R.), | Irrigation and water development work on Indian irrigation projects - | 1,825,500 | 2,215,000 | 2.912,213.00 |
| Indian school buildings, emergency expenditures ( $N$. I. R.). | Day school plants, heating and power plants, employees quarters, etc. | 855,100 | 8,024,600 | 1,755,068.00 |
| Indian boarding schools, emergency expenditures ( $N$. I. R.). | Heat, light, sewer, and water systems, and miscellaneous ouildings.-.- | 379,000 | 781,500 | 105,578.00 |
| Education of natives in Alaska, emergency expenditures (N.I.R.). | School buildings, quarters, repairs to |  | 13,800 | 73,815.00 |
| Conservation of health among Indians, emergency expenditures (N.I.R.). | Hospitals, sanatoria, quarters, etc | 2,000,000 | 1,500,000 | 345,465.00 |
| Support of Indians and Administration of Indian property (N.I, R.). | Archeological excavations, | 31,000 | 251,100 | 213,649.00 |
| Roads, Indian reservations..--------------...---------- | Roads, bridges, etc | 2,000,000 | 3, 700, 000 |  |
| Roads, Indian reservations, emergency expenditures ( $N$. I. R.). | Roads, bridges, etc. |  | 6,800 | 694,989.00 |
| Roads, Indian reservations, emergency expenditures, act of June 19, 1934. | . ${ }^{\text {do }}$ |  | 188,900 | 1,811,060.00 |
| Bureau of Reclamation, emergency expenditures (N. I. R.)- | Dams, teservoirs, irrigation canals and laterals, drains, pumping and power plants, and irrigation systems. | 3,861,600 | 22, 344,000 | 15,722, 125.80 |
| Bureau of Reclamation, emergency expenditures ( $P$. W. A.). | -.do. |  | 200 | 9,761.89 |
| Bureau of Reclamation, emergency expenditures (E. R. A.)- | do | 38,575,609 | 28,344,000 |  |
| Reclamation projects (General Public Works Program). | Dams, reservoirs, irrigation canals and laterals, drains, pumping and power plants, and irrigation systems. | 30, 750, 000 |  |  |
| Boulder Canyon project, Colorado River Dam Fund. | Boulder Dam and incidental works | 7,000,000 | 13,000,000 |  |
| Boulder Canyon project, emergency expenditures (N. I. R.)- | Boulder Dam and incidental works |  | 4,370,300 | 22, 179, 521 |
| Boulder Canyon (General Public Works Program) ...- | Boulder Dam and appurtenant work | 9,600,000 |  |  |
| All-American Canal, emergency expenditures (N. I. R.) - | All-American Canal and incidental wor |  | 4, 54,6,400 | 1,414,067.00 |
| All-American Canal, emergency expenditures ( $P$. W. A.)- | - -do.. |  | 2, 689,300 | 310,662. 57 |
| All-American Canal, emergency expenditures (E. R. A.)- | do | 9,000,000 | 3, 950,000 |  |
| All-American Canal (General Public Works Program) | All-American Canal and appurtenant | 6,000,000 |  |  |
| Colorado River, Tex., emergency expenditures (E. R. A.). | Flood conirol works | 500,000 | 1,500, 000 |  |
| Geological Survey, emergency expenditures (N. I, R.)---- | Rehabilitation of river-measurement stations, repairs, replacements of equipment, and improvement of records. |  | 500 | 146,930.00 |
| Do. | New river-measurement stations on Colorado, Mississippi, and Ohio Rivers. |  | 200 | 22,478.00 |
|  | Construction, repairs, and replacement of equipment and maintenance of river-measurement stations on the Colorado and Mississippi Rivers, and in the Mississippi Basin. |  | 6,400 | 187,346.00 |
| Do | Establishment of stream-flow measurement stations......-.-.---------- |  | 2,200 | 89,061.00 |
| Do | Physical improvements at Taft, Calif., and Midwest, Wyo., camps_-- |  |  | 1,918.00 |
| Do. | Safeguarding mine openings and controlling surface and subsurface water on Indian lands in Oklahoma. |  | 17,700 | 171,962.00 |
|  | Safeguarding mine openings and controlling outcrop fires in Colorado, Montana, North Dakota, Utah, and Wyoming. |  | 8,100 | 70,812. 00 |
| Do. | Plugging and abandonment of wells drilled for oil and gas on public lands. | 60,000 | 72,400 | 112,284.00 |
|  |  | 10,000 | 150, 000 | 180,381.06 |
| Roads and trails, national parks, Emergency Relief and Construction Act, 1932. | ...do. |  |  | 53,762.95 |
| Arlington Memorial Bridge Commission.-....----.---- | Bridge across Potomac River, Washington, D. C. | 10,800 | 10,800 | 1,257. 06 |
| National Park Service, emergency expenditures (N. I. R.) | Buildings, water, sewer, telephone and electric systems, camp-ground developments, etc., in national parks, military parks, monuments, cemeteries, public buildings, and other areas administered by this office; and roads and walks in the District of Columbia. | 2,000,000 | 9,300,000 | 3,817, 548.42 |
| National Park Service, emergency expenditures (P.W A.) |  | 60,000 | 80,000 | 42,774.63 |
| Roads and trails, national parks, emergency expenditures (N. I. R.). | Roads and tratls, inclusive of necessary bridges in national parks, monuments, and cemeteries. | 4,500,000 | 6,770,000 | 8,128, 32\%.12 |
| Roads and trails, national parks, emergency expenditures ( $P . W . A$ ). |  | 200,000 | 700,000 | 170,000.00 |

## Table No. 6

Statement of balances of appropriations of June 30, 1935, and of appropriations for the fiscal year 1936 (including permanent and indefinite appropriations), as of Nov. 1, 1935, reported by the Secretary of the Treasury
[This statement is included in the Budget only because of the requirements of the Budget and Accounting Act, 1921 (U. S. (., title 31 , sec. 11 (e)). As budgetary information, the statement has little if any value, as it simply shows the balances of appropriations on the books of the Treasury June 30, 1985 , classified as between 1936 appropriations and thosi of prior years according to whether the funds were appropriated as "immediatcly available"]

|  | Balances of appropriations, June 30, 1935 | Balances of appropriations for fiscal year 1936, including permanent and indefinite appropriations | Total available |
