USFinancialData

THE WEEK'S HIGHLIGHTS:

Because of the Thanksgiving holiday, United States Financial Data will not be published this week.

All data are seasonally adjusted unless otherwise indicated.

U.S. Financial Data is published weekly by the Research Division of the Federal Reserve Bank of St. Louis. For more information on data, please call (314) 444-8590. To be added to the mailing list, please call (314) 444-8809.

Information in this publication is also included in the Federal Reserve Economic Data (FRED) data base on the internet at www.stls.frb.org/fred.

The adjusted monetary base is the sum of Federal Reserve deposits and vault cash held by domestic depository institutions, currency held by the public, and an adjustment for the effect of changes in reserve requirement ratios. The monetary base series includes Federal Reserve deposits used to satisfy clearing balance contracts. Data are computed by this bank. A detailed description of the adjusted monetary base is available from this bank. Recent data are preliminary.
