WPA to Use Radio for Nation-wide Staff Meeting.

Radio will be used to conduct a nation-wide Works Progress Administration staff meeting next Saturday afternoon, (June 20th), Administrator Harry L. Hopkins announced today.

Eliminating the cost of travel to a central point of assembly, administrative employees, project workers, local project sponsors and interested citizens will meet in each of the 315 cities of the nation in which there is a state or district office of WPA, linked by a broadcast over 60 stations of the National Broadcasting Company's red network, from 4 to 4:30 p.m., EST.

Hundreds of other cities are expected to arrange meetings to listen to this broadcast as plans and policies of the Works Progress Administration for continuance of its re-employment program are discussed. The explanation of the new work program will be presented in question-and-answer form. Groups interested in the WPA outline for the next year will be represented in the broadcast.

Officials of the Works Progress Administration will answer questions propounded by representatives of various groups affected by or interested in WPA re-employment plans as a feature of the radio broadcast-staff meeting.

The questions on the program will be:
Governor George H. Earle, of Pennsylvania, who will discuss the social security program.

Mayor Angelo Rossi, of San Francisco, and probably the mayor of another large city, who will represent the local governmental units of the country, which originate and sponsor all WPA projects.

One prominent representative of the cultural arts, representing those interested in Federal Project No. 1 for employment of artists, musicians, writers and actors.

A woman worker from a WPA project.

One youth representing unemployed young people, who are interested in the National Youth Administration program.

A business man.

A representative of agriculture.

Questions will be answered by Mr. Hopkins and Aubrey Williams, Deputy Administrator of WPA and Executive Director of the National Youth Administration; Corrington Gill, Assistant Administrator of WPA in charge of finance, statistics and research; Thad Holt, Assistant Administrator of WPA in charge of labor relations; Colonel F. C. Harrington, U.S.A., Corps of Engineers, Assistant Administrator and Chief Engineer of WPA; and Mrs. Ellen S. Woodward, Assistant Administrator of WPA in charge of women's activities.
