Mr. Hopkins Reassures Needy Artists, Writers, Musicians and Actors.

Harry L. Hopkins, Works Progress Administrator, in a letter today to Sherwood Anderson, noted author, reasserted the WPA policy that no needy workers will be dropped from work projects. The letter of Mr. Hopkins was in reply to an inquiry from Mr. Anderson which expressed the hope that artists', writers', musicians' and theater projects would be continued, as "the artist class is always the last to feel the benefit of improved conditions."

In his letter to Mr. Anderson, Administrator Hopkins said:

"Since writing your recent letter, you have probably had called to your attention our revised ruling that no one in need of relief was to be taken from the rolls. I do appreciate your having written to me."
