DEBITS TO DEPOSIT ACCOUNTS EXCEPT INTERBANK ACCOUNTS

Summary Figures by Weeks
Summary Figures, by Districts, by Months
Individual Centers by Months

These figures represent total debits or charges to all depositors' demand and time accounts, both government and private, except accounts of other banks and certified and officers' check accounts.

The figures are derived from reports submitted to the Federal Reserve Banks covering each week ending on Wednesday. The reports are made usually by the local clearing house, which in general collects the figures from all of its affiliated banks, whether or not they are members of the Federal Reserve System. Monthly figures were derived from the weekly reports, the figures for a week that begins in one month and ends in another having been prorated to the respective months on the basis of the number of business days of the week that were in each month.
