BANK DEBITS TO DEMAND DEPOSIT ACCOUNTS EXCEPT INTERBANK AND U. S. GOVERNMENT ACCOUNTS -- 1965

Summary figures, by districts, by months
Individual centers by months

This is one of a series of releases summarizing revised annual debits data for the 1964-1966 period. The revision consists mainly of the use of improved adjustment factors for seasonal variation and for the number of business days in the month. In addition, data for eight new SMSA's are included in the list of reporting Areas in the summary figures.

Data for the new revised 233 center series include debits or charges to demand deposit accounts of individuals, partnerships, and corporations, and of State and local governments, and payments from trust funds on deposit in the banking department. They exclude debits to United States Government deposit accounts, debits to time deposit accounts, and payments of certified and officers' checks, payments in settlement of clearing house balances, charges to expense and miscellaneous accounts, corrections and similar charges, and debits to the accounts of other banks, that is, to interbank accounts.

Annual rates of turnover are shown in the summary table for the district, the total, New York City, the 6 centers group, and the 226 other centers group.

These rates, by months, appear in the Federal Reserve Bulletin for the three latter groups, and the total 232 SMSA's (excluding NY).
