<sup>1</sup> Exclusive also of certified and cashiers' or treasurers' checks outstanding and of letters of credit and travelers' checks sold for cash and outstanding.

<sup>2</sup> Combined excess of amounts due to banks over amounts due from banks as shown by individual bank reports. When, for a given bank, amounts due from banks exceed amounts due to banks, the excess due from cannot be deducted in determining deposits on which reserves are computed, and for this reason amounts in this column do not agree with the difference between aggregate amounts due to banks and due from banks. In this calculation the amounts due to banks include due to Federal Reserve banks (deferred credits), due to other banks and trust companies (subject to immediate withdrawal), certified and cashiers' or treasurers' checks outstanding, and letters of credit and travelers' checks sold for cash and outstanding; while amounts due from banks include items with Federal Reserve banks in process of collection, amounts due from banks and trust companies in United States (subject to immediate withdrawal), balances payable in dollars due from foreign branches of other American banks (subject to immediate withdrawal), and exchanges for clearing house and other checks on local banks.
