## FEDERAL RESERVE statistical release

G. 19

For immediate release
February 7, 1989

## CONSUMER INSTALLMERT CREDIT

Outstanding consumer installment credit rose $\$ 5.4$ billion in December, following a $\$ 4.7$ billion increase in November. The seasonally adjusted annual rate of growth in December was 9.9 percent. Growth of outstanding automobile loans was stronger in December than in November, while that of revolving credit slowed from the rapid pace of the preceding two months. "Other" installment credit outstanding advanced at its most rapid pace in four months; borrowings for mobile homes declined after two months of modest increases. For 1988 as whole, consumer installment credit outstanding expanded $8-3 / 4$ percent -- up from the 7-1/2 percent 1987 gain .

1. Interest rates are annual percentage rates as apecified by Regulation Z.
2. Commercial bank data are simple unweighted averages of each bank's "most common" rate charged during the first calendar week of the month.
3. Finance company data from the subsidiaries of the three major D.S. automobile manufacturers are volumeweighted averages covering all loans of each type purchased during the month.
4. The Board's series on amounts of credit covers most short- and intermediatererm credit extended to individuals that is scheduled to be repaid (or has the option of repayment) in two or more installments, excluding loans secured by real estate. Includes outstanding balances on some securitized consumer loans originated by financial institutions.
5. More detail for finance companies is available in the G. 20 Statistical Release, Finance Companies.
6. Not seasonally adusted data are unavailable by type of credit for certain holders. In these cases, the seasonally adjusted total for the holder group has been allocated among the components using the latest available benchmark information.
7. Excludes 30 -day charge credit held by travel and entertainment companies.
