CHANGES IN COMMERCIAL AND INDUSTRIAL LOANS BY INDUSTRY

Except for a \$33 million net decrease in loans to sales finance companies, all industrial classifications increased their borrowings during the week ended September 10, and the net increase in commercial and industrial loans at weekly reporting member banks was \$207 million.

The principal net increases were \$52 million in loans to manufacturers of food, liquor, and tobacco products, \$49 million to "other" types of business, \$39 million to manufacturers and producers of petroleum, coal, chemicals, and rubber products, \$27 million to the wholesale and retail trade, and \$17 million to public utilities.

Changes in loans during the week and since mid-year are shown below; the third column shows the changes during the comparable period last year.
