#### CHANGES IN COMMERCIAL AND INDUSTRIAL LOANS BY INDUSTRY

Commercial and industrial loans increased in nine districts and a net of \$192 million at weekly reporting member banks during the week ended August 1. All categories except three showed net increases.

The larger net increases were \$38 million in loans to manufacturers of transportation equipment, \$34 million to transportation, communication, and other public utilities, \$22 million to manufacturers of machinery, and \$19 million to manufacturers of food, liquor, and tobacco products.

The largest offsetting net decrease was \$21 million in loans to manufacturers of chemicals and rubber products.

Changes in loans during the week and since mid-year are shown below; third column shows the changes during the comparable period last year.

n.a. - Not available.

<sup>1/</sup> Because of reclassifications as of September 27, 1961, many categories are not strictly comparable with prior data;

<sup>2/</sup> Includes decrease of \$135 million resulting from corrections of misclassifications disclosed incident to revisions as of September 27, 1961.

In addition to the weekly table, a monthly table appears below showing changes during July 1962 compared with the preceding month and with July 1961, and also showing changes during the past twelve months.

Total commercial and industrial loans decreased \$394 million during the month of July 1962, compared to an increase of \$500 million during the month of June 1962 and a decrease of \$449 million in July 1961.
