

## STATEMENT FOR THE PRESS

St. 4853

Federal Reserve Board,  
February 20, 1926.Released for publication  
Sunday morning, Feb. 21;  
not earlier.

## BANK DEBITS

Debits to individual accounts, as reported to the Federal Reserve Board for banks in leading cities for the week ending February 17, aggregated \$11,517,000,000 or 5 per cent below the total of \$12,116,000,000 reported for the preceding week. The usual midmonth swell was more than offset by the fact that February 12, Lincoln's birthday, was observed as a holiday in many of the reporting centers. New York City reported a decline of \$539,000,000, San Francisco of \$110,000,000 and Chicago of \$86,000,000, while increases of \$22,000,000 and \$20,000,000 were reported by Boston and Detroit, respectively.

As compared with the week ending February 18, 1925, which also included but five business days in many of the centers, debits for the week under review are larger by \$758,000,000, or 7 per cent. Increases were reported for most of the more important centers, the largest increases being as follows: New York City \$394,000,000; Chicago \$66,000,000, Philadelphia \$42,000,000, San Francisco \$35,000,000, Los Angeles \$32,000,000 and Detroit \$25,000,000.

Aggregate debits for 141 centers for which figures have been published weekly since January, 1919, amounted to \$10,810,227,000 as compared with \$11,423,986,000 for the preceding week and \$10,096,491,000 for the week ending February 18, 1925.

Debits to individual accounts were reported to the Federal Reserve Board for banks in 258 centers, all of which are included in the summary by Federal reserve districts.
