p - Preliminary

1/ Data on member bank reserves prior to April 1969 are adjusted to eliminate effects of changes in reserve requirement percentages.

2/ Components may not add to totals due to rounding.

3/ Private demand deposits include all demand deposits except those due to U.S. Gov't. less cash items in process of collection and demand balances due from domestic commercial banks.

NOTE: Back data are available on request from the Banking Section, Division of Research and Statistics, Board of Governors of the Federal Reserve System, Washington, D. C. 20551.

\* - Break in series due to the withdrawal on January 2, 1969, of a large member bank from the System. The effect of this withdrawal is to reduce total deposits about \$400 million, about equally distributed between time and demand deposits.
