STATEMENT FOR THE PRESS

St. 705

Federal Reserve Board
November 15, 1919.

CONDITION OF FEDERAL RESERVE BANKS.

Net liquidation of 70.4 millions of war paper as against additions of 20.5 millions to other discounts and 22.1 millions to acceptances on hand is indicated in the Federal Reserve Board's weekly bank statement issued as at close of business on November 14, 1919. During the week the balance of 19.2 millions of gold held on the continent was transferred to London and added to the Banks' gold reserves, but because of some export withdrawals, aggregate gold reserves show a ^{net} gain for the week of only 13.7 millions and total cash reserves ^{net} of 12.7 millions. This gain, ^{reductions in} coupled with ^{deposit} liabilities and but a slight increase in Federal Reserve note circulation, accounts for the rise in the reserve ratio from 46.8 to 47.1 per cent.

The week saw further rediscounts between Federal Reserve banks, Chicago re-
^{among} porting ^{its} war paper holdings 21.2 millions of bills discounted for other F.R. banks, as against 17.8 millions the week before. Over one-half of the acceptances held by the Chicago bank represents bills purchased from other F.R. banks, the total thus held showing an increase for the week of 10.2 millions. St. Louis' increase of 10 millions in acceptance holdings is likewise due to purchases from other F.R. banks.

Treasury certificates on hand increased 5.3 millions, while the volume of outstanding F.R. bank notes, which are largely secured by such certificates, shows a slight decline.

Government deposits went up 14.2 millions, members' reserve deposits declined 43.5 millions, and the "float" carried by the reserve banks increased about 3 millions. There has also been a slight increase in all other deposits including foreign government credits. As a result, net deposits work out 12.3 millions less than the week before. Federal Reserve note circulation shows an increase for the week of 1.7 millions. Admission of new members and increase in capital and surplus of existing members account for an addition of \$502,000 to paid-in capital account, of which \$358,000 is shown for the New York Federal Reserve bank.

Released for publication Sunday morning, November 16, 1919; not earlier.
