Released for publication Friday morning, Mar 28; not earlier. St. 3999 Federal Reserve Board, March 27, 1924.

CONDITION OF FEDERAL RESERVE BANKS

The consolidated statement of condition of the Federal reserve banks on March 26, 1924, made public by the Federal Reserve Board, shows an increase of \$51,000,000 in holdings of discounted bills and of \$8,300,000 in acceptances purchased in open market, partly offset by a reduction of \$39,400,000 in Government security holdings. Federal reserve note circulation declined by \$7,100,000 and cash reserves by \$10,100,000.

Increases of \$47,400,000 and \$11,300,000, respectively, in holdings of discounted bills are reported by the Federal Reserve Banks of New York and Chicago, compared with reductions of \$50,500,000 and \$10,400,000 reported by these banks the week before. Cleveland, Richmond and San Francisco show a total increase of \$4,700,000, while Kansas City reports a decline of \$3,200,000, Minneapolis a decline of \$2,800,000, and Atlanta a decline of \$2,300,000. Holdings of bills secured by Government obligations increased by \$47,800,000, aggregating \$214,700,000 cn March 26. Of this amount, \$127,500,000 were secured by Liberty and other U. S. bonds, \$80,100,000 by Treasury notes, and \$7,100,000 by Certificates of indebtedness.

All Federal reserve banks report smaller holdings of acceptances purchased in open market, except New York and Atlanta which show increases of \$26,500,000 and \$500,000, respectively. The Cleveland bank shows a reduction of \$4,900,000, Chicago a reduction of \$3,200,000, and San Francisco a reduction of \$2,800,000. A net reduction of \$39,400,000 in Government security holdings is shown for the week, purchases in open market being more than offset by the redemption of \$58,000,000 of special one-day certificates held on March 19.

An increase of \$6,600,000 in Federal reserve note circulation is shown by the Cleveland bank and a combined increase of \$3,000,000 by Boston, Philadelphia and Atlanta, while declines of \$5,900,000 and \$4,900,000 are reported by Chicago and New York, respectively, and a combined decrease of \$5,800,000 by the remaining banks. Gold reserves declined by \$8,900,000 during the week, and reserves other than gold by \$1,200,000.

A summary of changes in the principal assets and liabilities of the reserve banks during the week and the year ending March 26, 1924, follows:

Increase or decrease during-

		Week	Year
Total reserves		\$10,100,000	+ \$46,800,000 + 59,200,000
