### FEDERAL RESERVE statistical release

For Release at 4:30 P.M. Eastern Time April 16, 2020

The Board's H.4.1 statistical release, "Factors Affecting Reserve Balances of Depository Institutions and Condition Statement of Federal Reserve Banks," has been modified to include information related to Commercial Paper Funding Facility (CPFF). This facility operates through the Commercial Paper Funding Facility II LLC (CPFF II LLC), a special purpose vehicle that was formed to purchase three-month U.S. dollar-denominated commercial paper from eligible issuers and thereby foster liquidity in short-term funding markets and increase the availability of credit for businesses and households.

On March 17, 2020, the Federal Reserve announced the CPFF. On April 14, 2020, the Federal Reserve Bank of New York (FRBNY) extended credit to the CPFF II LLC under the authority of section 13(3) of the Federal Reserve Act, with approval of the Treasury Secretary, and the CPFF II LLC began purchasing eligible commercial paper.

Consistent with generally accepted accounting principles, the assets and liabilities of CPFF II LLC have been consolidated with the assets and liabilities of the FRBNY in the preparation of the statements of condition shown on the release because the FRBNY is the managing member of CPFF II LLC. The net portfolio holdings of CPFF II LLC appear as an asset on the statement of condition of the FRBNY (table 5), the consolidated statement of condition of all Federal Reserve Banks (table 4), and factors affecting reserve balances of depository institutions (table 1). The amount provided by the U.S. Treasury as credit protection is recorded in "Other liabilities and capital" in table 1 and "Other liabilities and accrued dividends" in tables 4 and 5.

Additionally, amounts for "Net portfolio holdings of Maiden Lane LLC," were removed from table 1 because the portfolio holdings have been reduced to de minimis balances. Amounts will be included in "Other Federal Reserve Assets" in table 1 and "Other assets" in tables 4 and 5.

### 5. Statement of Condition of Each Federal Reserve Bank, April 15, 2020 (continued)

- 1. Securities include outright holdings of U.S. Treasury securities, federal agency debt securities, and mortgage-backed securities, including securities lent to dealers under the overnight securities lending facility; refer to table 1A. Mortgage-backed securities are guaranteed by Fannie Mae, Freddie Mac, and Ginnie Mae. Unamortized premiums and discounts are the differences between the purchase price and the face value of the securities that have not been amortized. For U.S. Treasury securities, federal agency debt securities, and mortgage-backed securities, amortization is on an effective-interest basis. Repurchase agreements reflect the cash value of agreements, which are collateralized by U.S. Treasury and federal agency securities. Loans includes primary, secondary, and seasonal loans and credit extended through the Primary Dealer Credit Facility, Money Market Mutual Fund Liquidity Facility, and other credit extensions.
- Refer to note on consolidation below.
- 3. Dollar value of foreign currency held under these agreements valued at the exchange rate to be used when the foreign currency is returned to the foreign central bank. This exchange rate equals the market exchange rate used when the foreign currency was acquired from the foreign central bank.
- 4. Revalued daily at current foreign currency exchange rates.
- 5. Includes items in process of collection, bank premises, accrued interest (which represents the daily accumulation of interest earned), and other accounts receivable. Also includes Net portfolio holdings of Maiden Lane LLC; refer to the note on consolidation for additional information.
- 6. Cash value of agreements, which are collateralized by U.S. Treasury securities, federal agency debt securities, and mortgage-backed securities.
- 7. Includes deposits held at the Reserve Banks by international and multilateral organizations, government-sponsored enterprises, designated financial market utilities, and deposits held by depository institutions in joint accounts in connection with their participation in certain private-sector payment arrangements. Also includes certain deposit accounts other than the U.S. Treasury, General Account, for services provided by the Reserve Banks as fiscal agents of the United States.
- 8. Represents the estimated weekly remittances due to U.S. Treasury. The amounts on this line represent the residual net earnings that the Federal Reserve Banks remit to the U.S. Treasury after providing for the costs of operations, payment of dividends, and the amount necessary to maintain a \$6.825 billion surplus.

#### Note on consolidation:

On April 14, 2020, the Federal Reserve Bank of New York (FRBNY) began extending loans to the Commercial Paper Funding Facility II LLC (CPFF II LLC) under the authority of section 13(3) of the Federal Reserve Act. CPFF II LLC is a limited liability company formed to purchase three-month U.S dollar-denominated commercial paper by eligible issuers. The assets of the CPFF II LLC are used to secure the loan from the FRBNY and the amount provided by U.S. Treasury as credit protection to the FRBNY.

The FRBNY is the managing member of CPFF II LLC. Consistent with generally accepted accounting principles, the assets and liabilities of the CPFF II LLC have been consolidated with the assets and liabilities of the FRBNY in the preparation of the statements of condition shown on this release. As a consequence of the consolidation, the loan from the FRBNY to CPFF II LLC is eliminated, the net assets of the CPFF II LLC appear as assets on the previous page (and in table 1 and table 4), and the liabilities of the CPFF II LLC to entities other than the FRBNY, including those with recourse only to the portfolio holdings of the CPFF II LLC are included in other liabilities in this table (and table 4).
