CONDITION OF MEMBER BANKS IN LEADING CITIES

Aggregate increases of \$178,000,000 in investments, in connection with the allotment on January 15 of a new issue of \$366,982,000 of Treasury notes, accompanied by an increase of \$113,000,000 in Government deposits, are shown in the Federal Reserve Board's weekly consolidated statement of condition of January 17 of 781 member banks in leading cities.

Of the total increase in investments, \$148,000,000 is shown for Victory and Treasury notes. Loans and discounts went up \$17,000,000, an increase of \$25,000,000 in loans secured by stocks and bonds being offset in part by a reduction of \$8,000,000 in loans secured by Government obligations. Only a nominal change is shown for other loans and discounts. Member banks in New York City report an increase of \$61,000,000 in their holdings of Government securities, as against reductions of \$2,000,000 in other security investments and of \$10,000,000 in loans and discounts.

Borrowings of the reporting institutions from the Federal reserve banks show a slight increase from \$289,000,000 to \$291,000,000, the ratio of these borrowings to their total loans and investments continuing unchanged at 1.8 per cent. Member banks in New York City report an increase from \$123,000,000 to \$140,000,000 in their accommodation at the local reserve bank, and from 2.3 to 2.6 per cent in the ratio of accommodation. This increase goes hand in hand with a reduction of \$32,000,000 in demand deposits.

Reserve balances of all reporting institutions show a decline of \$39,000,000, and cash in vault - a decline of \$27,000,000. Corresponding changes for the New York City banks comprise reductions of \$59,000,000 in reserve balances and of \$7,000,000 in cash on hand.

Following is a statement of changes in the principal assets and liabilities on January 17, 1923, as compared with a week and a year ago:
