St. 3821 Federal Reserve Board, November 30, 1923.

CONDITION OF MEMBER BANKS IN LEADING CITIES

An aggregate reduction of \$118,000,000 in demand deposits, accompanied with declines of \$45,000,000 in loans and investments and of \$37,000,000 in accommodation at the Federal Reserve Banks, is shown in the Federal Reserve Board's weekly consolidated statement of condition on November 21 of 767 member banks in leading cities. Loans and discounts decreased by \$31,000,000; declines of \$15,000,000 in loans on U. S. Government securities and of \$63,000,000 in all other, largely commercial, loans and discounts being offset in part by an increase of \$47,000,000 in loans on comporate stocks and bonds. Investments of all reporting banks show a reduction of \$14,000,000, declines of \$17,000,000 in U. S. bonds, \$11,000,000 in Treasury notes and \$8,000,000 certificates of indebtedness, being partly offset by an increase of \$22,000,000 in other bonds, stocks and securities.

Loans and discounts of member banks in New York City declined \$24,000,000; loans secured by U. S. Government obligations decreased \$12,000,000 and all other, largely commercial loans and discounts, - \$44,000,000, while loans secured by corporate stocks and bonds increased \$32,000,000. Investments of these banks declined \$22,000,000, the larger decrease of \$28,000,000 in U. S. Government securities being partly offset by an increase of \$6,000,000 in other bonds, stocks and securities.

Demand deposits (net) show declines in most of the Federal reserve districts. The New York district shows a decrease of \$31,000,000, Chicago - \$30,000,000, Boston \$23,000,000, and San Francisco - \$14,000,000. Government deposits of all reporting members decreased \$18,000,000 and time deposits - \$6,000,000.

Reserve balances of all reporting member banks show a decline of \$15,000,000 and cash in vault a decline of \$9,000,000. Member banks in New York City report an increase of \$7,000,000 in reserve balances and a decline of \$2,000,000 in cash.

Borrowings from the Federal reserve banks of all reporting institutions show a reduction for the week from \$504,000,000 to \$467,000,000, or by \$37,000,000, as compared with a reduction of \$32,000,000 in the borrowings of member banks in New York City.

Following is a statement of changes in the principal assets and liabilities of reporting members, as compared with a week and a year ago:
