*Effective June 9, 1966, balances accumulated for payment of personal loans were reclassified for reserve purposes and are excluded from time deposits reported by member banks. The estima ted amount of such deposits at all commercial banks ( $\$ 1,140$ million) is excluded from time deposits adjusted thereafter. p - Preliminary.
NOTE: Money supply consists of (1) demand deposits at all commercial banks, other than those due to domestic commercial banks and the U.S. Government, less cash items in process of collection and Federal Reserve float; (2) foreign demand balances at Federsl Reserve Banks; and (3) currency outside the Treasury, the Federal Reserve and the vaults of all comercial banks. Time deposits adjusted are time deposits at all comercial banks other than those due to domestic commercial banks and the U.S. Government
