N.A. - Data not available.

1. Estimates are based on data collected by the Federal Reserve from a stratified random sample of about 550 banks and 90 mutual savings banks.

2. Super NOW accounts are NOW accounts containing an agreement between depositor and depository such that, provided certain conditions--including a \$2,500 minimum balance--are met, some or all funds deposited are eligible to earn more than 5.25 percent.

3. 7- to 31-day money market certificates are nonnegotiable time deposits that require a minimum daily balance of \$20,000, but less than \$100,000, and have an original maturity or required notice period of at least 7 days but no more than 31 days. The maximum permissible rate of interest is tied to the discount yield (auction average) on the most recently issued 91-day Treasury bill.

4. 91-day money market certificates are negotiable or nonnegotiable time deposits issued in denominations of at least \$7,500, but less than \$100,000, with original maturities of exactly 91 days for which the maximum permissible rate of interest on new deposits is tied to the discount yield on the most recently issued 91-day (13-week) Treasury bill (auction average).

5. 6-month money market certificates (MMCs) are nonnegotiable time deposits in denominations of \$10,000, but less than \$100,000, with original maturities of exactly 26 weeks for which the maximum permissible rate of interest on new deposits related to the discount yield on the most recently issued 6-month Treasury bill (auction average).

6. This category includes all 4-year and over variable ceiling accounts having no legal minimum denomination issued between July 1 and December 31, 1979 and all 2-1/2 year and over variable ceiling accounts issued since January 1, 1980.

7. Ceiling-free time deposits are all negotiable or nonnegotiable time deposits in denominations of less than \$100,000 with original maturities of 3-1/2 years or more that were authorized beginning May 1, 1982. Excludes IRA/Keogh accounts.

8. All IRA/Keogh Plan time deposits regardless of size, type of instrument in which held, or interest rate paid.

9. Retail repurchase agreements are in denominations of less than \$100,000 with maturities of less than 90 days that arise from the transfer of direct obligations of, or obligations fully-guaranteed as to principal and interest by, the U.S. Government or an agency thereof.

NOTE: See table 1.16 in the Federal Reserve Bulletin for regulatory ceiling rates on specific account categories.
