1. Current monthly seasonal factors are derived using an X-11/ARIMA-based procedure.

2. Alternative monthly seasonal factors are derived using an experimental model-based procedure. This procedure uses a combination of statistical regression and time series modeling techniques to construct seasonal factors that are more sensitive than the current factors to unique characteristics of each series. These characteristics include fixed and evolving seasonal patterns, trading day effects, within-month seasonal variations, holiday effects, outlier adjustments, special events adjustments, and serially correlated noise components.

N.A. - Data not available.

- Estimates are based on data collected by the Federal Reserve from a stratified random sample of about 350 banks and 90 mutual savings banks.
- Super NOW accounts are NOW accounts containing an agreement between depositor and depository such that, provided certain conditions—including a \$2,500 minimum balance—are met, some or all funds deposited are eligible to earn more than 5.25 percent.
- Money market deposit accounts (MMDAs)—Deposits with a \$2,500 initial and average balance requirement, no required minimum maturity but institutions most reserve the right to require at least seven day's notice prior to withdrawal, no restrictions on depositor eligibility, or limitations on the amount of interest that may be paid unless the average balance falls below \$2,500 during which period the NOW account rate ceiling applies; such accounts may allow up to six transfers per month, no more than three of which may be draft and may permit unlimited withdrawals by mail, messenger, or in person. Estimates for this category of deposits are based on data collected by the Federal Reserve from weekly deposit reports submitted by about 10,500 commercial banks and 400 mutual savings banks.
- 7- to 31-day money market certificates are nonnegotiable time deposits that require a minimum daily balance of \$2,500, but less than \$100,000, and have an original maturity or required notice period of at least 7 days but no more than 31 days. The maximum permissible rate of interest is tied to the discount yield (auction average) on the most recently issued 91-day Treasury bill.
- 91-day money market certificates are negotiable or nonnegotiable time deposits issued in denominations of at least \$2,500, but less than \$100,000, with original maturities of exactly 91 days for which the maximum permissible rate of interest on new deposits is tied to the discount yield on the most recently issued 91-day (13-week) Treasury bill (auction average).
- 6-month money market certificates (MMDs) are nonnegotiable time deposits in denominations of \$2,500, but less than \$100,000, with original maturities of exactly 26 weeks for which the maximum permissible rate of interest on new deposits related to the discount yield on the most recently issued 6-month Treasury bill (auction average).
- This category includes all 4-year and over variable ceiling accounts having no legal minimum denomination issued between July 1 and December 31, 1979, all 2-1/2 year and over variable ceiling accounts issued between January 1, 1980, and March 31, 1983, and all 1-1/2 year variable ceiling accounts authorized beginning April 1, 1983.
- Ceiling-free time deposits are all negotiable or nonnegotiable time deposits in denominations of less than \$100,000 with original maturities of 3-1/2 years or more that were offered between May 1, 1982, and March 31, 1983, and all 2-1/2 year ceiling-free time deposits authorized beginning April 1, 1983. Excludes IRA/Keogh accounts.
- All IRA/Keogh Plan time deposits regardless of size, type of instrument in which held, or interest rate paid.
- Retail repurchase agreements are in denominations of less than \$100,000 with maturities of less than 90 days that arise from the transfer of direct obligations of, or obligations fully-guaranteed as to principal and interest by, the U.S. Government or an agency thereof.

NOTE: See table 1.16 in the Federal Reserve Bulletin for regulatory ceiling rates on specific account categories.
