Until the end of September 1983 data were collected concerning specific indexed-ceiling and ceiling-free deposit accounts. Effective October 1, 1983, the DIDC deregulated time deposits, and this survey now provides information on all small interest-bearing time deposits by maturity category. The data more static for the end of detable are not directly constrained to execute data sublished providently but presented for the end of October are not directly comparable to specific account data published previously, but
