NOTE: The lower panel of this table presents data for both mutual and FDIC-insured federal savings banks.

1. Estimates are based on data collected by the Federal Reserve from a stratified random sample of about 490 commercial banks and 80 savings banks.

2. NOW and MMDA account rates are reported as simple annual rates.

3. Savings deposits exclude MMDAs. The savings deposit rates are reported as simple annual rates.

4. With the exception of the 7-31 and 32-91 day deposit rates, which are reported as simple annual rates, time deposit rates are annual effective yields reflecting the method of compounding reported by the individual institutions.

^{5.} All IRA/Keogh Plan time deposits regardless of size, type of instrument in which held, or interest rate paid.
