

May 1998

MONEY STOCK REVISIONS

The attached historical data on the money stock reflect revisions from the annual benchmark and seasonal factor review. Monthly data for most items are shown from 1959 to present, and weekly figures for M1 and its components are shown from 1975 to present. Weekly figures for M2 and M3 are shown only for the period from 1981 to present, although weekly data for some individual components of the broader aggregates are shown for earlier years as well. Weekly data are based on weeks ended on Monday. No data prior to 1975 have been constructed on the week-ended Monday basis.

The revisions due to the benchmark and seasonal review had no effect on the annual growth rates of M2 and M3 over 1997, but they raised the annual growth rate of M1 by 0.1 percentage point over 1997.

The benchmark incorporated minor revisions to data reported on the weekly and quarterly deposit reports, and it took account of deposit data from call reports for banks and thrifts that are not weekly or quarterly deposit reporters. These revisions to deposit data started in 1994. The benchmark also incorporated historical data for a number of money market mutual funds that began reporting for the first time during 1997, raising the level of M3 over the years by amounts that cumulate to \$18 billion by mid-1997.

Seasonal factors for the monetary aggregates were revised, using the benchmarked data through December 1997. As in the past few years, the X-11 ARIMA procedure was used to derive monthly seasonal factors. Overall, the revisions to seasonal factors slightly lowered the growth rates of M1 and M3 in the first half of 1997 and raised the growth rate of M3 in the second half of the year.

Historical data for the monetary aggregates and their components are available each week via the web site for the Federal Reserve Board (<http://www.bog.frb.fed.us>) and also from the Economic Bulletin Board of the U.S. Commerce Department. Call (202) 482-1986 or toll-free (800) 782-8872 for information on how to access the Commerce bulletin board.
