p - Preliminary.

NOTE--Money supply consists of (1) demand deposits at all commercial banks, other than those due to domestic commercial banks and the U. S. Government, less cash items in process of collection and Federal Reserve float; (2) foreign demand balances at Federal Reserve Banks; and (3) currency outside the Treasury, the Federal Reserve and the vaults of all commercial banks. Time deposits adjusted are time deposits at all commercial banks other than those due to domestic commercial banks and the U. S. Government.
