Note.--Figures for prior dates not entirely comparable with current data because of changes effective: (1) December 1959, amounts due Federal Reserve Banks represented by outstanding drafts, etc., estimated at approximately \$400 million in early December and to range seasonally between \$250 and \$600 million, were excluded from deposits and included with other liabilities; (2) August 1959, nonmember commercial banks in Hawaii with total deposits of \$365 million were added to the series; and (3) during the year in the reclassification of member banks.
