r--Revised.

\* In using year ago comparisons for the weeks ending July 3 and July 10 allowance should be made for the fact that in observance of Independence Day holiday store closings this year occurred in the week ending July 10 whereas last year they occurred in the previous week.

\*\* Data not available.

# The large increases shown for these weeks reflect in part the fact that sales last year were reduced because of a curtailment in public transportation service.
