r--Revised.

^{1/} During March changes from a year ago reflect in part the fact that last year Easter was on March 28 while this year it will be on April 17. For this reason it is estimated that in comparison with last year allowance should be made for a decrease in sales of about 6 per cent for the month of March as a whole.

* The large decrease shown for this week reflects in part the fact that sales were reduced because of a curtailment in public transportation service in the City of Philadelphia.

** Data not available.
