\*\* Data not available.

1/ During March and April changes from a year ago reflect in part the fact that last year Easter was on April 17 while this year it was on April 9. For this reason it is estimated that in comparison with last year allowance should be made for an increase in sales of about 2 per cent for the month of March as a whole and for a corresponding decrease for the month of April as a whole.

\* Changes from a year ago reflect in part the fact that Mother's Day was on May 14 this year while in 1949 it was on May 8.
