r--Revised.

c--Corrected.

*Not available.

1/ During April changes from a year ago reflect in part the fact that last year Easter was on April 17 while this year it was on April 2. For this reason it is estimated that in comparison with last year an allowance should be made for a decrease in sales of about 8 per cent for the month of April as a whole. This allowance applies to the figures for the United States.
