NSA--Not Seasonally Adjusted.

SA--Seasonally Adjusted.

n.a.--Not Available.

- Includes required reserves against Euro-dollar borrowings and bank-related commercial paper. Reserves Available to Support Private Nonbank Deposits are required reserves for private demand deposits, total time and savings deposits, nondeposit sources subject to reserve requirements and excess reserves. Reserve aggregates reflect the change in Regulation D effective November 9, 1972, which reduced required reserves by about \$3.2 billion. Per cent annual rates of growth for required reserves and other reserve aggregates have been adjusted to remove the effect of this structural change.
- Adjusted to include certain reserve deficiencies on which penalties can be waived for a transition period in connection with bank adaptation to Regulation J as amended effective November 9, 1972. The adjustment amounted to \$450 million from November 9 to December 27, 1972; \$279 million from December 28, 1972 to March 28, 1973, and \$172 million thereafter.
- Includes member bank deposits, bank-related commercial paper, Euro-dollar borrowings of U.S. banks, and certain nondeposit items.
- On April 4 bank-related commercial paper amounted to \$3,514 million.
- Average of range of offering rates of negotiable certificates of deposit with 3-month maturity in second market.
- Daily average yield on 20-year bonds. Source: U.S. Treasury.
- NSA is all percentage changes are at seasonally adjusted annual rates, not compounded.
