1 Includes required reserves against deposits at member banks and Edge Act corporations; against bank related commercial paper; and marginal reserves against selected borrowings of member banks, Edge Act corporations and agencies and branches of foreign banks. Effective July 24, 1980 the 5 percent marginal reserve requirement on managed liabilities and the 2 percent supplementary reserve requirement against large time deposits was removed. These actions reduced required reserves about \$3.2 billion.

2 Includes total reserves (reserve balances of member banks, Edge Act corporations and agencies and branches of foreign banks in the current week and vault cash held two weeks earlier); currency outside the U.S. Treasury, Federal Reserve banks and the vaults of commercial banks; and vault cash of nonmember banks.

3 Reserve aggregates series have been adjusted to remove discontinuities associated with marginal reserve requirements and changes in other reserve requirement regulations.

4 On November 5, 1980 bank-related commercial paper outstanding was \$24,513 million.

5 Yield at 20-year constant maturity. Source: U.S. Treasury.

NOTE: All percentage changes are at seasonally adjusted annual rates, not compounded.
