1/ Figures are predominately for late model used cars but include d ta from a few banks for all used cars.

NOTE: Distributions are based on tabulations of data from 135 banks for August and September and are not intended to be estimates for all commercial banks. In September reports covered about 29,000 contracts on new cars, 20,000 purchased and 9,000 direct, and 21,000 contracts on used cars, 14,000 purchased and 7,000 direct. Since composition of the group of banks changes from month to month, data are not comparable with previous releases.

For distribution according to maturities and contract balance as a percentage of dealer cost, see following pages.
