1/Figures are predominately for late model used cars but include data from a few banks for all ueed cars.

NOTE: Distributions are based on tabulations of data from 141 banks for January and February and are not intended to be.estimates for all commercial banks. In February reports covered about 19,000 contracte on new cars, 13,000 purchased and 6,000 direct, and 21,000 contracts on used cars, 13,000 purchased and 8,000 direct. Since composition of the group of banks changes from month to month, data are not comparable with previous releases.

For distribution according to maturities and contract balance as a percentage of dealer cost, see followlng pages.

1/ Contract balance does not include finance and insurance charges.
2/ Wholesale value represents "average wholesale," "as is," "or buying value" as indicated by used car guides.

NOTE: Distributions are based on tabulations of data from 92 banks for January and February and are not intended to be estimates for all commercial banks. In February reports covered about 11,000 contracts on used cars, 7,000 purchased and 4,000 direct. Since composition of the group of banks changes from month to month, data are not comparable with previous releases.
