1/ Figures are predominantly for late model used cars but include data from a few banks for all used cars.

Note:--Iistributions are based on tabulations of data from 123 banks for August and September and are not intended to be estimates for all commercial banks. In September, reports covered about 32,000 contracts on new cars, 23,000 purchased and 9,000 direct, and 24,000 contracts on used cars, 16,000 purchased and 8,000 direct. Data are not comparable with previous releases since composition of the group of banks changes from month to month.

For distribution according to maturities and contract balances as a percentage of dealer cost see following pages.

DEALER COST RATIOS AND MATURITIES ON AUTOMOBILE INSTALIENT LOANS

1/ Contract balance does not include finance and insurance charges.

* Less than one-tenth of one per cent.

NOTE:--Distributions are based on tabulations of data from 68 banks for August and September and are not intended to be estimates for all commercial banks. In September, reports covered about 17,000 contracts on new cars, 14,000 purchased and 3,000 direct. Data are not comparable with previous releases since composition of the group of banks changes from month to month.

Details may not add to totals because of rounding.

1/ Contract balance does not include finance and insurance charges.
2/ Wholesale value represents "average wholesale," "as is," or "buying value" as indicated by used car guides.

NOTE:--Distributions are based on tabulation of data from 64 banks for August and September and are not intended to be estimates for all commercial banks. In September, reports covered about 13,000 contracts on used cars, 9,000 purchased and 4,000 direct. Data are not comparable with previous releases since composition of the group of bank changes from month to month.
