NOTE: Data exclude domestic interbank loans. Consumer and "other loans" were partly estimated for all dates. Other data are partly estimated on all but June and December call dates.

1/ Beginning June 9, 1966, \$1.1 billion of balances accumulated for the payment of personal loans were deducted from time deposits and "all other" loans.

2/ Beginning June 30, 1966, about \$1 billion of participation certificates previously included in agricultural and "all other" loans were reclassified as "other securities".

3/ Data revised beginning June 1969, to include all bank premises subsidiaries and other significant majority-owned domestic subsidiaries.

4/ Real estate loans decreased by \$500 million on December 31, 1969, and loans to nonbank financial institutions increased by \$500 million due to change in method of reporting mortgage loans held under repurchase agreements.

5/ Beginning June 1972, business loans were reduced by \$400 million, nonbank financial institutions increased by \$300 million, and "other" loans increased by \$100 million as the result of loan reclassifications at one large bank.

6/ Beginning June 30, 1974, data revised to include one large mutual savings bank which merged with a nonmember commercial bank. Total loans and investments were increased by about \$600 million of which \$500 million were in loans and \$100 in "other securities."

<u>1</u>/ Beginning October 31, 1974 as the result of the liquidation of one large bank, total loans were reduced by \$1.0 billion; business by \$0.6 billion; real estate loans by \$0.2 billion; nonbank financial loans by \$0.2 billion; and "other securities" by \$0.5 billion. However, business loans were increased and real estate loans reduced by \$0.1 billion as the result of loan reclassifications at one large mideastern bank.

8/ Beginning March 31, 1976, as the result of loan reclassifications business loans were reduced by \$1200 million, real estate loans increased by \$800 million; and nonbank financial by \$200 million, and all other by \$200 million.
