## Monthly Business Statistics

The data here are a continuation of the statistics published in the 1949 Statistical Supplement to the Survey of Current Business. That volume (price $1.25) contains monthly data for the years 1945 to 1948, and monthly averages for earlier years back to 1935 insofar as available; it also provides a description of each series and references to sources of monthly figures prior to 1945. Series added or revised since publication of the 1949 Supplement are indicated by an asterisk (*) and a dagger (†), respectively, the accompanying footnote indicating where historical data and a descriptive note may be found. The terms "unadjusted" and "adjusted" used to designate index numbers and dollar values refer to adjustment of monthly figures for seasonal variation.

Data subsequent to January 1951 for selected series will be found in the Weekly Supplement to the Survey.
