

National Data

A. Selected NIPA Tables

The tables in this section include the most recent estimates of gross domestic product and its components; these estimates were released on November 27, 1996 and include estimates for the third quarter of 1996 that are "preliminary."

The selected set of NIPA tables shown in this section presents quarterly estimates, which are updated monthly. In most tables, the annual estimates are also shown. (Some of the lines in tables 1.10 and 1.16 are not yet available and are shown as leaders; they will be shown in a forthcoming issue.) These tables are available electronically on the day of the gross domestic product (GDP) news release by subscription from STAT-USA's Economic Bulletin Board and Internet services; for information, call (202) 482-1986. The tables are also available on printouts or diskettes; for subscription information, write to the National Income and Wealth Division (BE-54), Bureau of Economic Analysis, Washington, DC 20230 or call (202) 606-9700.

For a guide to which issues of the SURVEY contain the complete set of NIPA tables for the period 1991-96, see the headnote and list of tables that appeared on pages 15-17 of the August 1996 issue.

NOTE.—The "Selected NIPA Tables" are prepared by the National Income and Wealth Division and the Government Division.

NOTE.—Chained (1992) dollar series are calculated as the product of the chain-type quantity index and the 1992 current-dollar value of the corresponding series, divided by 100. Because the formula for the chain-type quantity indexes uses weights of more than one period, the corresponding chained-dollar estimates are usually not additive. The residual line is the difference between the first line and the sum of the most detailed lines.

Percent changes from preceding period for selected items in this table are shown in table 8.1; contributions to the percent change in real gross domestic product are shown in table 8.2.

C. Historical Tables

Table C.1 is derived from the "Summary National Income and Product Series" tables that were published in the January/February 1996 SURVEY OF CURRENT BUSINESS; the other tables are derived from NIPA tables published in that issue. All the tables in this section include revised data for 1993–96 from the annual revision of the NIPA's published in the August 1996 SURVEY.
